My Dear Mr. Kohlsaat,

I notice that Prof. Harper has severed his connection with the Chautauqua Association.

Why not organize a new educational association on a broader plane than the present Chautauqua Association? Make Chicago its head center. While the original Chautauqua has accomplished a good work in the past, it has not kept pace with present requirements.

A great educational association, international in scope, devoted to industrialism, science, literature and art, is needed. I have given some thought to this matter.

Mr. Harper should be Pope of this new organization, and his Vatican should be in Chicago, the proper seat for a world's great clearing-house of thought.

The name Chautauqua should not be used, but a better one substituted.

Should Prof. Harper desire to con-
for with me on this subject, I would be delighted to have him visit me here, and in company with yourself, whom I am anxious to welcome to my Tennessee home.

I enclose you a copy of Gov. Bloxham's last message. Please see its marked pages. Executives of other States have kindly made mention also of my work.

I mail Mr. Harper copy of a Government publication with marked reference to my work.

I have made no failures in past national and international movements. The world now demands original creations which must be practical.

With best wishes for your health and happiness, I am,

Sincerely yours,

My dear Doctor, This was sent me by Mr. Wash. stairs of the State printing. You probably know all about the young man. I send thee by mail a copy as your may be some time before you get home. Dear Mr. Reader,

I am writing to express my deepest concern regarding the recent events that have transpired in our community. The violence and chaos that have engulfed our streets are unacceptable and must be brought to a halt.

I understand that the local authorities are doing their best to maintain order, but it seems that the situation is escalating rapidly. We need to come together as a community and find a way to resolve these issues peacefully.

I suggest that we hold a town hall meeting to discuss the concerns of our community members and find a way forward. I believe that by addressing these issues openly, we can work towards a solution that is fair and just for all.

Please let me know if you are interested in attending the meeting, and we can arrange a date and time that works for everyone.

Sincerely,

The Government of Great Britain sends a number of men-of-war to the United States with the object of preparing for the celebration of the birthday of Queen Victoria. The ships, which will visit Albany and New York City, will be the first warships to cross the Atlantic to the United States. The British Warships will arrive in New York City on June 1st.

My dear Doctor,

Your letter of yesterday is just at hand. It is extremely doubtful if I shall go to Washington. I am very busy and the death of Major Handy's son yesterday morning has somewhat upset my plans. It is likely that the Major will wish to take his wife out of town for a change. You doubtless heard of the boy's death. He was a bright, studious medical student. He studied very hard and his death was very sudden.

I think that a letter from you to Major McKinley will have more strength than one from me. I know that he appreciates you very highly. If you will send your letter so that it will reach him about the 25th of March, ten days after the new house gets to work, it will doubtless have more of his attention than it would get just now.

Trusting you are well and strong, I remain,

Sincerely your Friend,

My dear Doctor,

Your letter of recommendaion to me at hand. It is extremely
confidential if I should go to Washington. I am very busy and the health
of mother hangs on me very much, but I am somewhat about my
planes. It is highly that the Mayor will wish to take the trip.

I was a great pleasure to receive your letter and he offered me a chance to
continue band at the piano. I am sure very pleased.

and the health was very sudden.

I think that a letter from you to Mayor McKinley will have
more weight than one from me. I know that the Superintendent
will receive it very highly. If you will send your letter so that it will reach him
quite soon it will have more of his attention than it would.

Just now

Trusting you are well and abundant in remained.

Sincerely yours,

Mr. H. H. Kohlsaat,
The Record Herald, Chicago.

My dear friend,—

Your telegram from Washington was greatly appreciated. It seems like hard lines to go through all this again, and too, without much hope. But the only duty that I know of in life is to be what is expected of you at the right time, and go ahead. One of the most delightful factors in my entire life has been your acquaintance and friendship. If that had been taken away from me in these twelve years, I should have lost more than I can possibly describe. This is one of the most pleasant things to which I can look back. May you live long and be happy.

Yours cordially,
January 25th, 1905.

Mr. H. H. Kohlsaat,
Chicago.

My dear Mr. Kohlsaat:-

We have in the University a very fine fellow from Washington State. His name is Herbert E. Gaston. He did some night work on the Record Herald as a compositor Friday night and Saturday. If you could in any way help him, you would be helping a fine fellow and rendering me a great obligation.

Yours very truly,

Mr. W. K. Converse
Chicago

My dear Mr. Converse:

We have in the University a very fine Fellow from Wisconsin State, the name is Professor K. Gerson. He did some very good work on the economic aspect as a co-operating contractor which was and still is of great interest. If you could go into my office here you would be pleased.

I hope to hear from you very soon and see you in a great appreciation.

Yours very truly,

My dear Mr. Kohlsaet:--

In Palm Beach recently I had the pleasure of meeting Mr. George P. Swift at his place on Lake Worth, and was very much interested in it and in his life there. It was suggested that a letter to the RECORD-HERALD descriptive in a way of the place, the fruit, and the kind of life led there by so well-known a Chicago citizen might be of interest. I have been so busy since returning to Chicago that I have not consulted you before. If such a letter would be of any use I shall be glad to furnish it.

Very truly yours,

Dear Mr. Koppe:\n
I have just received a copy of the 'Chicago Herald' and have the pleasure of sending you a copy of the recent issue. I am enclosing a letter to the editor on the subject of race relations. I have been interested in this topic for some time and feel that a letter to the editor would be appropriate.

I have also been interested in the work of the Chicago Defender and feel that your organization is making significant contributions to the cause of civil rights.

Very truly yours,
