

CAMBRIDGE, MASS., U.S.A.

Feb. 2. 1914

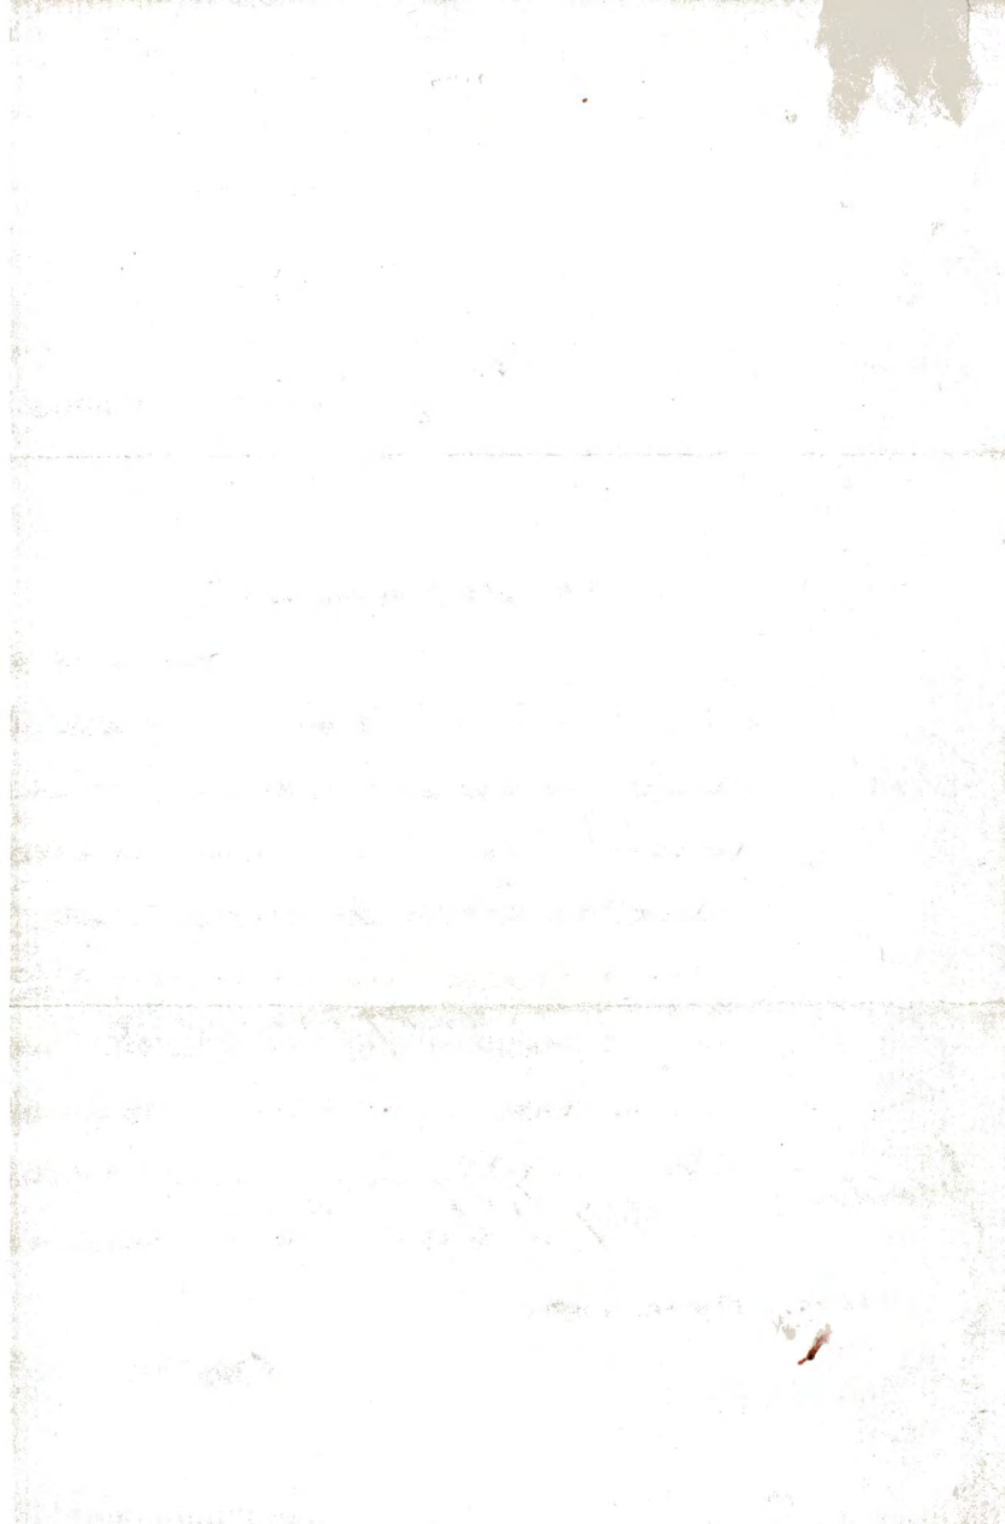

My dear President Judson:

Your very kind invitation to attend your Convocation exercises and to give the Convocation address on June 9th is very flattering to me, and I accept it with all the greater pleasure since I hear from you that you intend to make the Convocation something of a German occasion this year. This I take to mean that I might speak

on a subject related to German
affairs. May I ask whether such
a subject as "German literature
and the American public" would
seem suitable?

With renewed thanks, I am
very truly yours
Kuno Franke

My dear Professor Francke:-

Your favor of the 2d inst. is at hand. I am glad to know that you can come to Chicago in time to give us our Convocation address. It would be extremely appropriate to have you discuss a subject relating to German affairs, and the suggested subject, "German Literature and the American Public", would of course be suitable. My secretary will communicate with you later as to details.

Looking forward with much interest to your visit, I am,

Very truly yours,

My dear Professor Francke:-

I am greatly interested to know that you are to be in Chicago on Saturday June 13th in connection with the dedication of the Goethe Monument. Our Convocation exercises, corresponding of course to the Harvard Commencement, will occur on the preceding Tuesday, June 9th. I am wondering if you could not see your way to being with us at that date to give the Convocation address. We should like to make the Convocation a German occasion in a way, as we are much interested in the Goethe Monument dedication also. The usual honorarium (\$100) of course does not compensate for the address, but will possibly go towards the expenses which you will necessarily incur. I shall be much gratified if you can do us this favor.

Very truly yours,
