National Young Men's Republican League

Hon. Harry Pratt Judson,
Chicago.

February 17th, 1916.

Dear Sir:-

A thorough political survey of the country shows that younger Republicans are organizing in every nook and corner of the nation.

The National Young Men's Republican League is welding these young men, collectively and individually, into a nationwide force for the advancement of safe and sane Republicanism for which the business men of our nation stand.

"THE YOUNG REPUBLICAN" (a copy of the March issue of which has been sent to you under separate cover) is a medium of the League's propaganda work.

The initial expense of the young men's movement to date has been heroically borne by a few gentlemen. To equalize the expense while the financial policy of the work is being developed, it has been suggested that the fund of $2500 necessary for immediate extension work be raised by individual subscriptions not to exceed $100 each.

For each $100. subscribed it is proposed to send "THE YOUNG REPUBLICAN" to two hundred young men (the names of whom are to be supplied by the subscriber to the fund or are to be taken from the League's list).

I am accordingly writing to you asking for such a subscription, or so much thereof as you feel that you are warranted in subscribing.

Thanking you for this courtesy I am,

Make all checks payable to the NATIONAL YOUNG MEN'S REPUBLICAN LEAGUE.

Yours very truly,

NATIONAL YOUNG MEN'S REPUBLICAN LEAGUE

President.

ADDRESS ALL CORRESPONDENCE TO THE NATIONAL YOUNG MEN'S REPUBLICAN LEAGUE.
DEAR MR. JONES:

A prominent political event of the country shows that young Republican are organizing in every corner of the nation.

The national Young Men's Republican League is maintaining a banner of dynamic and effective service in the movement and is making the name of the organization well known.

"THE NATIONAL REPUBLICAN" is a copy of the March issue of the Republican's monthly magazine and contains many valuable articles and viewpoints on important Republican issues.

You may be interested in the Young Men's Republican League as a potential source of support for your organization. The League has a strong network of local chapters and is actively working to promote Republican principles.

I am writing to express my gratitude for your continued support and to encourage you to take part in the activities of the League. I have a feeling that you will find the League to be an excellent additional resource.

Thank you for your continued support.

Yours very truly,

Dear Sir:

I have the honor to acknowledge receipt of your letter of kind commendation of the work proposed by the National Young Men's Republican League. Your wishes relative to not accepting the office of an Honorary Vice President of the League will be respected.

The hearty responses which are being received from our legislators, business and professional men are high indicative of the unified and co-operative spirit which prevails in the campaign to restore the Republican party to power.

The young men of the League are gratified to have a hand in the molding of this growing sentiment for Republicanism.

It will be the effort of our 1776 Executive officers, representing the younger Republican organizations of the country, to diplomatically and effectively bring before the young man in all walks of life the import of Republican principles to his individual and governmental welfare.

Respectfully,

NATIONAL YOUNG MEN'S REPUBLICAN LEAGUE

Hon. Harry Pratt Judson,

Dear Sir:-

The National Young Men's Republican League is being organized to promote the principles of genuine Republicanism among the younger men of the nation.

The personnel of the League is representative of that stable, conservative element of younger Republicanism which is now actively cooperating with the recognized Republican leadership in the several states and territories.

These young men have suggested your name and the names of other Republicans in the businesses, professions and public-life as an honorary Vice President of the League and I am accordingly writing to you asking you to accept that office.

The League will show no preferences for Presidential candidates and those men whose names have been prominently mentioned as candidates are not to be directly, or indirectly affiliated with the work of the League. The nominee of the Republican National Convention will be supported.

"The Spirit of 1776" which has been adopted in pictorial form as the insignia of the League will also characterize the active work of its 1776 Executive officers.

The members of the League will feel highly honored to enroll your name as an Honorary Vice President.

Yours very truly,

NATIONAL YOUNG MEN'S REPUBLICAN LEAGUE

Dear Sirs:

The National Young Men's Hebrew Association is moving forward to better the Jewish status of the young men of the community. As a part of the committee, I have been asked to work in the support of the National Young Men's Hebrew Association.

The purpose of the committee is to promote the interest of the young men of the community. We are trying to establish a Judeo-American club, which will promote social and educational activities.

I hope you will support this endeavor. It is in the best interest of the Jewish community.
