Rev. Dr. Goodspeed,

Rev. and dear Bro.

I send herewith an autograph copy of the hymn "America," for preservation among the curios of the Chicago University. I hope it may find a welcome place on the scrolls of some room in the University as an inspiration to patriotism, and a fitting expression of that love of country, which may it ever be among the aims of the University to awaken and foster.

Fraternally yours,

S. J. Smith.
