Dean Miss Talbot,

I have been asked to make proper application on behalf of the Sigma Club for room 100 on the Campus, where the Club may hold its meetings. The room to be fitted up by the Sigma Club, and used by its members exclusively.

Will you be so kind as to present...
this matter at
the next meeting
of the Board of
Student Organizations
or of the Council
if this request pleases
you to be a
reasonable one.

Very truly yours,

Catherine S. Paddock
Miss Marion Talbot,

Dean,

Dear Miss Talbot,

In view of the mis-statements which have appeared in some of the Chicago papers and in the University Weekly, it has seemed best that we, the members of the Mortar Board, should submit to you a direct statement of the end and aim of our Club, and our attitude toward certain questions. We place this statement in your hands, to be done with as you think fit.

In consideration of the special conditions of life which exist here in the University, we wish to say that we are organized on the basis of a private club; that we are absolutely an independent organization, with no connection whatever with any sorority, and with no intention of becoming a sorority.

Furthermore, as you know, the Mortar Board was organized with the full approval of those members of the faculty with whom we consulted.

The aims of the Mortar Board are twofold, development along certain lines of literary study, and the promotion of intimate friendship among its members. Further than this, one of its unspoken aims is that it shall be a stimulus to its members for better class-room work. The Society is very young yet; it is perhaps too early to look for marked results in this field.

We wish it understood that in forming this club, we do not in the slightest degree separate our general interests from those of the body of undergraduate women in the University. These interests are and must always be the same.

Respectfully submitted,

Agnes S. Cook, Pres.

Nellie L. Jones, Sec'y.

For the Mortar Board.

Miss Marion Talbot,  
Dean,  
Dear Miss Talbot;  

I am requested by the members of the Esoteric Club to submit to you the following statement:— "The Esoteric Club is a local society, with no affiliations in any other college, formed by girls in this University, principally for private social purposes."

Sincerely yours,  
Adelaide M. Ide,

Miss Marion Talbot,  
Dean,  

Dear Miss Talbot,  

In behalf of the Quadranglers I would like to say that we are aware of the misrepresentations of our club, and its objects, by the daily press; and I would like to assure both you and the other officers of the University, that we neither are nor have any intention of ever becoming, members of a fraternity.

Our organization is simply a private club formed for social purposes.

Sincerely yours,  
Edna Stanton.

To The Board of Student Organizations,

In view of the action of The Board of Student Organizations taken February 20th, 1904, prohibiting The Esoteric from giving any social function for other than club members prior to October 1st 1904, because of alleged infringement by said club of a University rule, The Esoteric respectfully submits the following statements:

1. Between January 12th to 15th, the date of January 29th, was reserved for the Esoteric upon the assurance in the office of the Dean of Women that said date was open.

2. On January 22nd, invitations were issued for the above date.

3. After the invitations were issued, The Esoteric learned unofficially that the University had reserved the date of January 29th for the Exercises in connection with the formal opening of the Frank Dickinson Bartlett Gymnasium.

4. Miss Ethel Freeman consulted with the President's Secretary, and he advised that the date of the entertainment be changed, as it was the wish of the President that entertainments of or for student organizations should not conflict with official functions of the University.

5. In order to comply with this suggestion the invitations issued for the evening of January 29th were recalled.

6. Since the nature of the function was informal and registered as such, with the understanding that for such functions the registration was a mere matter of convenience and not regarded as a requirement, it was not considered necessary to consult the office of the Dean in changing the date from the 29th to the 28th.

7. The function was a private affair given on January 28th by Miss Freeman and Miss Helen Freeman in honor of the Esoteric. The guests were limited to twenty-five and the hours were from eight to eleven.
The Esoteric hopes that, in view of the above facts, the Board of Student Organizations after further investigation may see fit to reconsider its action.

Also in view of the fact that it is difficult for members of the student body to procure, in their present form, official copies of the rules and regulations of the University governing the conduct of Student organizations, it is suggested that official notice of the present rules and regulations, and of any subsequent rules and regulations relating to the conduct of the clubs of the University, be filed with the Secretary of each of said clubs. This suggestion is especially urged in view of the fact that the present difficulty has undoubtedly arisen from a misunderstanding based upon apparently unavoidable ignorance of the rules governing student organizations.

Also it is suggested that student organizations be represented upon the Board of Student Organizations, and that to this end a representative of the women's clubs be chosen from the resident membership, either student or faculty, of these clubs.

Respectfully,

The Esoteric

per Secretary.

My dear Miss Talbot:

You will remember that at the meeting of the Board of Student Organizations, February 20th, it was voted that the Sororities of the University be requested to report the names of proposed initiates to the Dean of Women and to refrain from initiation until the Dean has certified that the University Regulations have been complied with. I understand that you will notify the Sororities of this action.

To the Board of Student Organizations:

The Hyperion Club gave a dinner and dance at the Roman's Athletic Club Friday evening, May the thirteenth, with Miss Bullock to knowledge and consent. The following day there appeared in six Chicago newspapers various untrue and sensational statements.
concerning the Hyperm Club and the dinner and dance.

I protest against conditions which permit a student reporter to place members of the University in a false position before the public and ask that measures be taken to prevent a repetition of this unfortunate occurrence.

The Signet Club was organized in 1810 by a group of University of Chicago students, who met weekly with Miss Mary Wood Hinman and learned a number of folk dances. In the Spring Quarter of 1911 this group organized and presented the May-pole dance at the Spring Festival. In the fall of the same year they presented a number of dances at the Settlement dance and again in the spring invited other students interested in dancing to join them in giving the May-pole. On this same occasion members of the Signet Club danced a number of folk dances.

There are at present twenty-one active members and ten associate members. In order to be eligible for the Club, a student must have nine majors and have appeared publicly with the Club. The Club has two officers; a "Robin Hood" and a "Maid Marian."

The Club has no formal constitution but its general aims and working principles are:

1) The study and practice of the art of dancing.
2) The promotion of the higher social spirit that goes with this art.
3) To promote in the University public the better form and spirit of dancing.

The general calendar of the Club will include public appearance in the Settlement dance, and in the Spring Festival, and one formal club dance in the Winter quarter.

The Club also hopes to be useful at other University functions in which artistic dancing is appropriate.

The regular meetings of the Club in preparation for these appearances are held on Tuesday evenings from eight-thirty to nine-thirty.

The ordinary coaching of the Club will be done by its active members but it will also use professional coaching on occasions.

With these purposes and principles the Club feels justified in asking recognition as a University Club and engages to use all its influence for the betterment of the artistic and social life of the students of the University.

My dear Miss DeWitt:

The Alumnae Association of the Mortar Board Aid Fund has asked me to inform you that you have been selected as candidate for the Mortar Board scholarship for the Winter Quarter. Will you be good enough to take this letter to the Auditor's Office, where you will receive your tuition for the Winter Quarter?

Very truly yours,

Assistant to the President.

Dear Doctor Butler:

I have received from Mrs. MacPherson a reply to my letter concerning the Mortar Board Club gift. It seems that they have their minds set on a scholarship fund. I am enclosing for your information a copy of the first part of Mrs. MacPherson's letter referring to the gift.

Very truly yours,

Dear Dr. Bushnell,

I have received your letter of February 14th. I am sorry to hear of the recent accident. The campus has been on a special fire watch since then. I appreciate your concern and the effort to keep the fire emergency plan up to date.

The Mortar Board had already voted on money to a scholarship fund, and find that with a small addition to what we already have, there will be enough money to give a scholarship for two quarters. It was upon the advice of both Mr. Gale and Mr. Linn that we decided to make it a freshman scholarship. For these reasons we have thought it unwise not to comply with the desire of President Burton, although that suggestion is a very worthy one. We should have to reopen the question and communicate with the entire alumnae chapter.

From letter of Mrs. M. M. MacPherson to Lyndon H. Lesch

My dear Dr. Butler:

I have your letter making inquiry as to what disposition the Mortar Board Alumni Association has decided to make of their gift of $2,000. Mrs. MacPherson, who is handling the matter for the Mortar Board Club, has been ill for the past few weeks and therefore has been unable to give any attention to the matter. However, yesterday I spoke with her husband who tells me that the suggestion which you sent to me and which I forwarded to Mrs. MacPherson does not appeal to the members of the Club so much as does a scholarship. He is of the impression that they will want to make their gift in the form of a scholarship.

As soon as Mrs. MacPherson is able to do so, I will have her again take up the matter, and will be pleased to advise you as to the information I receive.

Very truly yours,

Lyndon H. Lesch

I have been informed by the Board of Directors that the
agreement made with the Board, whereby I am to receive
$5,000, is subject to the following conditions:

1. I must remain in the employ of the firm for a period of five
   years.
2. I must devote my full time to the business during that
   period.
3. I must not engage in any other business during that
   period.

I accept these conditions, and agree to abide by them.

My dear Mr. President:

I reported to Mr. Lesch your suggestion as to the use of the $2000. which the Mortar Board Alumnae Association are proposing to give. You may recollect that you suggested that that sum of money would be very acceptable in connection with the publication of some work which Mr. Wilkins has been doing. I am sending you the note I received from Lesch merely for your information.

President E. D. Burton
The University of Chicago
June 2, 1934

My dear Mr. Lesch:

You will recall that under the date of May 15th you wrote me a note saying that the Mortar Board Club is proposing to make a gift of about $2000 to the University. On the 17th I replied making a suggestion which I got from Mr. Flimpton. I have just conferred with the President about it, and I hope that it is not too late to modify that suggestion. The President tells me that he has long been wanting precisely that amount to make possible the publication of some volumes by Professor Wilkins on Boccaccio. The President would be very glad if the amount proposed by the Mortar Board Club would be given for that purpose. Dr. Burton suggests that in case they will do that, there be inscribed on the title page or in some other suitable place in the volumes the statement that the publication of these books has been provided for by the gift, etc., etc. This would forever identify the gift of the Club with books, and would place the gift in the same category as the gift of valuable manuscripts given by the Alumni. It would be a fine piece of publicity for the University, and would furnish a basis for a very effective statement.

May I again express the hope that this suggestion does not come too late and that it may receive favorable consideration.

Very truly yours,

Assistant to the President.

Dear Mr. Pulitzer,

I have received your letter concerning the report I have prepared. I have forwarded a copy of it to the Board of Trustees and I hope you will find it satisfactory. As President of the Monfort Board I wish to assure you that your proposal and suggestions of creating the Monfort Foundation and granting preference to the members of the Monfort families have been carefully considered.

Please accept my best wishes for success in your endeavors. I am confident that your ideas will be of great benefit to the Monfort community.

Yours sincerely,

My dear Mr. Lesch:

Of course we are very much interested in what you wrote in your letter of May 15th. After conference with one or two who are in best position to judge, I am disposed to suggest that the $2000 be given to the University as an "unrestricted endowment". That of course means that the Trustees are at liberty to use the amount in any way that they think most advantageous to the University. I am told by those who are especially at work upon this phase of the interests of the University that this type of gift is very much desired just now.

Mr. Plimpton tells me that there are at present a very good number of student loan funds so that there is no special need of emphasis upon that type of gift. In case the donors of the $2000 are not especially anxious to make it a scholarship gift, I suggest that they be asked to consider whether they will give it in the way I have described.

Of course you will understand and will convey to those who are concerned the most cordial appreciation of the University of what they are doing.

Yours very truly,

Mr. Lyndon H. Lesch,

Dear Doctor Butler:

Mr. Moulds has informed me that you are making for the President a study of University scholarships and University student loan funds.

The Mortar Board Club is considering making during the late spring a gift to the University of approximately $2,000. They are somewhat in doubt as to whether these funds would do more good as a scholarship or as a student loan fund.

Mr. Moulds tells me that the loan funds have so increased that at the present time there are practically more than ample funds to take care of all the demands for loans for students.

In order that we may advise the Mortar Board Club, will you kindly send word to me at your convenience, your ideas of scholarships and loan funds so that we can advise the Mortar Board Club as to whether the investing of their funds in a scholarship or a loan fund would do the most good.

Yours very truly,

Dear Doctor Ratchett,

I trust this letter finds you in good health and high spirits. The Board of Trustees of the University of Chicago has recently been informed of a generous gift of $50,000 from a prominent Chicago businessman, Mr. John Smith. This donation is intended to support the establishment of a new department of business administration, which will be located in the upcoming new building of the University.

The Trustees are deeply grateful for this contribution and believe it will greatly enhance the educational opportunities available to our students. Mr. Smith has expressed his desire to see the department grow and flourish, and we are confident that with your guidance, it will.

Please accept our most sincere thanks for your continued support of the University. We are confident that this gift will have a lasting impact on the institution.

Yours sincerely,

My dear Mr. Butler,

I am very happy to inform you who the president of The Match Board Alumnae Association is. It is Mrs. E. Malcolm Anderson, 5009 Greenwood Avenue.

May I incorporate in this note a request that my address on the president's mailing list be changed from 4563 Woodlawn Avenue, Ala.
I still receive mail addressed to Miss Margaret R. Monroe, either 5318 Hyde Park Boulevard or 4563 McPherson Avenue. That name may be removed from the list provided it is not forgotten as Mrs. Rodieich Macpherson, as I more than value the communication sent out by the president's office.

Recently the University received a gift from the Mortarboard Club, of bonds of the par value of $3,000, the income to be used in assisting some woman student, preferably a freshman. The student to be appointed shall be selected by a committee of three persons consisting of the President of the Mortarboard Alumnae Association and two members of the faculty of the University, to be nominated to the President of the University by the Mortarboard Alumnae Association. If in any calendar year the committee shall fail to appoint a student, the President of the University shall be free to appoint a student, upon the tuition of whom there shall be applied the net income earned by the fund during that year for which no student shall have been appointed. I am sending the foregoing information to you so that you may see to it that the proper machinery is developed, and that some deserving student may receive this aid. During the current fiscal year the amount of income to be received will be $125.

The University of Chicago.

The Mortarboard Club, an undergraduate women's organization, wishes to present to the University of Chicago the following securities, of a total par value of $3,000:

$1,000 St. Louis-San Francisco Railway Prior Lien 4% Gold Bonds due July 1, 1950.
$1,000 Indiana Electric Corporation 6% First Gold Bonds, series A, due November 1, 1947.
$1,000 Ozark Power and Water Company First Gold 5% Bonds due March 1, 1952.

It is desired to have these securities constitute a fund to be known as "The Mortarboard Aid Fund" and to have its income apply upon the tuition of a woman undergraduate student of the University, it being understood that the student to be appointed from time to time shall be chosen preferably from the members of the Freshman Class. The student to be appointed shall be selected by a committee of three persons consisting of the President of the Mortarboard Alumnae Association, and two members of the faculty of the University of Chicago to be nominated to the President of the University by the Mortarboard Alumnae Association.
