November 25 and 26, 1910
Cleveland, Ohio

5441 W. Ohio St.
Chicago, Ill., Jan. 22, 1916

President Harry Pratt Judson
The University of Chicago

Dear Sir: Your address welcome to the Central Association of Science and Mathematics Teachers held last November at the University of Chicago contained so many suggestions of value to science and mathematics teachers that the Association desires to publish it in the volume of Proceedings now in preparation. We have had our stenographer transcribe a copy which I submit for your correction and approval before publication.

May I request a prompt return of the manuscript.

Very truly yours,

James H. Smith.
January 26, 1910.

Dear Sir:

Your favor of the 22nd inst., with enclosure, received. Herewith I am returning the copy. As the matter has become somewhat cold, I am not at all sure my corrections are right. However, perhaps it will hang together.

Very truly yours,

[Signature]

Enclosure.
