Dr. T.W. Cooper, Jr.
This agreement made this fifteenth day of June A. D. 1893.

Witnesseth, That whereas the University of Chicago has incurred a considerable indebtedness in meeting the large exceptional expenses of its organization and equipment and,

Whereas the undersigned desire to assist the University by carrying this indebtedness in order to give to the University, time to raise by subscription funds sufficient to discharge it,

Now therefore in consideration of the premises, we the undersigned each for himself and not for the others hereby agree to loan to the University the sums set opposite our respective names, upon the following conditions.

First, the amount here pledged to be so loaned shall amount to at least two hundred and fifty thousand dollars.

Second, the money shall be loaned to the University in installments, as follows, one-half on or before the first day of July 1893, one-quarter on or before the first day of October 1893, and the balance on or before the first day of January 1894.

Third, the University shall give its notes for each installment payable in one year from the date the installment is paid, with interest at the rate of six per-cent per annum, payable semi-annually.

Dear Dr. Judson:

In revising those portions of the Register which came to me for revision, I noticed the names of several persons who from time to time have given money for fellowships prizes, etc. It occurred to me that it might not be a bad idea to report to the donor the name of the recipient of the prize or of the fellowship or of the particular favor received. Mrs. Swift, for instance, might be glad to know something of the personality of the individual who receives the Swift prize, what work he has accomplished, his ambitions and how the prize is being made to serve the ends Mrs. Swift had in mind originally. It seemed to me if some regular plan were adopted for sending information of this sort it might greatly please the persons who had generously contributed to the University for these purposes.

It may be that already your usual thoughtfulness has provided for some such report as this or you may feel that it is quite unnecessary. But it had seemed to me that we might make a good point by following this course if it had not already been done.

Mr. Arnett tells me that so far as he knows, such a plan has not been followed.

The recipient, too, might be reminded that he, too, could thank his liberal benefactor.

Very truly yours,

[Signature]

Secretary.

Dear Dr. Tague:

In reviewing those portions of the register which come to me for revision, I noticed the names of several persons who from time to time have given money for fellowships, prizes, etc., connected to the School of the College of the University of Chicago. I feel that it might not be a bad idea to report to the board the names of the recipient of the prize or the fellowships of the particular fellowships.

Perhaps this might give some idea to those interested in the possibilities of the individual and encourage the giving of prizes and fellowships. You may be able to make some note of these which might well be followed up.

It seems to me it would be a very desirable plan to keep a record of the persons who have endowed fellowships or prizes.

If you have a record of such persons, you might be able to make the most of the opportunity of this sort of thing. It might well be a good point of following up some cases. It is hoped not another year gone.

I think you have made a good point of following up some cases. It is hoped not another year gone.

Very truly yours,

January 12, 1915.

My dear President Judson:

I return herewith inclosures from your office received January 8. With reference to the several matters there touched upon, I would comment as follows.

I see no objection to Mr. Dickerson's suggestion that a report be sent to the donors of special prizes or fellowships, regarding the persons enjoying the appointments. The labor involved would have to be shouldered by the Recorder's Office, and the fact that there are somewhat frequent changes in some of these appointments from quarter to quarter might at times make the situation a little ludicrous. For example, the Talcott scholarships are frequently occupied only one quarter, and I doubt whether Mrs. Talcott would have any great interest in so fragmentary a record as would be represented by some of these appointees. I repeat, however, that I see no objection to the proposal, and that it certainly would keep alive in the mind of the donor a vivid sense of the University's appreciation of the gift.

As to the list of prominent persons to whom official documents of the University are sent, I would comment as follows: I am quite clear that it is a complete waste of time, money, and energy to send to such persons any documents other than those which convey to them briefly and vividly impressions of the scope of the University's present work. I think the President's Report and the Auditor's Report would generally be impressive to such a constituency. Possibly also the sending of our circular concerning student aid might stimulate interest in the opportunities for wise giving.

The rank and file of our circulars, however, are certainly distributed to any such general list without any returns commensurate with the expenditure.

As to making a selection of names for the list itself, I should be at a loss to suggest any single person who might compose such a list satisfactorily unless it were yourself. Possible a committee of the Board of Trustees could make useful suggestions, but the choice of names for such a list raises so many issues of a purely personal character that I should myself be unable to go about it. The selections from the list, which is inclosed with your correspondence, contain a considerable number of persons of whom I never heard. On the other hand, there are a few people in my own acquaintance whom I should be likely to think of adding. I imagine this would be the experience of almost any single individual who looked over the list. Incidentally I note the name of Byron L. Smith which should of course be removed.

Yours very truly,

JRA-JI.

President Harry Pratt Judson,
University of Chicago.
Dear Mr. Smith,

I am writing to congratulate you on your recent promotion. It is well deserved and a testament to your hard work and dedication.

I am excited to see what opportunities this new position will bring. Please let me know if there is anything I can do to support you in your new role.

Sincerely,

[Signature]
Chicago, January 7, 1916.

To the Board of Trustees,
The University of Chicago.

Gentlemen:

It gives me great pleasure to transfer to The University of Chicago the properties represented by the accompanying deeds. The purpose of the gift is to found, when the income thereof be sufficient, a series of annual lectures in memory of my husband the late Dr. H.W. Thomas of Chicago, Illinois, the same to be know as the HIRAM W. THOMAS LECTURES.

I do not label these for I would not fetter the future by the past, but they shall be given by representatives of the larger faith and express the ever-growing thought of the world in religion and life - the universals that knit man to man and man to his Maker.

I ask that due publicity be given each course that those with open vision outside as well as the student life may avail themselves of the benefits.

Sincerely yours,

[Claudine Parrymane Thomas]
To the Board of Trustees of the University of Chicago

Gentlemen:

It gives me great pleasure to transmit to the University of Chicago the property hereon represented by the accompanying book. The purpose of the gift is to provide, when the income thereof is sufficient, a series of annual lectures in memory of my husband, the late Dr. J.W.

Thomas, of Chicago, Illinois, the name to be known as the

Hiram W. Thomas Lectures.

I do not expect these for I would not alter the future by the least cut very small to express my representations of the larger facts and express the ever-growing thought of the world in relation and life - the universities that part men and men to the maker. I see that the opportunity to raise some course that those with open vision should be the student life may want.

Sincerely yours,
To the Board of Trustees,
University of Chicago:

At my husband's death I resolved to do what little I could in aid of the movements in which his life was centered. These embodied three fields: World peace, industrial education and the larger faith; The first I established at once in the Dr. Thomas World Peace Prize Contests in my old university in the east. The second has found expression in the Thomas Industrial Institute at DeFuniak Springs, Florida. The third was planned to be cared for after I had passed on. But the longing to have it consummated while I am here presses upon me and so I am offering the best I can to this end.

I would not have come before you with such a meager gift, you who have been schooled to think in terms of Rockefeller, if I allowed myself to dwell upon that side. But instead I am thinking of the streams of life gathering inspiration and light in the years to come even as he, in whose name it is given, gave out in the years past, and that heartens me to boldness.

I choose the University of Chicago not because Dr. Thomas was its first minister nor because he gave his last message years after in Chicago in Kent Hall--though these are precious ties--not do I simply because the University is a part of this city into which he poured his life, yet this would be reason enough. But it is because the University of Chicago is a light that seeks the highlands, it recognizes the processes of life, the ever-continuous evolution of the soul and man, and only such could conserve the spirit in which Dr. Thomas lived and wrought and died.

I leave it with Dr. Judson who knows my mind and Mr. Heckman who has the facts to give details.

I am enclosing a plat with the prospects:

Lot 71, 72, 3355 Sixty-fifth Place and Homan Ave. North front, two-story, seven-room house, $1,800 loan insured for $2,000 for five years.

Lot 25, 26, vacant corner, south front, Sixty-fifth Place and Homan Ave.

Lot 47, 48, vacant corner, south front, Sixty-fifth Place and Spaulding Ave.

All in the John F. Eberhart subdivision, section 23, township 38 north, range 13, block 10, Lots are 25 ft. by 125 ft.

According to the sales I have made these should bring $5,000 net, but I realize that cash sales are not always within reach. The installment plan obtains largely here.

{Signed} Mrs. H. W. Thomas.

March 19, 1925.

Dear President Burton:

Please accept this letter as formal evidence of our pledge of one hundred dollars ($100) to the University on the occasion of its current campaign.

Fully appreciating the insignificance of this sum in such a large undertaking, may we say that it is given more as an expression of our interest in the University of which we are a part and with the hope that future circumstances may warrant additions toward a substantial amount.

This pledge is made by the active chapter of Chi Upsilon of Phi Gamma Delta; it is in no manner identified with its alumni. The treasurer is authorized to make payment in the near future.

Chi Upsilon of Phi Gamma Delta wishes you complete success in the important undertaking which you lead, and offers its services in any capacity in which it may be of assistance.

Very sincerely yours,

CHI UPSILON OF PHI GAMMA DELTA

By Richard H. Young.
March 18, 1933

Dear President Parker:

Please accept this letter as formal evidence of my pledge of one hundred dollars ($100) to the University on the occasion of its centennial celebration.

Pughtly supposing the initiation of this sum in such a gesture characteristic of us it is given in memory of a great institution which is a part of our interest in the University of which we are a part and with the hope that future oral contributions may warrant attention toward a substantial sum.

The pledge is made for the benefit of the Phi Gamma Delta; it is in no manner implicated with the financial necessity to make payment in the near future.

Of utmost concern to us is the importance of your pledging, with your approval, and after a successful year in my capacity in which it may be an assistance.

Very sincerely yours,

Michael H. Young.

Chairman of Phi Gamma Delta
March 23, 1925.

My dear Mr. Young:

I take great pleasure in acknowledging the receipt of the pledge of Chi Upsilon chapter of Phi Gamma Delta of $100 to the University in connection with its present campaign. This evidence of the interest of our students in the enterprise in which we are engaged is most encouraging, and is full of promise for the attitude which the men of your chapter will take toward the University when they join the ranks of the Alumni.

You will be interested to know I am sure that in my recent contacts with the Alumni, in connection with which I visited ten cities, from the Pacific to the Atlantic, I have found everywhere a genuine interest in the University, and a rising tide of enthusiasm for its present plans for development.

Noting that your Treasurer is authorized to make payment in the near future, may I suggest that at his convenience he transmit the check for the gift, made payable to the University of Chicago, to Mr. Trevor Arnett, Treasurer of this fund, at 234 S. Clark St.

Very sincerely yours,

Chi Gamma Delta

March 29, 1965

My dear Mr. Younger,

I take great pleasure in acquainting you
recently of the plight of our students at the University in connection
with the present campaign. The evidence of the in-
ference of our students in the experiment in which we
are engaged is most alarming, and to all of this comes
for the situation which the men of your generation will
face toward the University when they join the ranks of
the university.

You will be interested to know I am sure that
in my recent conferences with the University in connection with
which I visited ten colleges from the Pacific to the Atlantic
I have found everywhere a genuine interest in the University
and a sincere desire of achievement for the present plane
for development.

Notice that your statement is adequate to make
enough in the near future, even I express that of the con-
venience of presenting the case for the other men who support
the University at Chicago to your Next, Treasurer
of the University at Chicago, Delegate of Chicago etc.

Very sincerely yours,

Dear Mr. Robertson:

I have your note of January 14, with the copy of Mr. Slifer's letter, for which I thank you. I shall file this with the original letter of gift. I wrote to the secretary of the class some time ago, and received from her an explanation of the gift quite similar to that which you send from Mr. Slifer. I reported this to the Board of Trustees at its late meeting, and it was incorporated in the official record. I should think, on the whole, it would be better for Mr. Slifer's original letter to be attached to the official letter of gift, rather than this copy, but perhaps it makes little difference.

Very truly yours,

Dear President Burton:

Mr. E. A. Buzzell, who presented the stone from the old University of Chicago wholly agrees with the suggestion for placing the stone in front of the "C" bench and writes that it has the "hearty approval of Dr. J.E. Rhodes and himself". He will give some suggestions as to the tablet to be placed with it. He is in hopes that it may be possible to get the work done before June. We shall need to have another small appropriation for the bronze tablet, but that may wait until the suggestions come from him.

Mr. Edward B. Butler,
C/o Butler Brothers, Chicago.

My dear Mr. Butler:—

Your kind letter of December 21st with the check for $120. has been received. I can assure you that we shall greatly appreciate this gift from Mrs. Butler. Will you kindly convey to her my thanks?

I desire in this connection to ask two questions. Would Mrs. Butler prefer to have the help which this check so generously gives bestowed upon a woman or upon a man? Would she be willing to let me send her the person who will receive the scholarship, in order that she herself may become acquainted with the person and know the circumstances of the case? Of course we do not wish to burden her, but there is sometimes a satisfaction in knowing the person whom one helps. It is a source of satisfaction at all events to the person helped.

Yours most sincerely,

W. R. Harper
Dear Sr. Butter,

Mr. Butter & Partners, Chicago

You are a gentleman and your kindness is appreciated. The $120.00 has been received. I can assure you that we will use it efficiently.

May you kindly convey to Mr. Butter, will you kindly convey to me your kind intentions?

Wishing to take this connection to make two suggestions.

I agree in this connection to make two suggestions.

Would the Butter brothers have the help with this operation on generously giving permission upon a woman or upon a man? Would she be willing to let me send for the person who will receive the secret report? In order that the person may become acquainted with the person and know the circumstances of the case. Of course, we do not wish to burden you, but there is sometimes a satisfaction in knowing the person whom one helps.

If it is a case of satisfaction at all, save to the person helped.

Your most sincerely,

W. R. Huber

Dear Dr. Harper,

I propose to give the Chicago University $5,000 within 18 months from date. The income from this is to endow a scholarship in Hebrew literature.

Upon mature reflection I have concluded to shield myself behind anonymity. Too many reasons force themselves upon me to adopt this course. Call me a "well-wisher" in your report to trustees and the public.

Sincerely yours,

Henry L. Frank.

Gentlemen:

Referring to my subscription of Fifty Thousand ($50,000) Dollars made to Pres't Harper on July 8th 1892, for application upon and to complete the full sum of One Million ($1,000,000.) Dollars to the funds of the University on or before said date, as stipulated in the offer of Mr. Marshall Field dated April 8th 1892, by which he conditionally donated One Hundred Fifty Thousand ($150,000) Dollars; I hereby make request that the aforesaid amount of my donation be appropriated to the construction of a building to be used as a "Commons and Dormitories for Graduates"; said building to be the central structure of the Midway Plaisance front of the south-west quadrangle of the University buildings. I authorize the Trustees of the University to fix such rental for the occupancy of the said "Commons and Dormitories" as to them may seem reasonable and wise and I request that the net income derived from said buildings be applied to the maintenance of four (4) Semitic Fellowships to be constituted and forever set apart for Students in the department of Semitic Languages and Literatures under such governing regulations as are now in force or that may hereafter be adopted by the Board of Trustees.

Mr. Hobart W. Williams has given the University of Chicago business property having a value conservatively estimated at two million dollars. This property is to constitute a special trust. From the income a certain amount is to be set aside as an annuity throughout his life. The remainder of the income, and all the income after the donor's death, will constitute a special endowment fund "in memory and honor of Eli B. Williams and Harriet B. Williams", the parents of Mr. Hobart W. Williams. The income to be used by the University will be devoted to the purpose of "assisting poor and deserving students in acquiring education in the University of Chicago, preferably to some extent in commercial or business studies, or in studies relating or allied thereto." (The University is not restricted to giving aid to students taking such studies.) "And the University may apply such portion of the net income of said property as
A notice from the University ofChicago, June 26, 1916:

Mr. Horace W. Williams has given the University of Chicago a property, having a value so considerable that two million dollars. This property is to constitute a special fund from which to be derived an annual amount to be set aside as an endowment for the income and other expenses of the University, in memory of the income, and will constitute a memorial endowment after the donor's death. Mr. Horace W. Williams, his son, and heir, have agreed to allow this property to be used by the University to further the University of Chicago's educational and research activities in the field of science, and to contribute to the advancement of knowledge in the sciences.

"And the University may and the University may apply any portion of the net income of any property as

My Dear Mr. Ullmann:

I am in receipt of your very kind letter of December 18th in which you send your check for $500 as a donation to the University of Chicago. It is very kind of you to make this gift and to leave the direction of it to me. I assure you that it will be designated to an important object and as soon as the designation has been made you will be notified.

Yours very truly,

Dear President Harper,

My reply to the question you raise in the enclosed letter from Professor von Knobloch is as follows:

Nothing whatever should be done to change in the slightest degree the terms of this gift in question. My reasons for saying this are:

1. It would be difficult to conceive a gift of equal amount likely to stimulate among prospective German donors and friends of German life and intellectual activity generally, throughout this country and Germany, as deep an interest as the Sipp prize is sure to awaken. The advantage to the University and to the German department and to accrue from these prizes is altogether out of proportion to their

which would have been derivable from a similar amount, given by Mrs. Scipp, to the department for the Germanic library. In saying this, I do not forget a single instant the great deficiencies of our library. You will certainly remember my reiterated assertion of our crying need of many more books for research. The relatively small appropriation of money for the Modern Language libraries, available on July 1, 1904, is part of a larger institutional recognition of this and kindred needs in English and Romance.

A gift like the Scipp prizes will facilitate the securing from kindred sources funds for library and other needs of the Germanic department.

What I have mentioned under a) and b) assumes that Mrs. Scipp took the initiative in conceiving and proposing the terms of the gift. But the terms of the gift are not an expression

of Mrs. Scipps intention but of that of Consul Weber. He thought the whole matter out in detail — taking especial delight in the pleasant surprise he was thus preparing for all I as before whispering a word of the plan to anybody connected with the University of Chicago. He has and has explained in detail to me his personal reasons for each one of the conditions under which he induced Mrs. Scipps to furnish the money. What migraciousness, not to say impudence, would be expressed by any or post facto attempts to divert a foundation, so conceived, to another quite different purpose, even were the desirability of the change not at least debatable? Such are in brief my reasons for the foregoing answer to your query. It is a long way across the Atlantic to estimate a matter of this kind in its true bearings!

Allow me to express to you my very sincere thanks, on behalf of the University, for the check for five thousand dollars which we have today received, and in return for which the University establishes a scholarship in the names of Rosa F. Selz and Lillian G. Selz. I am writing to ask you to give me information as to your wishes on the following points:

1. Exactly what name would you like to have the scholarship bear? It was announced last spring as the Lillian Gertrude Selz Scholarship.

2. Under what terms do you wish the scholarship given? For example, shall it be given only to a woman? May I suggest that in any case it be given to a student who has already finished at least one year of college work, for excellence of work during that year? This is only a suggestion.
3. Will you designate whether you wish appointment to the scholarship made by the faculty or by the President?

Any other points in connection with the scholarship which you desire to designate we shall be glad to note.

Hoping to hear from you, and assuring you that we shall endeavor to carry out your wishes in the most minute detail, I remain

Gentlemen:—

Enclosed I send you subscription for One Hundred and Fifty Dollars. Please acknowledge receipt.

In connection with research work in the art of medicine or in history, if there is any subject which has baffled other investigators, it will be a pleasure for me to write a thesis concerning it if you will assign me a topic. Since graduating from the University, I have supplemented my stock of knowledge, and will write for you in English or Spanish on any subject which may interest you.

It is with great pleasure and satisfaction that I submit this letter of recommendation for the candidate for admission to the University of Chicago. The candidate is a young man of exceptional ability and has shown great promise in his studies.

In connection with this letter, I would like to add some information about the candidate's background and experience. He has an excellent academic record and has consistently demonstrated a strong interest in the field of medicine. His work in the laboratory and his participation in research have been particularly impressive. I believe that he would make an excellent addition to the University of Chicago and would greatly enhance the academic community.

Please feel free to contact me if you require any further information.

My dear Mr. Owen:—

The $700 check was an interesting and gratifying surprise. It would be worth something to know who the woman is. I congratulate you most cordially upon being the magnet that has drawn this very interesting check. I note the desire of the donor that the money be checked out upon your requisition. I am suggesting that you transmit the check with the accompanying letter to Mr. Arnett so that he may make record of it. It will naturally go to the trustees and be entered upon their minutes. This accompanying letter gives Mr. Arnett authority to distribute the money upon your order. I shall be greatly interested to see where you think the greatest needs of the school are to be found.

November 15, 1924.

My dear Mr. Dickerson:

I am handing you the bunch of material bearing on the question of a subscription of $50. to the enterprise of Mr. F. D. Nichols. In addition to what is said in Mr. Arnett's letter of November 5th I desire only to mention that Mr. Nichols is under the impression that he could interest some of his financial supporters in New York, whose names appear on the typewritten list accompanying his letter, in a Fine Arts building and provision for the promotion of interest in the Fine Arts at the University of Chicago. After consultation with Mr. Swift I have judged that matter to be of sufficient importance so that I have written him an extended and carefully prepared letter upon the whole business. I do not really expect any really large result, but on the principle of neglecting no possibility of good to the University I prepared and sent this letter.

I should like, therefore, to have you take up with the Committee on Expenditures the question whether it is best to invest $50. in the encouragement of Mr. Nichols in his efforts to interest people in New York in a Fine Arts and Building for the University.

When that question is decided I should like to have them say whether I should assume the expense or the University.
Dear Mr. President,

I am writing you the present of material assistance on the occasion of a substantial donation of $500 to the University.

Please of Mr. D. McPhee, Assistant Secretary of the University, I have received only to mention that Mr. McPhee is to have the impression that he could introduce some of the financial support in New York, whose names appear on the subscription list accompanying this letter, in a fine arts building and provision for the promotion of interest in the fine arts at the University.

After some consideration with Mr. Smith, I have decided that matter to be of sufficient importance so that I have written him an extensive and detailed letter explaining the whole purpose. I go not leastly expect any ensuing letter.

I am pleased to have the opportunity to explain the possibilities of the University in its capacity to the University I respect and what this letter.

I assume the position derived from the division of the University in the part to thank $500 in the announcement of Mr. McPhee in the assistance to interested people in New York in a fine arts building for the University.

Yours sincerely,

From my vantage I would assume the expression of the University.
I am quite willing to do it if the Committee on Expenditures recommends it as a desirable expense.
