My dear President:

I must express my regret at the violating the Memorial Day by the Athletic Contest. It is another step in the steady progress of college athletics toward professionalism and new mercenary standards—in other words, toward mere degradation.

Very truly yours,

Pres. Harper wishes to encourage observance of February 12 and February 22 at the University, as "opportunities for cultivating that which is sadly in need of cultivation, - patriotism."

Oct. 1904.
Chicago Oct. 7, 1904.

My dear Mr. Judson:-

I have never been happy over the fact that we allow February 12th and February 22nd to pass without something more definite in the way of patriotic celebration.

I appreciate the fact that holidays are good days for quiet and repose. At the same time, I fear that we are losing excellent opportunities for cultivating that which is sadly in need of cultivation—patriotism. I do not myself think that what we want is a public address, but that we ought to have some kind of a celebration is clear to me.

Will you take the matter up and see what you think of it. Meanwhile, ought we not begin to plan for July 4th?

Yours very truly,

My dear President:

A celebration on the 22nd will have no audience. A dinner will conflict with countless other. Why not have at 10:30 on the 21st a general assembly in Memorial, with (a) a program of patriotic music and (b) a short address by an outside man.

Very truly yours,

Dear Mr. Judson:

If I remember, you and I are the committee on patriotic celebrations at the University. Has anything been suggested yet for Washington's birthday? I have taken the precaution to secure the band for that morning, and it seems to me we ought to get a good speaker early this year so as to avoid any possibility of failure.
