My dear Mr. Harper,

I am glad you found it possible to arrange my lectures in January.

May I ask you to communicate with Mr. Lowell of Boston on that subject, as I think he is waiting for your resolution to determine the time for my Boston lectures. I suggested December, but until now I have no definite answer from him. May I ask you also to write to me just when in January the lectures shall begin. Don't you think it would be well to have them delivered in the afternoon hours, in order that hearers from the Town might come, as the subject may prove not to be attracting enough for mere academic audience?
I hear from Mr. Crane that Mr. Harper's junior is going to return to Moscow. I hope my Moscow friends were able to do what he wanted to be done for him. Should he want further introductions, I am always ready to give them. I am very much pleased we shall meet again in January. My compliments to Miss Harper.

Yours very truly,

Paul Milyoukov

My dear Mr. Harper,

Herewith I send you a Syllabus or a kind of summary for my lectures to be delivered at the Chicago University. I hope this summary will help my hearers to the understanding of my lectures. I also should like to add some maps, but I do not think you will have time to print them now. Thus I shall rather bring them with me. If you should want to tell me something before I come to Chicago, please address your letter to New York, where I intend to stay for one week or two. Mr. Crane was so kind...
as to propose me to alight at his lodgings, so you may address your letter accordingly.

Yours truly,

Phil Milnes.

My dear Mr Harper,

I am now lecturing here, and at about 17th of December I am going to come to Chicago. Will you give me this time not more than two lectures a week? I was not able to prepare my text beforehand, and it will be too hard on me, to let me lecture four times. I hope you will not object.
to arrange the matter, or to rearrange it, if your prospects are already published. Please let me know your decision.

Yours very sincerely,

Dear Mr. Miller:

The President has now decided to ask the Press to have the accompanying resolutions written by the hand responsible for "The gay young fox, etc." A good margin should be left on each side of the page, but the first and third pages may be used, leaving room on the third for the seal and ribbons below the President's signature, which he will himself affix. The date may be put in by the clerk who does the rest. I enclose copy and requisition. Mr. Dickerson will OK it if it is presented to him. The envelope should be addressed "His Excellency Paul Milyoukov, Foreign Minister, Petrograd, Russia." I should like to have the unused stock returned.
