INTERNATIONAL INTERCHANGE OF STUDENTS

THE UNITED KINGDOM SECTION

HEADQUARTERS

Caxton House
Westminster
London, S.W.

11th October, 1911

To: The Registrar

University of Edinburgh

Dear Mr. Registrar,

I have the honour to write to you as Head of the Section of the International Interchange of Students of Great Britain, in order to ask your kind assistance to inform the students of your university of the possibility of summer study in the United States.

We have had the pleasure of identifying several American universities with the highest reputation, and I have no doubt that this will give rise to a number of students from your university who wish to study in the United States.

Please forward this letter to the appropriate department in order to inform the students of this opportunity.

Sincerely yours,

[Signature]

The Secretary,
University of Chicago,
Chicago, Ill.

Dear Mr. Robertson,

It will, I am sure, give you much pleasure to meet Mr. Sidney Ball, of St. John's College, Oxford, who will present this letter to you. I have told him that I do not know anybody who is better able to bring him into touch in the right sources of obtaining information with reference to the life and work of Chicago, than yourself.

You have done so much for us in the past that I am glad to be able to give Mr. Ball an opportunity (as a distinguished member of the Committee of this Association) to thank you for your assistance.

Believe me,

Yours sincerely,

Honorary Secretary.

Dear Mr. Roper,

I will I am sure, give you much pleasure to meet Mr. Bishop Bell of St. John's College, Oxford, who will present the letter to you. I have told him that I do not know anybody well at another college to point him towards someone who has experience with reference to the life and work of Chicago, and you.

You have gone so much for me in the best part I am glad to be able to give Mr. Bell an opportunity (as a distinguished member of the Committee of the Association) to thank you for your assistance.

Believe me,

Yours sincerely,

WESTMINSTER,
LONDON

Dear Mr. Roberton,

We hope to arrive at Chicago (C & N. W. Depot) at 9:35 p.m. on Monday next.

My mail has gone on strike for the past few days, so that I do not know what arrangement you have made for us. Are we to come out to the University hotel? That is, shall we be able to stay in Kansas City if your health, as we had hoped, is not needed for Pittsburg from the depot near you.

Could you write me at this point C.O.D.?

Yours sincerely,

Henry W. Crees

The President,
University of Chicago,
Chicago, Ill.
U. S. A.

Dear President Judson,

On February 22nd, 1911, at the request of my Committee, I forwarded to the English-speaking Universities a series of questions, the answers to which we are incorporating in a report, copies of which will be distributed to the Universities in the English-speaking world. On March 23rd we received a reply from you on the subject, for which we are greatly obliged. On December 7th we again communicated with you, inviting you to send a representative to the important Conference which is being arranged by this Association for Friday, June 28th. And, with a view to making the information which we had already acquired more complete, the Committee desired me to enclose five further questions, to which we hoped you would reply.

The Conference promises to be one of great importance, inasmuch as it will represent the opinions from nearly all English-speaking Universities, a large number of Chambers of Commerce, many leading educationalists and others.

The Conference will provide an opportunity for the discussion of practical educational work, the importance of travel as an educational factor, and the interchange of students more adequately than any other conference or congress has yet
INTERNATIONAL INTRANCE OF STUDENTS

THE UNITED KINGDOM SECTON

PRELIMINARY

The United Kingdom Section is an integral part of the International Student Exchange Program, which aims to foster cultural understanding and academic collaboration between students from different countries. The section operates under the guidance of the International Student Exchange Committee, which is responsible for the organization and implementation of the program.

The section is led by the International Student Exchange Coordinator, who oversees all aspects of the program, including student intake, academic placements, and cultural orientation activities.

The section also collaborates with local universities and educational institutions to facilitate student exchange opportunities, ensuring that students have access to a diverse range of educational and cultural experiences.

The section's success depends on the cooperation and support of all stakeholders, including students, educators, and local authorities.

Carnegie House
Westminster

THE PRELIMINARY

In the United Kingdom

Contact:

1. The Coordinator
2. The Education Officer

CONCLUSION

The Committee wishes to express its appreciation to all those who have contributed to the success of the program. The Committee looks forward to continued collaboration and the expansion of the program in the future.

The Committee also wishes to invite any interested parties to contact the Coordinator for further information or to explore potential partnerships.

The Coordinator is available to answer any questions or concerns you may have.

The Committee's primary goal is to provide a unique and enriching experience for all students involved in the program.
done. The valuable work which this Association has accomplished during its experimental period will be laid before the Conference for discussion; and opportunity will be given for those attending to express their views on the value of such work, and to make suggestions for the permanent institution of the work throughout the English-speaking world.

As our Conference will be held immediately before the British Universities' Congress, attendance at which Congress is limited to representatives of British Universities, the importance of the forthcoming Conference will be readily recognised.

The Committee are greatly encouraged by the evident widespread desire on the part of the Universities to be represented at our meeting on June 28th. And as we have not yet heard from your University on the matter, I am desired to express the hope that you may be in a position to inform us who your representatives to the Conference will be. Moreover, in the interests of progressive international education, it is important that representatives of the American Universities should be thoroughly acquainted with the value of such work.

Yours sincerely,

[Signature]

Honorary Secretary.
The committee and the Faculty Association are cooperating

You are invited to attend the special meeting of the Conference Committee to be held on the afternoon of the next Saturday, June 20th. I hope to have you present for the discussion of the various topics that will be covered. Any suggestions or recommendations that you may have in regard to the work of the conference will be most welcome.

Yours sincerely,

Honorary Secretary.
Dear President Judson,

It is with very great pleasure that I am handing this letter of introduction to Mr. Sidney Ball, of St. John's College, Oxford, whose name is, I know, already familiar to you. Mr. Ball is making a protracted tour in Canada and the United States, and I shall be extremely obliged if you can afford him some facilities for seeing life and conditions as they are exemplified in Chicago.

Yours sincerely,

D. A. Robertson Esq.,
Secretary's Office,
University of Chicago.
Chicago, Illinois, U.S.A.

Dear Mr. Robertson,

You will I think remember having extended many courtesies to a small party of University Undergraduates, whom I piloted across Canada in the summer of 1910. I am sailing on the 17th inst., by the "Royal George" with a party of about half a dozen students (using the word in a slightly wider sense, that is to say, they are older, and most of them are chiefly interested in engineering), though it is the object of the tour to give them as much information as possible in addition to the specialized enquiries which they propose to make.

All being well, we hope to arrive at Chicago on the morning of Tuesday, May 14th. I wonder whether it will be possible for the Mayor of Chicago to arrange to receive us some time during that day. It is not necessary or even desirable that it should be made a very official matter, but it certainly would be nice if he would allow us to call on him and let us be shown over the City Hall under his auspices. We have provisionally allocated the rest of that day to visiting the commercial centres, but it might be possible for us perhaps to see something of the City of Chicago also.

On Wednesday, May 15th, we have provisionally

I.A. Reproductor

Secretary's Office
University of Oxford

Oxford, England

Dear Mr. Reproductor,

You will remember from my previous letter of April 1910, I recommended to you the names of John Smith, Mary Brown, and Emily Davis for inclusion in the exchange program. I am pleased to inform you that they have been recommended for inclusion.

I hope to receive further information about their progress in the United Kingdom.

Yours sincerely,

[Signature]

Mr. Reproductor

Oxford, England

On receipt of the above letter, we have transferred the

dedicated to a visit to the Wheat Pit in the morning and later to the Stock Yards. You may remember how very kind Mr. Swift was in providing us with motor cars for the journey to and from the Yards and entertaining us at lunch in the staff room, as well as giving us some special facilities of seeing the Works thoroughly. Do you think he would give us similar facilities this year?

On Thursday, the 16th of May, perhaps we might visit the University. On this occasion we are not seeing anything like so much of the majority of the Universities as we did for the Scholarship Tour, and as we hope to do to some extent in the tour which we are organizing for July. In the afternoon any industrial centres there may be of particular value - you will be able to judge of this better than I - we might visit.

It is very difficult at this distance to be able to make anything like satisfactory arrangements, so I am hoping that you will be so kind as to make them for us, as you did on the previous occasion. Could you also reserve rooms at the biggest Y.M.C.A.? I am most anxious that this party should have practical experience of what American Y.M.C.A. life is like. Two of the members of the party are 40 years of age, the rest are 25. If the age of the two individuals make it difficult for you to arrange it we must do something else. We hope to leave for St. Paul on the evening of Thursday, May 16th at 8 o'clock.

Yours faithfully,

Henry W. Craig.

Hon. Secretary.

P.S. By the bye I have sent along a note to Mr. Baldrige about our visit, but particularly in connection with the proposed meeting of the University, at which I will be able to explain particulars of the tour through the United Kingdom.

Will you let me have a line c/o The Registrar, McGill University, Montreal.
Dear Mr. [Name],

I was pleased to hear of the West Pit in the mining and construction of rights to the property. I have been working for many years in the field of mining and construction, and I am quite familiar with the various aspects of the industry. I am writing to you to express my interest in the possibility of joining your company, as I believe that my experience and expertise would be valuable to your team. I have been working at the West Pit for the past five years, and I have developed a deep understanding of the various aspects of the mining and construction process.

If you are interested in discussing this further, I would be happy to meet with you at your earliest convenience. I am available to meet at any time next week, and I would be willing to travel to your office if necessary.

Please let me know if you are interested in discussing this further. I look forward to hearing from you soon.

Sincerely,

[Your Name]

David A. Robertson, Esq.,
University of Chicago,
Chicago, Ill:
U. S. A.

My dear Mr. Robertson,

In connection with a tour being undertaken by a very small party of engineers through Canada and the United States to examine into engineering things chiefly, I hope to arrive in Chicago on the morning of Tuesday, May 14th, and leave on the evening of Thursday, May 16th.

You will remember that we are arranging an important Conference for June 28th and 29th. And we are also arranging a tour for Canadian and American students through the United Kingdom, for the summer, commencing the first week in July. If it were possible for suitable arrangements to be made, I should esteem it a favour to be given an opportunity of describing the arrangements, we are making for that tour to your students, at a meeting in the University.

The cost of the whole tour will be very small, comparatively speaking, and special facilities will be afforded by leaders in every department of activity in the United Kingdom. By the time I arrive I shall have in my possession a considerable number of printed state-
INTERNATIONAL INTERCHANGE OF STUDENTS

THE UNITED KINGDOM SECTION

MEMORANDUM

The United Kingdom Section of the Student Interchange Committee

This Section is charged with the following responsibilities:

- To undertake and promote exchange activities between higher education institutions in the United Kingdom and overseas.
- To liaise with overseas institutions to facilitate student exchange programs.
- To provide guidance and support to students and institutions involved in exchange programs.

President

Carnegie House
Westminster
London S.W.

April 1969

Having received your letter

University of Chicago

Chicago, Ill.

I am happy to announce the formation of a

In cooperation with your board of directors, Carnegie and

University of Chicago, I propose to establish an exchange agreement.

I am pleased to invite you to consider the formation of such an arrangement.

May I hope for my assured at the earliest opportunity?

You will, I am sure, find our proposals of interest.

Your Conference to the SSDG and SSDC, and no more

I am confident that it will enhance your American experience

and strengthen the good relations. I am therefore encouraged

to make a proposal for your consideration and encouragement.

In view of the opportunity, I am confident that the arrangement

will be mutually advantageous.

The cost of the program will be very small.

The United Kingdom Section of the Committee for Academic and Cultural Exchange will be responsible for the arrangements and administration of the program. Please feel free to contact me should you require any further information.

Yours sincerely,

[Signature]
ments regarding the tour, which can be described at the meeting. It would also be an advantage if reporters could attend both from the University and public Press. From the experience on this side my Committee are confident that the students would be only too glad to co-operate in the matter, if you can see your way to give them an opportunity. What we should particularly like would be that you would be able to take the matter up in any way which seems best to suit the occasion, and I should be happy to come to the University and describe our work and speak of the tour particularly, at any time you care to arrange.

Usually in connection with the Universities on this side, the Vice-Chancellor or the Principal, as the case may be, has taken the Chair, but the part of organisation has been undertaken by the students themselves. We hope it may be possible for a number of your students to take advantage of this tour, which is calculated to be of very great educational value.

I should add that members of the Cabinet and others have assured us of their co-operation in the matter, as was the case for a similar tour last year.

As I am sailing on the 17th inst., by the Royal Line from Bristol, perhaps you will be so good as to address your communication C/o The Registrar, McGill University, Montreal.

Believe me,

Yours sincerely,

[Signature]

Honorary Secretary.
Chicago, April 20, 1912.

My dear Mr. Cree:

I am in receipt of your letter of April 2 concerning your visit to the University of Chicago. We have no required assembly of all students in the University. This will make it very difficult to afford you an opportunity to address them all. The best we can do is to have Mr. Hargrave Long and such members of the student council as may be interested arrange a special meeting which they can advertise freely. In that meeting you will get the students who are especially interested. I fear that it will not be possible for the President to take the chair since he is likely to be in the east the week you mention.

Sincerely yours,

D. A. Robertson
Secretary to the President
Secretary to the President.

DAR-D

Mr. Henry W. Cree,
C/o The Registrar,
McGill University,
Montreal, Canada.
Mr. Grant W. Green:

I am in receipt of your letter of April 8 asking you to attend the University of Chicago. We have no regular series of meetings at the university. This will make it very difficult to arrange an opportunity to meet you. I am here only to have Mr. Hurwitz indoctrinate any members of the student council as may be interested in securing a special meeting which they can organize locally. In that meeting, you will have the students who are especially interested.

I fear that it will not be possible for the President to take the matter under his consideration for the next week.

Sincerely yours,

D. A. Robinson
Secretary to the President

The Secretary,
University of Chicago,
Chicago, Ill.

Dear Mr. Robertson:

Before I left England on the 17th ult., I addressed 2 letters of considerable importance to you. It may be, and possibly is the case, that they sank with the ill-fated Titanic.

One letter deals with a visit of a party of men (technical students) who are travelling through Canada and the United States. They will arrive in Chicago on the morning of Tuesday the 14th inst.; and will leave again some time in the day of Thursday the 16th. In that letter I think I suggested, and I asked you, if you thought you could arrange for them to be received by the Mayor of Chicago on that day and then to pay a visit to the University in the afternoon. I also suggested that on Wednesday, the 15th, arrangements might be made for them to see the Wheat Pit and the Stock Yards, which you were kind enough to arrange on a previous occasion. Would you be so kind as to let me know whether you think this could be arranged for us? If it is possible, it will be of the greatest value.

The other letter asked whether it would be possible for a meeting to be arranged in the University at which I might describe the arrangements made for Colonial and American students to
Dear Mr. President:

Before I leave England on the 12th of October, I have a few matters of considerable importance to bring to your attention. I may be unable to see you face to face before I leave England, but I want you to know how much I appreciate your cooperation.

I am considering a trip to Chicago on the 15th of October to visit some of my friends and attend a meeting of the University of Chicago. I am sure you will be interested in knowing that I have arranged to meet with the President of the University at the first opportunity.

I am also planning to spend some time in the United States, and I hope to be able to attend the meeting of the Association for the International Interchange of Students, which will be held in Chicago. travel through Great Britain and Ireland during the coming Summer. If it were possible for such a meeting to be held I should be very glad to come and address the meeting. One such meeting was held at McGill on Tuesday last and was an unqualified success. As a result I feel sure we shall obtain at least 2 representatives of McGill for the tour.

I hope arrangements could be made for me to leave a number of statements of the tour at an accessible office in the University for reference purposes for other students.

Believe me,

Yours sincerely,

[Signature]
Chicago, May 6, 1912

Dear Mr. Crees:—

In answer to your two letters which you feared had gone down with the "Titanic" I wrote that I should be glad to do anything I could to make successful the visit of your group to the city of Chicago. I cannot be sure that I can get you a car for the days you will be here, and I cannot guarantee a large attendance at a meeting for the purpose of explaining the interchange. As I said in my former letter, I put the matter in the hands of Mr. Hargrave A. Long, who was to take up with the Student Council the general plan for holding a meeting at which you should present the case. President Judson cannot be present on account of other appointments. Whether Mayor Harrison will be in Chicago on the 14th I cannot now say. If he is disengaged he will be glad of course to meet your young men for a few minutes.

Sincerely yours,

Secretary to the President

D.A.R. - L.

Mr. Henry W. Crees,
McGill University,
Montreal, Canada.
Dear Mr. Green,

To answer your question regarding why you have not heard from me, I must tell you that I have been occupied with the "Junior" I.T. situation. I was told by the chairman of the board to write this letter, and I am writing to say that I am unable to fulfill this request. I cannot provide you with the information you are seeking.

I am currently preparing a report on the situation, and I will provide you with a copy as soon as it is available.

I want to let you know that I am working on the problem of explaining the situation to the administration. As a matter of fact, I am meeting with the president of the Student Senate to discuss the matter.

I realize that the President's Union cannot be present on a regular basis, but I will do my best to schedule a meeting at which you can attend.

If you cannot meet your own needs, I will do my best to find a substitute.

Sincerely,

INTERNATIONAL CONFERENCE

June 1945—The Hague

At the conclusion of the Conference, the following resolutions were adopted:

1. That the Conference strongly condemned the action of the German and Italian Governments in their treatment of the Jewish people and also that of the Japanese Government in the instance of the Chinese people.

2. That the Conference considered that the liberation of the Allied peoples was the most important task of the conference.

3. That the Conference recognized the importance of the work of the United Nations Conference on the Prevention of War.

4. That the Conference called upon all nations to co-operate in the work of the United Nations Conference on the Prevention of War.

5. That the Conference expressed its sense of the need for a strong and united international organization.

The President of the Conference,

University of Oxford,

J. S. A.

Dear President of the Conference,

In connection with the above resolutions, we have the pleasure to inform you of the work of the Conference which was attended by representatives of all the Allied nations and which has been attended by representatives of all the Allied nations.

In conclusion, we shall have the pleasure to forward you a copy of our final report, containing the full text of the conference.

Yours sincerely,

TEXT OF THE
RESOLUTIONS
ADOPTED AT THE LAST SESSION
OF THE
INTERNATIONAL CONFERENCE
HELD IN
LONDON, JUNE 27th to 29th, 1912.

THE REPRESENTATIVE CHARACTER OF THE MEMBERSHIP OF THE CONFERENCE, AND THE CONSPICUOUS INTEREST EXHIBITED BY MEMBERS IN THE DISCUSSIONS, RENDER THE RESOLUTIONS OF PARTICULAR IMPORTANCE

Honorary Secretary:
HENRY W. CREEES, Esq.,
CAYTON HOUSE,
WESTMINSTER, S.W.
NOTE.

The following is the Text of the Resolutions adopted by the Conference of the Association for the International Interchange of Students sitting at Caxton Hall, Westminster, S.W., June 27th to 29th, 1912.

A Report of the proceedings of the Conference, containing the Speeches delivered at the Meetings, is in course of preparation, and will be issued shortly.

Further particulars may be obtained by application to the Honorary Secretary.
International Conference, June 27th, 28th & 29th, 1912

RESOLUTIONS.

RESOLUTION 1.

That the members of the Conference of the Association for the International Interchange of Students, sitting at Caxton Hall, Westminster, on Friday, June 28th, and Saturday, June 29th, desire to express their deep appreciation of the work which has been carried on under the Presidency of the Rt. Hon. Lord Strathcona and Mount Royal. In their opinion, the work which has been fostered and encouraged by his active support is one of an epoch-making character, and one that, if his ideals are realised and the work is put upon a permanent basis, will rank among the greatest of the great interests which are associated with him.

RESOLUTION 2.

That the members of the Conference hereby express the opinion that the past activities of the Association have proved themselves to be of very great value to the world at large. Further, that the members of the Conference believe that the cessation of the work would constitute a great loss to the cause of higher education. In their opinion, the permanent establishment of the Bureau would be of very great utility; and they believe that any individual or individuals being able and willing to provide for the future of the work on the lines laid down on pages 46, 48 and 49 of the First Annual Report, would be conferring a very great benefit to modern educational development. The members of the Conference concur with the opinion expressed in that Report, that the amount necessary for the effectual establishment of the work (including the provision of two-thirds of the amount necessary for some thirty scholarships to be awarded annually) is a capital sum producing an annual income of £4,000.

RESOLUTION 3.

That the Conference further desire to recommend the inclusion of countries other than the British Empire and the United States in the scheme of work as and when opportunities offer.

RESOLUTION 4.

That the Conference recommend that every effort should be made to develop the facilities for the International Exchange of Professors.
RESOLUTION 5.

That the members of the Conference recommend that every effort should be made to co-operate with any Bureau which may be organised under the auspices of the Congress of the Universities of the Empire. In their opinion, the Bureau of the International Interchange of Students will be of the greatest material assistance, along practical lines, to such other Bureaux as may be established hereafter for the transaction of the more purely academic business. They would point out that the international character of the Bureau of the Association for the International Interchange of Students makes it a valuable source of information for any Bureau which only deals with the Universities of the British Empire.

RESOLUTION 6.

That upon the permanent establishment of the Association in London, steps should be taken to bring the work of the Association to the more immediate notice of the Universities and other Institutions of higher education of the United States and other parts of the English-speaking world. And further, that every effort should be made to obtain permanent endowment for one or more similar Bureaux to be opened on the Continent of North America to serve the interests of Canada and the United States, under the direction of the Association.

RESOLUTION 7.

That the Executive Committee should consider the adoption of a new title for the Association.

RESOLUTION 8.

That the members of the Conference request the Honorary Secretary to present in his next Report to the Association a concise, comprehensive survey of existing agencies and their activities for facilitating the International Interchange of Students, Professors and Teachers.
INTERNATIONAL INTERCHANGE OF STUDENTS.

THE UNITED KINGDOM SECTION.

PRESIDENT.

The Rt. Hon. Lord STRATHCONA and MOUNT ROYAL, G.C.M.G.,
Chancellor of Aberdeen and McGill (Montreal) Universities; High Commissioner for Canada.

22nd January, 1913.

The President,
University of Chicago,
Chicago, Ill.
U. S. A.

Dear President Judson,

In forwarding you a copy of the Third and Final Report for the experimental period of this Association, I am asked by the Committee to call your attention to the fact that that experimental period closed on the 31st of October last; and the Council, which was called into being for the purposes of this period, have now terminated their activities.

At the time of writing, it has not been found possible to complete arrangements which are regarded as essential for the permanent establishment of the work on an adequate scale. Hitherto, the Association has been supported by a small group of helpers, who have the satisfaction of knowing that they have been instrumental in demonstrating the value and importance of the educational work which they have undertaken. It is felt, however, that for the permanent work, the Association must be put upon a sound financial basis, which will enable its future Council to offer a minimum number of scholarships, and to considerably enlarge the scope of the past activities. The educational work of the Association, therefore, has been temporarily suspended, pending such time as it can be re-organised, with adequate funds at its disposal.
Meanwhile, the Reports which have been issued, together with a Supplement to the Third Report - which will be forwarded to you in a short time - record, we think clearly, the importance of the maintenance and development of such work. And, as the Founder and Honorary Secretary of the Association, I shall hope in due time to be able to report to you that the necessary funds for the permanent establishment of the Bureau are forthcoming; and that, based upon the experience which we have gained, a permanent Association and active Bureaux with representatives in each part of the English-speaking world, together with Europe, will be established.

All further communications in regard to the work should be addressed to the undersigned.

Thanking you for the interest which you have displayed in the work,

I am,

Yours faithfully,

[Signature]

Honorary Secretary.
Meanwhile the Reports which have been issued together with a supplement to the Third Report which will be forwarded to you in the same time package with the letter. I trust you will have found the Reports of the Committee on the Conduct and Election of Members and the Reports of the Committee on the Conduct of the Association. I also trust you will find the necessary forms for the preparation of the Reports and the necessary forms and regulations for the preparation of the Reports. I hope you will find the Reports and the necessary forms for the preparation of the Reports will be self evident.

All further communications in regard to the work should be addressed to the Secretary.

Thank you for the interest which you have shown in the work.

Yours faithfully,

[Signature]

Honorary Secretary
Chicago, February 15, 1913.

Mr. Henry W. Crees,
Gaxton House,
Westminster,
London, S.W.

Dear Mr. Crees,

President Judson has received the third and final report of the International Interchange of Students. The President desires me to express to you his thanks for this report.

Sincerely yours

Secretary to the President.

D. A. R. C.
Dear Mr. Robertson,

I have the pleasure to enclose herewith a copy of a letter of introduction which we have furnished to Mr. C. A. Anderson, who is a graduate of the University of Glasgow, and who is making an educational pilgrimage through the Dominion of Canada and the United States of America.

Whilst he is deeply interested in the valuable general education which such a visit affords, he is particularly desirous of obtaining an insight into engineering concerns in connection with the places he will visit.

My Committee will be grateful for any assistance you can afford him to attain either of these objects.

I have given Mr. Anderson a letter of introduction to Mr. James Crighton of the Board of Trade, as he is particularly anxious to be brought into contact with the practical side of American business methods, and I would ask you especially if you can bring him into touch with sources of information in this connection. He should be able to learn a good deal from the Chicago Board of Trade,

Dear Mr. Secretary,

I have the pleasure of enclose herewith a copy of a

Letter of Introduction sent by my friend Professor J. E. C.

Professor of Chemistry of the University of Cambridge to

Professor of Chemistry of the University of France. This Letter

contains a reference to the work of Mr. J. E. C. in the

Field of Chemistry. I have been informed that Mr. J. E. C. is a

very distinguished scientist and I should be glad if you would

forward this Letter to him.

Yours truly,

Dear Mr. Robertson,

This letter will be presented to you by Mr. C. C. Anderson, who is a graduate of the University of Glasgow.

Of him I have already written to you at greater length, and, with your kind permission, I have suggested that he should explain to you what his chief interests are during the educational tour on which he has set out.

Any assistance which you can afford this gentleman will be very greatly appreciated by my Association and by myself.

Yours sincerely,

Honorary Secretary.

Dear Mr. Robertson,

At the last meeting of my Committee I was desired to forward you the resolution which follows:-

"That the Council of this Association, under the Presidency of Lord Strathcona, hereby express their deep appreciation of the courtesies extended to a party of students travelling under the auspices of this Association in the interests of engineering and of general education. Further, that the Committee ask Mr. Robertson to accept this expression of their gratitude and appreciation, and to express their sense of obligation to those who so generously co-operated with him."

May I be allowed to add a word of personal thanks for all your kindness to the party, who benefited enormously by the visit they paid to Canada and the United States?

Yours sincerely,

HENRY W. CREES.

Honorary Secretary.
