

October 12, 1908

Dear Mr. Coulter:-

I am much gratified to know that you may possibly be in England to act as representative of the University of Chicago at the time of the Darwin celebration. It is altogether an ideal arrangement, and if you approve I will send an official statement to the authorities in England.

Cordially,

H. P. Judson

Mr. John M. Coulter,
The University of Chicago.

My dear Mr. Coulter:-

Yours of the 7th inst. received. There is no doubt that we ought to be represented at Cambridge next February. I do not at present see where the funds are coming from to send a special delegate, although perhaps they could be found, or at least in part. Nothing would please me more than to have you our representative. Perhaps we could confer about this later.

Very truly yours,

H. P. Judson

My dear President Judson:

I was late at the meeting of the Senate last Saturday, & so failed to hear the statement in reference to the Darwin celebration at Cambridge next February.

Is the University looking for one or more representatives? As I expect to be out of residence during the winter & spring quarters, and probably living in Washington, I think I should enjoy attending that celebration; & if I could represent the University in any way, I should be glad to do so.

Yours sincerely - John M. Coulter.
