Dear Mr. Robertson:

I am obliged for the Coat of Arms of the University of Chicago. We are using it on our Arts Building. We have been laying Corner-stones already as you may see from the enclosed programs.

I had a call the other day from Mr. ? (*artist*) who brought a letter of introduction from President Judson. I was much pleased to meet him but his stay was so short that he could not give me an opportunity to do what I would gladly have done for him.

Sincerely,

William T. Foster
