November 5, 1912.

My dear President Judson:

With reference to your acceptance of the Honorary Vice-Presidency of the China Society of America, the presentation which the Society made of its purposes and the list of men who had allied themselves with it led me some time ago to become a member of the Society. The same general considerations lead me to hope that you will accept the position of Honorary Vice-President along with President Taft, President Yuan Shih-Kai, etc. You will notice perhaps that the Recording Secretary is Mr. Wang who went with us to China. I mention this, however, not as an argument but only as a fact of interest.

Sincerely yours,

Dear Sir:-

Your favor of the 1st inst. was duly received. It would have been answered sooner but that I have been obliged to be out of the city for some days. I certainly have no objection to having my name included in the list to which you refer, as I am sincerely interested in the object of the Society.

Very truly yours,

DEAR SIR:

Your letter of 1093 was quite interesting. I think you may have misread or misunderstood my letter of 1039. In that letter, I was expressing my opinion that there was a need for a more thorough and objective investigation of the conditions in the city. I was not asking for a law requiring a more thorough investigation, but rather suggesting that such an investigation would be beneficial. I certainly have no objection to the city being put on notice that there is a need for a more thorough investigation. I believe that the city officials should be aware of the need for such an investigation and should take steps to ensure that it is conducted.

Very truly yours,

Mr. Warren Dunham Foster,

The Youth's Companion,
Boston, Mass.

Dear Mr. Foster,

President Judson is very much interested in the Panama Canal which he visited last February. If this subject has not been covered too often and well in the Youth's Companion I think you might be able to get an interesting article from him, especially on the interesting national character of the canal and problems connected therewith. He has been working for some years also on a study of the Portuguese and Spanish colonizations in the East. I have heard him talk at the Quadrangle on one of these Portuguese navigators and also on a Dutchman who seems to have been really a "flying Dutchman." Indeed he may have material of this character in readiness to throw into form for the Youth's Companion. I hope that these topics will be useful to you and I hope also that you will find the President responsive.

Sincerely yours,

Secretary to the President.
Dear Mr. Robertson,

I was pleased to hear from you and am pleased to offer my services to assist you in any way possible. I understand the importance of the financial report and how the timely submission of the data is crucial. I assure you that I will do everything within my power to ensure that the report is completed as quickly and accurately as possible.

Thank you for considering me for this opportunity. I look forward to working with you.

Sincerely,

Dear Mr. Robertson,

One of my associates, who has charge of signed articles of a certain type, has asked me to suggest the subject upon which Mr. Judson can probably write with the most interest and value. It has seemed to me that the best way to meet this question is to ask you frankly, but of course confidentially, what you think the best subject upon which to approach the president. I know, of course, in a general way, that Mr. Judson is much interested in international law, in trout fishing, and in many questions between these two. What have you to suggest?

Cordially yours,

Dear Dr. Judson:

In father's absence, I am answering your kind letter to him. Eight or nine thousand words is rather long for the World's Work, but I know that if the paper appeals to you with something that might interest the World's Work, father would very much like to see it, so I hope that you will send it on so that it will arrive here about the time he gets back from the South, the end of this week, or the first of next.

Yours sincerely,

Dear Mr. Johnson,

In Isadora’s absence, I am forwarding your
kind letter to him. I hope to send a small amount
which I know that Mr. Johnson will appreciate, for you have
been so kind to me and so much interested in Isadora’s work.
Perhaps you have not sold the letters of the other. I know
that you will send them as soon as they arrive.

Please report the time of the flight of your
sister at the end of this week or the first of next.

Dear Sir:

Illinois is generally reputed one of the worst long ballot states in the Union. Not only is the ballot too long with respect to the election of state officers, but it is too long especially with reference to the election of county officers and the officers of lesser municipalities.

Furthermore, owing to the fact that the very large number of state and local elective offices are required to be such by the Constitution of the State, no hope of extensive reforms is possible without an amendment or a complete revision of the State Constitution.

If the movement for a short ballot in Illinois is to make any progress it is necessary that those interested in it should at once begin to organize in order that whenever the State Constitution may be amended or revised the advocates of the short ballot may have a proper representation and influence in the remaking of the Constitution and that in the meantime whatever may be accomplished through legislation may be pushed by a proper organization.

We, the undersigned, therefore, invite you to meet with us and with others enrolled in a National Short Ballot Association and residing in Illinois, at Springfield, Illinois, on or about the day of , 1913, for the purpose of organizing a Short Ballot Association for Illinois.

At that time there will be a business meeting for the purpose of organizing and electing a president and adopting articles of association and by-laws, at ten o'clock A.M. At two o'clock P.M. there will be an address by someone to be hereafter selected on some aspect of the application of the short ballot principle. At six-thirty o'clock P.M. there will be an informal dinner.

Please send your subscription of five dollars to aid in the initial work of organizing and to establish something in the treasury of the association when it is started, to John Dorr Bradley, Monadnock Block, Chicago, Illinois. In any event, please indicate on the enclosed postal whether you can be present and aid in the organization of the association.

Very truly yours,
Dr. Harry Pratt Judson,

My dear Sir:

At a special meeting today of the Senior Council and Executive Committee of The Chicago Association of Commerce a Flood Relief Fund Committee was organized for the purpose of alleviating the suffering and distress in the flooded districts of Ohio and Indiana. This disaster is fully as appalling if not more so than that which befell San Francisco to which Chicago responded so quickly and so generously.

You have been appointed as a member of this committee and we are writing to secure your acceptance of the appointment. Enclosed herewith is a list of the committee as appointed to date. More names may be added later.

Awaiting your reply, I am,

Committee of Fifteen
INcorporated in the State of Illinois

Purpose: "to aid the public authorities in the enforcement of laws against pandering and to take measures calculated to prevent traffic in women"

Executive Office:
10 South LaSalle Street, Suite 307
Chicago, Illinois

October 3, 1913

President Harry Pratt Judson,
University of Chicago,
Chicago.

My dear President Judson:-

You will be interested, I am sure, in the enclosed statement regarding the work of the Committee of Fifteen during the last four months. In my judgment that which we have been able to accomplish is of such unusual value as to warrant the hope that a large number of our friends may easily be persuaded to lend a helping hand, if they are properly approached.

I can appreciate in some measure the numerous demands which are made upon you for assistance, but our own need at the present time is so great that I trust you will feel like stretching a point and come to our help.

From May 1st to September 30th the work has cost in the neighborhood of $9,850. Our income for the same period has been but $6,256, requiring a loan of $3,594 with which to meet expenses. Of the amount received, $1,300 has come through one member of the Board, $1,000 through another, and $500 through two others. From other sources than the Board, contributions have been received to the amount of $1,556, so that outside of the four mentioned, but $1,330 has been received through the direct agency of the entire Board.

It would greatly encourage the Finance Committee if a fair proportion of the Board would pledge themselves for amounts varying from $500 to a thousand dollars, payable at their convenience, with the understanding that the money could be obtained from others.

Yours very truly,
