I just come only to hand the following to you. I note your suggestion with regret to the matter of the trip to Offenbach, and I appreciate that it would not be possible to change the date. I will give me much pleasure to do one of the boys, and I am now planning my plans with that in view. Unless some very important game will be held the Great Pleasure of receiving your communication. We will have the regret that we will only have the afternoon of the 18th and possibly not until the next morning. I cannot feel certain for a very old hand of course as soon as I know I will inform you.

Of course as soon as I get back to the 18th and must therefore keep my hand on the 18th and must therefore keep my hand on the 18th of course I shall be obliged to be back in Chicago as soon as practicable. I shall hear from you as soon as practicable as much as your 18th hospitality as possible. I appreciate very much your general courtesy.

The enclosed small matter is what we usually give to the Convocation orator. In the present case I am sending it not as to the Ambassador but as to Mr. Bryce, and as no means by way of compensation for his service, but simply to make sure of covering such incidental expenses as you must have incurred by favoring us so kindly at our Convocation.

My dear Mr. Bryce:—

My friend, Professor James Taft Hatfield, Head of the German Department in Northwestern University, Evanston, Illinois, is planning to spend the spring in England. For some time in April he means to be in London. He is a fellow member with me of the Cliff-Dwellers club in Chicago, a club comprising artists, musicians, literary men and the like. I should like very much to secure him a card to some suitable club in London, but have not sufficient acquaintance there to act directly in the matter. I am wondering if it would be trespassing too much upon your crowded time to ask if you could do something in this direction. Certainly I should greatly appreciate it.

With cordial regards for Mrs. Bryce as well as yourself, I am,

Very truly yours,

become a part of some symphonic club in London, but have not

Dear President Judson,

Please let me introduce to you my friends Colonel James, who is the Military Attaché of this Embassy, and Mrs. James and Mr. Shuttleworth. The two latter are the daughter and son of Lord Shuttleworth, whose name is doubtless known to you as an English public man who has taken an active and useful part in educational movements in England. I have told them that they ought not to leave Chicago without seeing your magnificent University, and I hope it may be their good fortune to find either you or some experienced member of the Faculty, who will be good enough to give them some information about the University and allow them to see the buildings.

Commending myself to your friendly recollection

My dear Mr. Bryce:—

The Western Economic Society is planning an important meeting at Chicago which will be devoted especially to the question of the reciprocity arrangement between the United States and Canada. The Society itself is non-partisan, but comprises men of substance in Chicago and vicinity who are seriously interested in economic questions as such. I think that if Mr. Taft can see his way to take part in the discussions there will be an important contribution to the good cause. The matter will be greatly facilitated if you can see your way to be here at the same time, and to add your word. As the occasion is strictly scientific and in no sense involves politics it would seem to me that you would not find it embarrassing. You know the weight which you have with all our citizens, and this seems to me an especially timely occasion.

Trusting that we may see you and hear you at the time indicated,

I am,

Very truly yours,

H. P. Judson
The Western Economic Society is planning an important meeting at Chicago which will be devoted especially to the question of the agricultural movement between the United States and Canada. The Society is fully non-partisan, and conference men of importance in Chicago and vicinity who are especially interested in economic questions are invited.

I think upon the subject as such a way to take part in the agricultural question which will be an important one in connection to the good cause. The matter will be greatly facilitated if you can see your way to be here at the same time and to help your work. As the occasion is strictly scientific and not one in which partisan or professional political influence is wanted, you know the meeting which has promised will not be a session of that kind.

Therefore if we can see you and your voice at this time indicated,

I am,

Very truly yours,

My dear Mr. Bryce:

One of the penalties of being an alumnus of an educational institution is the liability to be called on to render a service to it. In a few days now one of the trustees, the Hon. Jesse A. Baldwin, Judge in the Appellate Court in the State of Illinois, is leaving for a stay in England. While in London he will, I know, be greatly interested in the courts, and if it would be convenient and practicable for you to give him a note of introduction to Lord Alverstone or to whichever of the Justices you may think proper I am sure that both he and the University would highly appreciate it. Please remember me cordially to Mrs. Bryce, and believe me,

Very truly yours,

One of the benefits of being in a position of
importance is the opportunity to help on occasion.

I am aware that one of the questions you
have raised is:

"Are all the applications I have submitted in the State of
Iowa, as I understand it, valid and legal?"

I believe I can help you with that. If you have
any questions or concerns, feel free to reach out.

Yours sincerely,

My dear President,

As you know it is always a pleasure to me to come to Chicago and your invitation is an attractive one. But I must not venture to make any engagements for a date so distant as February next for I cannot tell where I may have to be then or whether it would be possible for me at that time to leave Washington.

Believe me,

Very sincerely yours,

Dear Mr. Bryce:

Your favor of the 14th inst. is at hand. I am sorry that you cannot make the engagement in question for many reasons. It is a very important occasion. The circumstances this year are such that we are extremely anxious to have some prominent representative of the British Empire. If it seems impossible for you to make the engagement would you think it possible for Mr. Laurier to come? I understand that he has just returned from England. I should not wish to write to him excepting through yourself. He would have a warm welcome in Chicago, and the Union League platform affords an occasion for an address which would be virtually delivered to the entire American people. If I should write the invitation to the Premier and send it to you would you feel at liberty to forward it to him with your endorsement?

Cordially yours,

Hon. James Bryce,
Seal Harbor, Maine.

Dear Mr. Prince:

Your letter of the 15th inst. to hand. I am

willing that you can be the acquaintance in that you can

recommend. If you are unable to recommend me, I am

very sorry to hear that we are not in a position to have some

representation of the British Embassy. If it seems impossible for

you to do so, I am sorry that you think it impossible for me

in the course of the negotiation I understand that you are

willing not willing to write to the executive committee now

at the Union League.

I think it would be a great mistake to go to Chicago and the Union League

preference either, as an occasion for an address from myself, which might be attended

effort. I am pleased to the entire American people. If I should write the

invitation to the President and say if I am sure you have read at

period of the European trip to him with your acquaintance?

Cordially yours,

J. J. Hudson

Washington, D.C.

Is it in any way possible that Lord Curzon would be in this country about the middle of June? The Convocation address is to be given by the Secretary of the Treasury.

DAY LETTER

ALL DAY LETTERS TAKEN BY THIS COMPANY SHALL BE SUBJECT TO THE FOLLOWING TERMS WHICH ARE HEREBY AGREED TO

The Western Union Telegraph Company will receive DAY LETTERS, to be transmitted at rates lower than its standard day message rates, as follows: one and one-half times the standard night letter rate shall be charged for the transmission of fifty (50) words or less, and one-fifth of the initial rate for such fifty words shall be charged for each additional ten (10) words or less.

To guard against mistakes or delays, the sender of a message should order it REPEATED, that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeated message rate is charged in addition. Unless otherwise indicated on its face, THIS IS AN UNREPEATED MESSAGE AND PAID FOR AS SUCH, in consideration whereof it is agreed between the sender of the message and this Company as follows:

1. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any UNREPEATED message, beyond the amount received for sending the same; nor for mistakes or delays in the transmission or delivery, or for non-delivery of any REPEATED message, beyond fifty times the sum received for sending the same, unless specially valued; nor in any case for delays arising from unavoidable interruption in the working of its lines; nor for errors in obscure messages.

2. In any event the Company shall not be liable for damages for any mistakes or delay in the transmission or delivery, or for the non-delivery of this message, whether caused by the negligence of its servants or otherwise, beyond the sum of FIFTY DOLLARS, at which amount this message is hereby valued, unless a greater value is stated in writing hereon at the time the message is offered to the Company for transmission, and an additional sum paid or agreed to be paid based on such value equal to one-tenth of one per cent. thereof.

3. The Company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other Company when necessary to reach its destination.

4. Messages will be delivered free within one-half mile of the Company's office in towns of 5,000 population or less, and within one mile of such office in other cities or towns. Beyond these limits the Company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to contract for him for such delivery at a reasonable price.

5. No responsibility attaches to this Company concerning messages until the same are accepted at one of its transmitting offices, and if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the agent of the sender.

6. The Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the message is filed with the Company for transmission.

In further consideration of the reduced rate for this special "DAY LETTER" service, the following special terms are hereby agreed to:

A. DAY LETTERS may be forwarded by the Telegraph Company as a deferred service and the transmission and delivery of such DAY LETTERS is, in all respects, subordinate to the priority of transmission and delivery of regular day messages.

B. DAY LETTERS shall be written in plain English. Code language is not permitted.

C. This DAY LETTER may be delivered by the Telegraph Company by telephoning the same to the addressee, and such delivery shall be a complete discharge of the obligation of the Telegraph Company to deliver.

D. This DAY LETTER is received subject to the express understanding and agreement that the Company does not undertake that a DAY LETTER shall be delivered on the day of its date absolutely and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such a message on the day of its date during regular office hours, subject to the priority of the transmission of regular day messages under the conditions named above.

No employee of the Company is authorized to vary the foregoing.

Dear President Judson,

Your telegram has just reached me. I have no knowledge whatever about Lord Curzon's movements, but should think that the middle of June would not be a time when he would be likely to wish to be absent from England because it is the very time when Parliament is most occupied by public business and as you are aware there are a good many questions of interest and importance likely to come on in the ensuing session. However, I know nothing at all about his movements or intentions and there is no reason why you should not write and ask him to come if you wish to do so, explaining the necessity of the occasion.

I am,

Very truly yours,
