Your Committee have examined the rules governing membership in the constitutions of the different University Houses, with the exception of Snell House, whose constitution can not be found, and of Lincoln and Washington Houses whose Heads have not reported.

The Committee find that the specific rules are in substantial agreement with the general rules laid down by the University; but as there is in some cases a provision for holding the election later than the tenth week of the quarter, the Committee would recommend striking out from the University rule on Membership the clause, "Election of members takes place not earlier than the sixth week, nor later than the tenth week." (Annual Register, 1898--9, p. 109, sec.3, par. a.)

The Committee would also report that the House Membership seems to be simply a matter of form in the Men's Houses, whose organization has been examined; while in the Women's Houses, it is developing steadily along the lines anticipated by the Council, and is growing to be more and more an influential agency in the personal and social life of the University.

of the university.
Two questions were submitted by the Board to the women officers of
the University, viz:

I. The further consideration of the introduction of women's intercollegiate
fraternities and their adaptation to the house life among the women.

II. The withdrawal of approval from all secret local clubs among the women
and the forbidding of the initiation of women students into these clubs.

The questions were first submitted by the Dean of Women to the Club
of Women Fellows. After prolonged discussion it was declared, by a vote of 13 to
0, I not voting, to be the judgment of the Club that intercollegiate fraternities
are not at present adapted to the life of the women of the University of Chicago.

At a subsequent meeting it was unanimously voted that in the opinion
of the Club of Women Fellows approval should not at present be withdrawn from
the local secret clubs, although the Club considers them as strictly experimental
and therefore urges the Board of Student Organizations to encourage all forms of
association which tend to promote a spirit of unity and democracy and to develop
those qualities which result from cooperative effort.

The action taken by the Club was heartily endorsed by the women of
the faculty and the Dean therefore begs leave to submit that both questions are
answered in the negative by the women officers.

Early in January, 1904, the suggestion was made by Professor George E. Vincent that the ticket-holders in the Men's Commons should organize and elect an advisory committee which should represent the diners in all dealings with the administrative authorities of the Commons and for any other desirable purposes. In accordance with this suggestion a committee on organization was chosen and made the following report on January 18th:

We, the committee appointed to draw up a plan for the organization of the patrons of Hutchinson Hall, submit the following recommendations:

I. We recommend the formation of an Advisory Committee to represent the diners in Hutchinson Hall, said Committee to consist of a president, a secretary, and three other members.

II. The powers and duties of the committee shall be as follows:
1) It shall act as an intermediary between the patrons and the administrative officers of the Commons.
2) It shall have power to investigate cases of misconduct in the Commons and to recommend disciplinary action to the University authorities.
3) It shall have power to take action towards promoting social life in the Commons.
4) It shall have power to call, at its discretion, meetings of the ticket-holders in the Commons.
5) It shall have charge of the nomination and election of its successors.

III. Members of this committee shall be nominated and elected by the holders of tickets in the Commons.
1) Nominations for president, secretary, and the three other members of the Advisory Committee shall be made on the evening of the second

Wednesday of each quarter. The names of the nominees shall be posted in Hutchinson Hall.

2) The election shall take place on the evening of the third Wednesday of each quarter. The election shall be by ballot. The candidates receiving the largest number of votes for president and secretary respectively, and the three highest on the poll for committee-men, shall be declared elected.

The above recommendations were unanimously adopted and the committee was instructed to hold the first election.

At the election held on the evening of January 20, 1904, the following officers were chosen:

President: Mr. J. P. Warren.

Secretary: Mr. H. H. Parker.

Committee-men: Messrs. C. B. Elliott
F. O. Scott
H. B. Watson

The policy which the Advisory Committee is at present following may be sufficiently indicated by the following votes passed at meetings held on January 27th and February 1st:

Resolved: That the Advisory Committee of the Men's Commons wishes to express to Mr. Boylan, the Steward, its confidence in him personally and its approval of his management of the Commons.

Resolved: That the Committee desires to give Mr. Boylan any assistance in its power which may tend to promote the welfare of the Commons, and that the Committee will welcome representations and suggestions from the Steward at any time.

Resolved: That any recommendations the Committee may at any time make to the Steward are intended as friendly suggestions and not as

The Committee also took under consideration the question of promoting social life in the Commons and passed the following resolutions:

Resolved: That, in the opinion of the Advisory Committee, public dinners followed by speeches, as on the occasions of the visit of the Moseley Commission and the football rallies held during the Autumn Quarter, add much to the pleasure of dining in Hutchinson Hall.

Resolved: That the Committee will be pleased to cooperate with the University authorities in arranging for such occasions in the future.

Resolved: That in the opinion of the Committee it is very desirable that dinners to be followed by speeches begin promptly at six o'clock, in order that the regular boarders may not be obliged to wait before being served, and in order that the after-dinner exercises may not infringe too far on the time for study or other evening engagements.

Resolving: That the Committee will be pleased to cooperate with the University staff in arranging for such assistance in the future.

Resolving: That in the opinion of the Committee it is wise to authorize the following: a) The possession of a notebook, b) The possession of a compass, c) The possession of a map, and d) The possession of a photograph.

In order that the location of these articles not be ascertained by mistake, the names of the owners of each article and the location of the articles will be recorded. If any of the above articles are not on the premises at the time the Committee is notified, the Committee will be notified immediately. A report will be made to the Committee at the next meeting.

Mr. A.K. Parker,

The University of Chicago.

dear Mr. Parker:

We have your favor of April 18th regarding the reprinting of Article 12, Student Affairs, from the University Regulations. We would suggest that this be made up in a pamphlet of the size of the Students’ Handbook, with a title page, but no cover. Made up in this way, it would occupy 32 pages and 5000 copies would cost $56.00. This is figuring on getting it up in a cheap form. If desired, a cover could be added at a slight cost.

Very truly yours,

THE UNIVERSITY OF CHICAGO PRESS.

Dear Mr. Parker,

We have your letter of April 20, regarding the transportation of articles for student assistants from the University of Chicago.

We have made arrangements for the transportation of the articles. We will deliver them at the time specified in your letter. The articles will be packed with care and no damage will be done.

Please let me know if there are any other arrangements that need to be made. We have made every effort to ensure that the articles are delivered in a safe and timely manner.

Yours truly,

My dear Mr. Chairman:

In answer to your letter of May 16th, I

wrote to you that I had not paid the fees and work in the

winter quarter, 1906, for this reason: I could not receive the

baccalaureate degree this year for reasons of health, and the

organization of the faculty had been too busy to consider the

matter at present. I am now in good health and am able to

attend classes.

Mr A.K. Parker,

My dear Mr Parker:-

I have your letter addressed to Mr. Vincent, concerning the possibilities of printing the whole of Article 12 of the University regulations in the student Handbook. It seems to me that this would be quite out of the question for several reasons. In the first place it occupies nine whole pages and would swell the Handbook very considerably. In the second place a large portion of it deals with the Graduate Council and other matters which do not concern College students. I shall consult with Mr Vincent as to whether a longer statement can be included in the Handbook, but I do not think anything we could insert would meet the wishes of the Board of Student Organizations.

Very truly yours,

Mr. A. Tricker:

My Dear Mr. Tricker:

I have your letter of inquiry to which I am unable to reply.

Concerning the possibilities of printing the work of Aune in the University of Chicago's Student Handbook. It seems to me that this would entail a great deal of expense for the University. It is true that Aune is a very fine man, but his work does not appeal to me in the way that I may be able to do so for the political and economic students of the University. In the first place, it occupies nine miles beyond any readers. In the second place, it may be that the Handbook would occupy a large portion of it, and with the Graduate Council and other matters, which, however, I hope to concentrate on the college student. I am not concerned with the question of who is to appear in the current management can be included in the Handbook. I am not thinking of any other people, only those who meet the requirements of the Board of Student Organization.

With best wishes,

We, the undersigned fraternities and clubs of the University of Chicago, do hereby petition that the University regulation requiring three majors of work done in residence before the initiation of new members be abolished.

Your recent action abolishing restrictions upon the pledging of freshmen would warrant the granting of freedom in the matter of initiation.

We feel that the prospective member can be sooner brought to a realization of his duty to the University by a more positive relation to his organization than is possible under present conditions.

In presenting this petition for your consideration we trust that you will appreciate the fact that we are sincere in our belief that it is for the best interests of both the University and the organizations.

The Committee recommends that

the accounts of all student organizations and committees, that collect money from the University, public or subscription or the sale of tickets for any purpose, be audited by an officer appointed by the University and that

a general statement of the accounts be published at the option of the Board of Student Organizations in.

Dear Dean Vincent:

As the committee on dramatics for the Board of Student Organizations, I am reporting to you a list of the members of the Women's Suffrage Club who are participants in the performances of this organization. You will note that some of the participants are alumni and that one is an instructor in the University. Are these people eligible? Are the others in the list with academic records eligible?

Dean Geo. E. Vincent,

University of Chicago.
It is with some regret that I have moved to resign my position as Secretary to the President of the University of Chicago. My departure from the University is a consequence of personal reasons. I have held several positions at the University, including that of Secretary to the President, and I have been associated with the University since 1920.

I have had the privilege of working with many distinguished members of the University community and I am grateful for the opportunity to have been a part of the University's history.

I wish you all the best for the future.

Mr. D. A. Robertson,

The Faculty Exchange.

My dear Mr. Robertson:

I think it would be well to arrange for a special meeting of the Board of Student Organizations to discuss the status of the Women's Suffrage play. Certainly, some of the members are ineligible; the participation of others raises questions which the Board ought to decide.

It is a delicate matter. We must not seem to oppose a movement for emancipation, but we must also consider our rules. Could we have a special meeting say about five o'clock on Wednesday?

Yours sincerely,

Mr. D. A. Herbertson,

The Faculty Examinee.

My dear Mr. Herbertson:

I think it would be well to arrange for a special meeting of the Board at the earliest opportunity to discuss the future of the Women's Bulletin. It is important that we should keep the membership informed of the present state of affairs. It is a delicate matter, we must not seem to oppose a movement for amalgamation, but we must also consider our own interests. Can we have a special meeting in any spring time, perhaps on Wednesday?
