My dear Dr. Harper,

In behalf of the Continuous Course Committee, I am directed to thank you for the interest which you have shown in the work which you have taken in hand. Professor John M. Coulter for the paper on Oct. 23 15. We were in a predicament owing to the sudden serious illness of the essayist for that date, but you have
with such apparent ease &
with such skill smoothed
The way for us. Fifty dollars
Seem to us a very modest
Sum we are quite willing
To pay more if you so think
for the services of Dr. Coulter.
The sudden tragic death
of Elizabeth Mr. Corwin has
greatly saddened our hearts.
Her condition from the first
however made it very plain
that it was God's will that
she should not live & we feel a
little comfort in knowing
that probably she would never
have been perfectly well had
she lived.

My brother Actors are tearing
up with the fortitude which
so marvellous [which] shows
a wonderful faith & belief.
Thanking you for your kind
words of sympathy.

Sincerely

Edith Rockefeller Mr. Corwin

Mabel Walker
Feb 3rd
February 6th, 1905.

Hospital work might be at least indirectly associated with the medical work of the University for the good of both.

Mrs. Harold McCormick,
88 Bellevue Place, Chicago.

My dear Mrs. McCormick:-

Meanwhile, believe me to be Your kind note of February
3rd has been received. I appreciate very much indeed your kindness, and can only hope that if at any time again I may serve you you will command.

You will perhaps pardon me for informing you, and through you Mr. McCormick, that I have not been in good health since September and that it has recently been decided that I shall undergo another operation. This time the case promises to be more serious than before. We have practically decided to have the operation performed in New York City by Dr. McBurney. The time set is about February twentieth. We are waiting for the return from Russia of my son Samuel, who is now on his way. It is impossible to predict the outcome, but it is necessary to meet these matters as they present themselves.

I have in mind very many pleasant recollections of your kindness and courtesy to me in times passed for which I desire to thank you most profoundly. I had sincerely hoped that we might find some way by which the Memorial
My dear Miss McCormick,

May I express my hearty thanks for the information which you have so kindly sent me regarding my new position in the medical work at the New York City Public Health Hospital. I was most pleased to learn of this new appointment and hope that it will be a success.

I must also thank you for your kind letter of recommendation, which I appreciated very much.

I am looking forward to the opportunity to work with the patients and to improve my knowledge and skill in this field.

I am writing to inquire if there is any possibility of a change in the dates of the beginning of the new term. If this is possible, I would be very grateful.

I appreciate your kind offer to help me in any way, and I am looking forward to the opportunity of working with the patients at the New York City Public Health Hospital.

Yours truly,

[Signature]
Hospital work might be at least indirectly associated with the medical work of the University for the good of both. Perhaps this will still come in the future. I confidently believe that it would be for the best interests of both institutions.

Meanwhile, believe me to be

Yours very truly,

W. J. Harper
Hospital work might be the least interesting associated with the medical work of the University. For the good of the patient participation from all still come into the future. I certainly

prefer that it would be for the good interest of both.

Meanwhile, please me to your kind note of receipt

Your very truly,

[Name]

P.S. You will perceive during our conversation there was no opportunity of saying more I assure you.
My dear Dr. Harper,

I cannot tell you how deeply we feel about your illness, which necessitates another operation, with all these looking to you for advice & guidance. It hardly seems as though you could be spared long enough for another operation & time for recuperation. Since the sudden tragic death of
Elizabeth Mr. Cormick we feel more than ever that it is often those who appear to be in the best of health who are taken first. That none of us go butch our time has come. I have noticed that very often when the gravity of an operation has been fully appreciated before hand it has been more successful than at times when the operation has not been considered as serious. The complications have only been discovered during the time of operating and with your fine constitution and your great optimistic temperament the Skilful Surgeons we have every thing to look for. Will you not Command us, if there is any thing we.
can do, that we are thinking of you & Mr. Harper very truly during these days. Mr. & Mrs. Corruick is in New York, & he wants very much to see you & to be of some help if he can.

Sincerely,

[Signature]

[Date: Feb 9th]
pleasure to act as one of
the judges on the evening
of June the seventh, and I
appreciate the desire of the
students in asking me.

As my sister was very kind
and as her visit was short,
I found it impossible to do

My dear President Harper:-

Your kind note
written in behalf of the
divinity students of the
Middle Temple House reached
me yesterday. It gives me
many of the things for her which she could have much enjoyed. Another time we shall hope to keep her longer.

With kind regards to Mrs. Harper.

Sincerely,

Edith Rockefeller McCormick.

May 26th 1895.
