CHICAGO, January 19, 1899.

To MAJOR H. A. RUST,

As Comptroller of the University of Chicago.

Dear Sir,

I have examined the title to the following parcels of land:

(a) Block One (1) in Marshall Field's Addition to Chicago, in the East half (1/2) of the Northwest quarter (1/4) of Section Fourteen (14), in Township Thirty-eight (38) North, Range Fourteen (14) East of the Third (3rd) Principal Meridian, in Cook County, Illinois; said Block One (1) being bounded by Fifty-sixth Street on the North, Fifty-seventh Street on the South, Ellis Avenue on the West and Greenwood Avenue on the East.

(b) That part of the East half (1/2) of the Northwest quarter (1/4) of said Section Fourteen (14), Township Thirty-eight (38) North, Range Fourteen (14) East of the Third (3rd) Principal Meridian, described as follows: Commencing at the Northeast corner of Greenwood Avenue and Fifty-seventh Street, thence North Five Hundred and Ninety-seven and Seventy-four One Hundredths (597 74/100) feet more or less along the East line of Greenwood Avenue to the South line of Fifty-sixth Street; thence East along the South line of Fifty-sixth Street Three Hundred and Sixty-one and Thirty-three One Hundredths (361 33/100) feet more or less to the West line of Lexington Avenue; thence South along the West line of Lexington Avenue Five Hundred and Ninety-seven and Seventy-four One Hundredths (597 74/100) feet more or less to the North line of Fifty-seventh Street; thence West along the North line of Fifty-seventh Street Three Hundred and Sixty-one and Thirty-three One Hundredths (361 33/100) feet more or less to the place of beginning, as shown by the following abstracts, viz.:

Handy & Company, dated June 10, 1889.

Handy & Company, dated June 10, 1889.

Security Title and Trust Company, dated January 11, 1892.

and am of opinion therefrom that on said January 11, 1899, the title to said premises was substantially good in fee simple in Marshall Field, subject, however, to the following objections:

Signed Special Assessment Warrant No. 14,749, for $696.14 against said Block One.
Judgment for $50. and costs in favor of the City of Chicago against Marshall Field, January 16, 1892, Criminal Court Case 3838.

Judgment for $50. and costs in favor of the City of Chicago against Marshall Field, January 16, 1892, Criminal Court Case 3833.

Judgment in favor of the City of Chicago against Marshall Field for costs in Appellate Court Case 4383.

Judgment in favor of Stewart W. French against Marshall Field et al, Circuit Court Case No. 151,964, on February 16, 1898, for $7,000. This case has been appealed from and appeal bond filed.

Judgment for costs against Marshall Field in favor of Howard Butcher et al, Circuit Court Case No. 125,105, on June 21, 1898.

Judgment against Marshall Field in favor of the Village of Western Springs for costs, Circuit Court Case No. 186,363, on October 31, 1898. This case was appealed to the Supreme Court and appeal bond filed.

Special Assessment Warrant 12,473 for plank sidewalk on Fifty-seventh Street from Cottage Grove Avenue to Woodlawn Avenue-- $56.27.

Special Assessment, Docket No. 22,735, for cement sidewalk on Fifty-sixth Street from Cottage Grove Avenue to the Illinois Central-- $44.76.

The general taxes for the year 1898.

The rights of any parties in actual possession, if any, not shown of record.

NOTE: I note that Mr. Field was short One and Seventy-eight One Hundredths (1 76/100) feet in the centre of the
tract fronting on Lexington Avenue. An attempt was made to
cure this by the deed from Maria A. O'Connor and husband, dated
April 16, 1869, recorded in Book 2537, page 11. This lady was
formerly Maria A. Wright. But the deed referred to was not
correctly acknowledged. Apparently, however, Mr. Field was
satisfied with it, and it is possible that the defect arises
from a mistake in the recording. I suggest that if the
matter were my own, I would, under the circumstances, be
satisfied if the deed of Mrs. O'Connor and husband were deliver-
ed to me. I could then probably get it re-acknowledged. I
understand she lives in Colorado.

NOTE 2: In 1877 the County Clerk attempted to subdivide
part of the property in question, and marked on the plat of
his subdivision a ten foot alley running from Fifty-seventh
Street to Fifty-sixth Street, and distant One Hundred and
Seventy (170) feet West from Lexington Avenue. The County
Clerk had no right to dedicate other people's property, and
unless this alley was turned out to the public by Mr. Field,
or the Wrights, from whom he acquired title, the alley would
not have any legal existence. I have assumed in my examination
that it never was turned out or used as a public alley. If I
am wrong in this assumption, please let me hear from you.

CITY COUNCIL,
CHICAGO.

Regular Meeting, March 13, 1899.

OFFICIAL RECORD.
Published by authority of the City Council of the City of Chicago, March 17, 1899.

Present—His Honor, the Mayor, and Ald. Coughlin, Cook, Ganther, Alling, Elveh, Ballegen, Jackson, Cloidt, Connor, O'Brien, Martin, Murphy, Fick, Novak, Hurt, Cullerton, Blewer, Duddleston, Colson, Francis, Neagle, Little, Maypole, Ziehn, Bellfuss, Tuite, Raymer, Smulski, Kunz, Walsh, Oberdorff, Brennan, Conlon, Haberkorn, Powers, Alward, Brown, Mangler, Herrmann, Lyman, Olson, Barry, Walker, Hirsch, Griffith, Cannon, Schlake, Kimbell, McCarthy, Bigane, Reichardt, Sproul, Badenoch, Nelson Mayor, Darcy, Bennett (34th ward) and Math.

Absent—Ald. Kenna, Bennett (8th ward), Maitby, Butler, McInerney, Carey, Boyd, and Wlora.

MINUTES.

Ald. Kimbell moved that the minutes of the regular meeting, held March 6th, 1899, be approved without being read.

The motion prevailed.

REPORTS OF CITY OFFICERS.

His Honor, the Mayor, submitted his report of releases from the House of Correction for the week ending March 13, 1899, which was

Placed on file.

ALSO.

The following communication:

MAYOR'S OFFICE,
March 11th, 1899.

To the Honorable, the City Council:

GENTLEMEN—By virtue of the authority conferred upon me, I hereby appoint Albert E. Barr as a member of the Library Board, vice Huntington W. Jackson resigned, and
Respectfully,

Carter H. Harrison,
Mayor.

Ald. Alling moved to concur in the appointment.

The motion prevailed.

Also,

The following communication:

Mayor's Office, March 18, 1890.

To the Honorable, the City Council:

Gentlemen—The Commissioner of Public Works, the City Engineer and City Electrician have gone over the plans of the Central Park Avenue and Springfield Avenue pumping stations with a view to installing electric light plants in connection with the water works, and find that these stations are very well equipped for the installation of an electric light plant in connection therewith.

This arrangement will confine the investment for electric light plants to the purchase of dynamos, engines, and outside equipment, which would cost, based upon the work of last year, about $32,000 for the installation of a light plant in each of the stations referred to, which would provide for and last 2500 lights in the streets, lighting approximately 120 miles of streets. The expense of operating these stations in connection with the water works will not exceed $40 per light per year, or a saving of $36,000 per year for the 1900 lights. This cost is based on the results we are now obtaining from machinery of the class we installed this year, which enables us to produce an indicated horse-power at the remarkably low steam consumption of fifteen pounds per horsepower hour.

The present conditions existing at both of the water works stations referred to are practically the same and the territory that could be reached from these stations is that which is at present not covered by existing plants, and I would suggest the passage of the following order by your Honorable Body, viz:

"Ordered, That the Commissioner of Public Works be and he hereby directed and directed to permit the installation of a light

ning plant of a capacity of 600 lamps each at the Springfield Avenue and the Central Avenue pumping station. Provided, that no additional expenditure be made from the water fund on account of the installation or maintenance of said plants.

Respectfully,

Carter H. Harrison,
Mayor.

Ald. Culter moved its reference to the Committee on Finance.

The motion prevailed.

Also,

The following communication:

Mayor's Office, March 18, 1890.

To the Honorable, the City Council:

Gentlemen—I herewith submit for your information a communication from the President of the Sanitary District of Chicago relative to the erection of a new bridge at Taylor street, and would recommend the passage of the following order in accordance therewith, viz:

"Ordered, That the Commissioner of Public Works be and he hereby directed to see to it that the Taylor street bridge be closed and the traffic on it be suspended pending the erection of a new bridge by the Trustees of the Sanitary District of Chicago.

Respectfully,

Carter H. Harrison,
Mayor.

Chicago, March 18, 1890.

Hon. Carter H. Harrison, Mayor of the City of Chicago:

DEAR SIR:—We have made application to the Secretary of War for the necessary permit under which it may be built the proposed bascule bridge on the line of Taylor street as a substitute for the existing swing bridge. We are advised by Major Marshall that this permit will not issue unless the Secretary of War is assured that the existing bridge and center pier will be removed before work is begun on the new structure. He has already issued a permit for the construction of the railroad bridge south of Taylor street, making provision for a narrow passage for boats during the time said bridge is being constructed. The conditions which will be

March 18.

tain at Taylor street, if it is attempted to build the new structure while maintaining the old, would so obstruct navigation that, as before stated, the permit will not issue unless the old structure is removed. Of course, removing the bridge necessitates the closing of the traffic on Taylor street during its construction.

Respectfully,

William Holden, President.

Ald. Culter moved its reference to the Committee on Finance.

The motion prevailed.

Also,

The following communication:

Mayor's Office, March 18, 1890.

To the Honorable, the City Council:

Gentlemen—I submit herewith for your information a communication from the Commissioner of Public Works and the City Engineer relative to accident at North Halsted street bridge, and would suggest that same be referred to the Committee on Judiciary and acted upon immediately.

Respectfully,

Carter H. Harrison,
Mayor.

DEPARTMENT OF PUBLIC WORKS,
CHICAGO, March 18, 1890.

Hon. Carter H. Harrison, Mayor:

DEAR SIR:—I transmit herewith letter of the City Engineer, calling attention to an accident which was barely averted at the North Halsted street canal bridge, and requesting that an ordinance be passed requiring all cars to stop within 100 feet of the bridge. I would concur in the suggestion, but I believe 50 feet would be sufficient for all purposes of safety, and a better working distance.

Yours truly,

L. E. McGany,
Commissioner.

SUBJECT: ACCIDENT AT NORTH HALSTED STREET CANAL BRIDGE,
March 11th, 1890.

Hon. L. E. McGany, Commissioner of Public Works:

DEAR SIR—Thursday evening, March 9th, at 6:30, while the North Halsted Street Canal bridge was open to allow the tug "Robert Durham" to go through, car No. 128 of the North Chicago Street R. Co. conductor No. 650, came south at such a high rate of speed that the motorman in charge could not stop until the front wheels of the car went over the approach, putting the lives of forty or more people in imminent peril.

I beg to state that last May we had an accident similar to this at Lake street bridge, when one of the cars of the West Chicago street R. Co. went through the guard chain. At that time, Mr. White, the Superintendent of Bridges, notified Mr. Roach, Vice President of the company, and requested him to instruct his men to approach the bridges at a slower rate of speed. Mr. Roach answered the letter, thanking him for the suggestion and promising to instruct his men in accordance therewith. Whether he has instructed them or not, it would seem that the instructions have done no good, for the cars of the West and North Chicago lines approach all the bridges they cross at a very dangerous and high rate of speed.

I believe that an ordinance should be passed by the City Council compelling all electric cars or trains to come to a stop about 100 feet from the bridge, and the conductors should ascertain if everything is all right before signaling to go on.

Yours truly,

John Erikson,
City Engineer.

Which was referred to the Committee on Judiciary.

The City Attorney submitted the following communication:

March 18th, 1890.

To the Honorable, the Mayor and City Council:

Gentlemen—I have the honor to report that pursuant to the resolution of the City Council passed at the regular meeting on the 6th instant, directing me to make proper defense in the proceeding for the writ of mandamus instituted by the People's Gas, Light and Coke Company against your Honorable Body to compel the inclusion in the appropriation ordinance for the fiscal year 1890 of two certain judgments obtained by said company against the city, aggregating the sum of $171,836.11. I have examined the said proceeding and found that in said proceeding a
general demurrer to the petition of said company was filed by the Corporation Counsel, and that on the 6th inst., the day of the passage of said resolution, said demurrer was overruled by the Circuit Court of Cook County (Judge Gibbons), the said gas company's petition taken as confessed, and a peremptory writ of mandamus ordered to be issued pursuant to the prayer of said petition. That order is the final judgment of said Circuit Court in said proceeding, and unless an appeal therefrom be taken, or a writ of error be sued out thereon, the said peremptory writ of mandamus must be obeyed by your Honorable Body.

You will perceive from the foregoing that the peremptory writ had issued when the resolution aforesaid was passed, and, therefore, that no defense was interposable to me.

I further report that the said resolution and a copy of the said writ of mandamus were brought to this department on the 14th inst., and not earlier.

I respectfully suggest that if your Honorable Body is desirous of contesting the legality of the order of the Circuit Court in awarding the said peremptory writ of mandamus, the only effective means of doing so is by appeal or writ of error.

I further respectfully report that in each of the suits in which the judgments aforesaid were respectively entered, a pleading was filed on behalf of the city by the Corporation Counsel conceding that the city was actually indebted to the gas company in the amount claimed in the complaint, but the affixit of its demand filed with its declaration in the suit.

In the mandamus proceeding these judgments are executory against the city, the fact of the indebtedness for which they were entered.

Awaiting your further direction in the premises, I am

Yours respectfully,

Miles J. Devine
City Attorney.

Ahd. Nenigle moved its reference to the Committee on Judicature.

The motion prevailed.

March 13][1796]

The Corporation Counsel submitted the following communication:

**OFFICE OF THE CORPORATION COUNSEL**

**To the Honorable, the City Council of the City of Chicago:**

**Gentlemen—With reference to your resolution asking in formation as to the steps taken with reference to rehiring in the case recently decided by the State Supreme Court, entitled "City of Chicago vs. Joseph F. Duffy," I beg to say that notice of rehiring has been filed, and a statement of the matters relied upon in the application for such rehiring has been prepared, a copy of which I have forwarded to each member of the City Council.

I am informed that recently the Department of Public Works gave notice to the contractor to proceed with the completion of the work.

In further answer to the resolution offered by Ald. Collerton to the effect that the policy of the Law Department, I beg to say that believing this claim to be entirely unjust, and little less that a deliberate robbery of moneys belonging to the municipality, I propose to defend the city against the imposition to the very fullest extent permitted by law.

It is well to call the attention of the City Council to the fact that this enormous claim against the city of $82,385.32, with its natural resultants, is entirely for that portion of the work within the tunnel which has never been completed, and which no one claims has been completed according to contract, and no part of which has been bribed at all, as required by the contract. Such judgments also include the sum of $6.00 per cubic yard for pretends (but not proved) rock excavation outside of what will be the outer rim of the tunnel proper for a radius of a foot and a half all around, making a space nearly equal to the entire size of the tunnel with its three rings of brick, whereas the Supreme Court in the Weir, McKeehan & Company case (365 Ill.), to construe a contract precisely similar to the Duffy contract, and for another section of the same tunnel, held that the city was not liable for such excavation, and that the compensation for whatever extra space was blasted out, outside of such outer rim, was included in the general price fixed in the contract for the work.

I desire to publicly acknowledge in this matter the great service which has been rendered me by the Mayor, hands of department, and Mr. Thomas J. Sutherland in fighting this case.

One of the most pleasant recollections of this office that I shall take away when I shall have laid down its duties will be the fact that this case has been fought to a finish in spite of attempts at intimidation and exercised of methods by professional men and those in other pursuits which are a disgrace and a shame.

To the question in the resolution whether "it is the policy of the law department to hamper the contractor still further," I beg to say that I do not understand what the meaning of this proceeding in any way hampers the contractor is the execution of his work. It is not necessary for him to remain quiescent until the Supreme Court shall have decided the issues in this matter, nor has it been necessary for him to do so at any time during the past two years. He is at liberty to proceed and has been urged so to do by the Department of Public Works.

As to the legal features of the case, I beg to say, that I shall continue in the contest of this case just as far as I am able to carry it, and in that effort I not only rely upon receiving, but am entitled to demand the support of the entire City Council.

Very truly yours,

Chas. S. Thornton
Corporation Counsel.

Which was placed on file.

The Board of Education submitted requests for concurrence in the purchase of school sites at 37 to 49 Nott street, and 635 West 19th street, and for dedicating the west 51 feet of school lot at the southeast corner of Sacramento avenue and 24th street for street purposes, which were referred to the Committee on Schools.

WHEREAS, It is deemed expedient and necessary that the City of Chicago should have for its corporate purposes and for its inhabitants undertake the supply of gas and electricity for light, heat and power, and to that end the corporate powers of such city should be enlarged; now, therefore, it is hereby

Ordered, That the Mayor be and hereby is authorized and directed to present the Memorial of said city to the Governor and General Assembly of the State of Illinois, together with a properly drawn Bill for an Act to enable said city to effectuate such purposes and exercise such powers.

MEMORIAL OF THE CITY OF CHICAGO,

To His Excellency John B. Turner, Governor, and the General Assembly the State of Illinois:

Your Memorialist, the City of Chicago, would respectfully represent and show that it is in view of the vast sums of money required annually by the City of Chicago for the supply of gas and of electricity for corporate purposes, and of the large profits which are being made by private corporations in furnishing the same, not only to the city but to its inhabitants, it has become necessary that the city should take upon itself the manufacture of gas and the production of electricity.

To that end your Memorialist would respectfully ask for the necessary power and authority by appropriate legislation, and your Memorialist has caused to be prepared the accompanying bill, and would urge upon you its immediate passage with the usual emergency clause.

All which is respectfully submitted.

Mayor of the City of Chicago.

Attest:

City Clerk.

Dated Chicago, February 22d, A. D. 1899.

Ald. Connor presented the following petition:

To the Honorable, the Mayor, and Board of Aldermen of the City of Chicago:

The undersigned, your petitioners, respectfully call the attention of your Honorable Body to the fact that a brick trust is in process of organization, with the object of completely monopolizing the production and sale of brick in the Chicago market.

We respectfully represent that the city purchases directly or by its contracts for public work about 100,000,000 of brick in the year, and that the existence of a brick trust means the exacting from the city of a tribute to the trust of several hundred thousands of dollars, or a corresponding reduction in needed public work.

We further respectfully represent that the terms and conditions of the plan of trustification, a copy of which we attach to this petition, brings it within the Anti-Trust law of this State, which properly describes such a combination as an unlawful conspiracy.

We respectfully represent that a brick trust is a menace to the growth and general welfare of the city, and that its direct relation to the public works of the City Government justifies us in asking that your Honorable Body take cognizance of and act upon this matter.

We therefore request your Honorable Body to refer this petition to His Honor, the Mayor, for proper inquiry through the Board of Public Works, and from the labor organizations interested in this subject, to the end that your Honorable Body may be put in possession of the facts, their relation to the city's interests, and to be advised as to the best means to prevent or to correct such a trust, which such a trust will inevitably inflict.

Respectfully submitted,

Geo. Hodge.

See, Treat. of National Brickmakers' Alliance.

Which was referred to the Commissioner of Public Works for an investigation and report.

Ald. Alling presented the claim of Allen W. Ames for salary as patrolman, which was referred to the Committee on Finance.

Ald. Coughlin presented the following orders:

Ordered, That the Commissioner of Public Works be and he is hereby directed to issue permit to H. J. Sommers for banner on Dearborn, between Monroe and Madison.

Ordered, That the Commissioner of Public Works be and he is hereby directed to issue permit to Louis Lakes, manager of the Stock Exchange Restaurant, to hang two electric signs in front of the entrance to said restaurant, 120 Washington street and 60 La Salle street, as per plan attached, this permit to be revoked at any time at the option of the Mayor or Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be and he is hereby directed to issue permit to L. J. Kunze to erect an electric sign in front of 60 State street, as per attached plan, the same to be removed by order of the Mayor or Commissioner of Public Works at any time.

Which were, on motion, duly passed.

Ald. Coughlin presented the claim of E. J. Deering for injury to horse, damage to harness and buggy, which was referred to the Committee on Finance.

REPORTS OF STANDING COMMITTEES.

FINANCE.

The Committee on Finance having under consideration the annual appropriation bill for the fiscal year, 1890, submitted a report recommending the passage of an accompanying ordinance.

Ald. Powers moved that the report be referred and published.

The motion prevailed.

The following is the report:

To the Honorable, the Mayor and Aldermen, in City Council Assembled:

GENTLEMEN—Your Finance Committee submits herewith for your consideration and approval an appropriation ordinance for the fiscal year ending December 31, 1890.

In order to bring the expenditures of the city within the limit of an utterly inadequate income, we regret that we have found it absolutely necessary to cut from the estimates of the departments many items essential to the proper maintenance of the city government. This action, however, we discovered, after many days of careful and conscientious consideration, to be unavoidable.

Our failure to appropriate for the new bridges and viaducts, called for by the Commissioner of Public Works, and necessary because of the decayed condition of a great many of the present structures and the great increase in the size of the vessels entering the Chicago River, which demands a deeper and wider channel and the removal of the obstructions caused by the center piers to bridges, is due wholly to the lack of income, and not to the fact that the improvements asked for are not necessary, and some steps should be taken to increase the income of the City of Chicago so that the municipality may keep pace with the private improvements now in progress.

We find that the lack of revenue is responsible for delays in the reconstruction of pavements and sidewalks, because the city cannot provide funds to pay for public benefits. Property owners regard the present method of spreading an assessment as an injustice and believe that the municipality should pay for the intersections. It cannot do so until some change is made that will secure an increase of revenue or remove the present limit of possible indebtedness of the City of Chicago. The position taken by the many property owners on this question is that it would be more just for the City of Chicago to provide the cost of intersections for sidewalks and street pavements on all the taxpayers of the city rather than to place this burden on adjacent property by special assessment.

Your Committee would, therefore, recommend as one means of securing an increase in the revenue that the Committee on License proceed to prepare and report to this Council a list of proper subjects for license under the police powers. We find that for the last year one class of business alone contributed to the support of the City of Chicago an amount nearly equal to the tax levy of the City.
March 13, 1890

In thus reducing the estimates of the departments your Committee called to its assistance the Mayor and heads of departments and was guided largely by their advice. This bill is the result of our united efforts, and we believe that it is the best that can be evolved from such adverse conditions, and recommend it for your approval as submitted.

Respectfully yours,

JOHN POWERS,
Chairman Finance Committee.

The motion prevailed.
March 18, 1840

The following is the report:

CHICAGO, March 18th, 1840.

To the Mayor and Aldermen of the City of Chicago in Council Assembled:

Your Committee on Streets and Alleys, W. D., to whom was referred a petition for the vacation of a strip of land (caused street) between Wood and Paulina streets and the C. & W. Railway, having had the same under advisement, beg leave to report and recommend the passage of an accompanying ordinance.

J ohn J. Brennan,
Chairman.

Whereas, the Chicago Varvish Company, Mrs. J. P. Morgan, W. S. Potwin, Charles Hopper and B. C. Chambers, have filed with the City Council of the City of Chicago their petition, asking for the vacation of a certain street or supposed street in said petition described, which said petition is in words and figures, following, to wit:

"To the City Council of the City of Chicago:

The undersigned respectfully represent that they are the owners in fee of lots 21 to 41, both inclusively, and Lots 94 and 95 in Gerrish & Ellis's redivision of Lots in Block 21 in Sefield's addition to Chicago, and Lots 93, 94, 95 and 96 in the redivision of the Trustees of the Chicago Land Co., of Lots 2 to 5; 7 to 11; and 15 to 19 in Block 21 in said Sefield's addition to Chicago. The said lots are all there are between Paulina street and North Wood street, fronting southerly on the proposed street lying between the front line of said lots and the right of way of the Chicago & Northwestern Railway on the plat of said subdivision, the open space between the front line of said lots and the said right of way, is not designated as a street or in any other way, and it has never been accepted as a street by the City of Chicago. No improvement of any kind has ever been put in or on said street and no care of it is in any way has been assumed by the city authorities. It is not used as a public highway by any body, and its being kept open as a street is of no advantage to any body.

The undersigned, therefore, pray your honorable body to vacate the said street, its whole length from Paulina street to North Wood street in the City of Chicago, from the front line of said lots to said right of way of the Chicago & Northwestern Railway.

(Signed) CHICAGO VARVISH COMPANY,

O. H. MORGAN, President.

Mrs. J. P. MORGAN, Trustee.

W. S. POTWIN, Attorney.

B. C. CHAMBERS.

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That whatever right, interest or title the City of Chicago has in and to the said premises in the petition hereto described as a street or for street purposes and the same is hereby released and relinquished and said supposed street is by the City of Chicago abandoned and vacated: provided, however, that the said City of Chicago shall in no manner be held liable for any damages which have heretofore accrued or which may accrue by reason of the passage and enforcement of this ordinance, and that said petitioners pay to the City of Chicago the sum of one thousand dollars for the vacation and relinquishment of said street by the city.

SECTION 2. This ordinance to be in force from and after its passage and due publication.
