Pres. Harry Pratt Judson,
University of Chicago.

Dear Doctor:

I have found the missing scrapbook of my father to which he refers in that which he donated to my sister as containing more information about the Frankfort Peace Convention.

I have run through it and find several letters which give details concerning the Convention.

I take great pleasure in adding this to the collection I have sent you.

I remain, Very cordially yours, Sidney C. Eastman

Dear Bob,

I have found the missing scrapbook of my letter to which I refer in your letter of confirmation which is enclosed. I have the information about the Peace Convention which you mentioned in your letter. I have sent your letter to the Committee on which it is now being placed.

Very truly yours,

Dear Mr. President:

The gift of Rev. Ola Hansen of a Buddhist MS of certain of their sacred scriptures was accepted by the Board and a vote of thanks ordered. Am I right in thinking that this vote of thanks should go from the Board of Trustees, either as represented by the President or the Secretary?

Dear Mr. President:

The visit of Rev. Dr. Hasson of a broken leg
of certain of their several servants was reported by the Board
and a vote of thanks ordered. As I write this I am
having a vote of thanks drafted to the Board of Trustees. After we
received the reports of the President of the Board?

Yours very truly,

Dear Mr. Gunther:—

I am again wondering what might be your plan as to the final disposal of your very interesting and important collection of historical material. The completion of the Harper Memorial Library with its great facilities and fireproof construction it seems to me might be interestingly suggestive in that line. We have also, as you know, a great body of historical scholars at work here, and if the collection were properly arranged, of course under the name of its founder, it would be used continually for the development of historical scholarship.

Very truly yours,

My dear President Harper:

I forgot to point out in my note to you concerning the Heine library that I have given up the idea of inducing the gentlemen who promised money for Bernays collection to transfer these sums to the Heine collection. I saw several of them, & found little enthusiasm. Everybody hates to do anything of the kind with others. Hence I think we should try to find ONE donor. As far as I can...

My dear President Harper,

With this letter I come to refer to your note of November 16th concerning the Peace Appeal. I have not been able to make further progress in the matter since then, but I am writing you now to renew the promise I gave in person. I am hoping to bring the question to the attention of some friends of mine who might be interested in the cause of International Peace. I have been thinking of sending you a note of my intentions, but I thought it would be better to write directly to you. I am now going to England and I will be there for a few weeks. I hope to be able to see you then.

I am very anxious about the Peace Appeal, and I feel that it is necessary to have some real progress made in the matter. I am therefore writing to you to ask you to consider the possibility of doing something about it. I am confident that you will be able to do much in the cause of Peace, and I am sure that your influence will be of great benefit to the Appeal.

I have been talking to a number of people about the Peace Appeal, and I have found that there is a great deal of interest in the matter. I am therefore writing to you to ask you to consider the possibility of doing something about it. I am confident that you will be able to do much in the cause of Peace, and I am sure that your influence will be of great benefit to the Appeal.

I am looking forward to seeing you soon, and I hope that we may be able to have a talk about the matter.

Yours sincerely,

My dear President Harper,

For the past two weeks I have been making
with arrangements with various men to push the matter of the Heine
Library. I had a long conference with Mr. Julius Rosenthal (Fort
Dearborn Bldg.) last Saturday. He is immensely interested and
feels that the University should acquire the collection. He asked me
to give him in writing a detailed statement of concerning the
library and its importance for us. I complied with this request
and take the liberty of enclosing to you a copy of my letter. It
is Mr. Rosenthal’s plan to forward my statement to Mr. Levy Mayer
(79 Dearborn st.) with his endorsement. He further suggests that the
President of the University see Mr. Mayer as soon as possible.
He seems to be sanguine of success if such a meeting could soon
be effected.

I remain

Very respectfully yours

Dear President Herbut,

For the last two weeks I have been making arrangements with various men to bring the matter of the Kline Prize to a favorable conclusion. I had a long conversation with Mr. Julian Rosefield of the Department of Fine Arts and he is immensely interested and eager that the University should support the collection. He suggests that we give him a written statement of the condition of the prize and the importance for us to complete with this report. It is my understanding that we recently received a copy of a letter from Mr. Kent, expressing the interest of the top administrators of the University in the Fair and suggesting that the President of the University see Mr. Kent as soon as possible.

We seem to be making some progress. A meeting can be arranged soon.

I remain,

Very respectfully yours,

Mr. Haynes
Pres. of Chicago University:

Dear Sir:

Yesterday I addressed a letter to your friend Mr. J. D. Rockefeller, relative to the purchase of a MS. for the Chicago University. I thought it would be a most valuable addition to the historical department of the library. It is the original copy of the report of the Commissioners at Annapolis on the 14th of September 1786. It is the forerunner of the Constitution of the United States. Broad sides of this report were printed and sent to the 5 different states.

I write to you asking you to repair the error made by me as to disposition of it by Mr. Rockefeller if he buy it. But, I was anxious to make the sale thereof, and knew that he could make the purchase. I still hope that it may still find its way to your library.

Yours Sincerely,

Thos. W. Brown

Dear Mr. President:

I am informed that on January 22, the Library of the Law School received from Mr. Thomas B. Marston, Executor under the estate of Margaret Lawrence, a new set of Illinois Supreme Court Reports, Vols. 1-308. This set is worth considerably over six hundred dollars and therefore constitutes a gift of sufficient importance to be noted.

Dear Mr. President:

I am instructed to invite you to attend the Intercollegiate Athletic Conference in Urbana, Illinois, on the afternoon of June 1st. The conference meets to consider the matter of the Women's intercollegiate athletic program and to receive a report of the committee on the athletic program.

Professor David A. Robertson,

University of Chicago,

Chicago, Ill.

Dear Dave:

While home in Canton, Ill. recently, at the time of our mother's death, John and I considered what we would do with some files of the New York Times, in part of the daily and in part of the semi-weekly edition, running from the year 1855 to 1866, inclusive. We decided that we should like to present them to the University, if it does not already possess them.

On looking them over however, afterwards, I find that they are not in as good a condition as I had supposed. They are bound together in a very amateurish fashion, and the edges have been soiled. This defect does not reach the printing, however, and when properly bound the edges might be trimmed. But in some cases more serious damage has occurred, through dampness, and in one year, through mice. Perhaps they are all quite worthless, and we ought to destroy them. But I hesitate to decide on so doing without finding out if they are rare enough to be desired by a library. Some years I think could be bound in good condition.

If it is not to much trouble, may I ask you to inquire of the proper authorities at the University? We should be quite willing to ship the volumes to some one in authority at the University at our expense, and to pay for having them bound (at a cost not to exceed about $5 per volume) if they deserve a place in the Library; and if on examination it would be found that they are worthless, the University authority could have them destroyed.
You will know whether some one in Modern American History or some one connected with the Library would be most likely to take an interest in a matter of this sort, and I shall be greatly obliged if you would refer the matter to the proper authority.

With best regards to yourself and Mrs. Robertson, I remain cordially and fraternally yours

William K. Wright

P.S. We also have a number of volumes of Niles' Register. These are in first class condition, so we would offer them to the University except that I am under the impression that it has them already.
You will know whether some one in your vicinity iskeh to
some one connected with the Indian 1V01C to seek for it.

There is a prospect of first rate and I expect to receive objections if you
would take the present to the Indian association.

With best regards to how as to the registrar I remain

Dear Billie:

I regret to learn of your Mother's death. You and John have my very deep sympathy.

Of the newspapers and magazines in your home, I have asked the judgment of our Associate Director of Libraries, Mr. James C. H. Hanson. We have in the University an incomplete file of the TIMES. The run of the TIMES which you have will greatly help to make our file more valuable. We shall be glad, therefore, to receive them.

We have two sets of MILES REGISTER, so that we cannot fairly ask for the set which you have in your possession. I wonder if the University of Illinois has a set. The file is one which is especially useful to an institution engaged in graduate work.
Mrs. Robertson joins me in best wishes for the New Year.

Yours very truly,

D.A.R.E.-D. Secretary to the President

Dear David:

I am very glad that the University can make use of our run of the New York Times. Please send shipping instructions to my brother, Mr. Arthur S. Wright, 211 North Main St., Canton, Illinois, to whom I am communicating the contents of your letter of the 9th. He will pack the papers and will ship them prepaid to whatever address Mr. Hanson, or whoever will receive them, may desire.

As I wrote before, my brother John and I are ready to bear a moderate expense, say five dollars a volume, for binding and getting otherwise into shape whichever of the papers are worth preserving.

My dear Doctor:--

I am taking the liberty of sending you the enclosed letter, received from a personal friend of mine, who is a daughter of Mr. Foulke, of Indiana. I do this, thinking it is possible you may be able, through me, to give her some advice, and if so, that you would be willing to do so.

Excuse me for troubling you.

can be done in this direction. I am enclosing some correspondence on this matter with Dr. Gould of the Germanic Department and with Mr. Foulke which will put you in possession of all the facts in the case.

Cordially yours,

Chicago, July 20, 1911

My dear Mr. Bartlett:

Your kind favor of the 29th of June with enclosure was duly received. It came when I was busiest, and I laid it aside for consideration. Hereewith I am returning the letter from Mr. Foulke's daughter.

We give Icelandic instruction in the Department of Germanic Languages and Literatures, this matter being handled by Mr. Gould. Students in Germanic and in Old English are especially interested in the work. We have the foundation of an Icelandic library, and are anxious to extend it. I had heard of this library, and, frankly, we have been hoping that the family would think wise to make a gift of it to the University. It would be of enormous importance here in developing our Icelandic work, and we of course could keep it intact and give it the name of the donor or such name as the donor might select. This is a part of the development of the general work in Germanic philology, and I shall be much gratified if something
can be done in this direction. I am enclosing some correspondence on this matter with Dr. Gould of the Germanic Department and with Mr. Poulke which will put you in possession of all the facts in the case.

Dear Sir:—

The Icelandic library left by the late Arthur M. Reeves is now in the old homestead, Reevston, and is the property of his mother Caroline M. Reeves, an old lady of eighty-three and now an invalid. No plans for the ultimate disposition of this collection are made or could be made at the present time. My daughter, Mrs. J.F. Urie, now of Hull House, Chicago, is an Icelandic scholar and no final arrangement would be made at any time without her advice. I will bear your letter in mind.

I listened with great pleasure to your remarks in Washington at the Conference of the Society for the Judicial Settlement of International Disputes.

Yours faithfully

With best regards, I am,

Very truly yours,

Dear Sir:-

My attention has been called to the very interesting library on Scandinavian, especially Icelandic, literature and cultural history, the property I understand of the late Arthur Middleton Reeves. Of course I know the relations of Mr. Reeves with the late Professor Willard Fiske of Cornell. I do not know what may be the plans of the family as to the ultimate disposition of this very important collection. Inasmuch, however, as I suppose the field is quite covered by the collection in the Cornell library I have been wondering whether the ultimate bestowal of the books on the library of the University of Chicago might not be worthy of consideration. The new Harper Memorial Library building now approaching completion is entirely fireproof. It would be quite possible for us to keep the collection intact, and should we have the funds for the purpose extend and develop it. As a centre for such students in the northwest, and especially for the many graduate
