Dear Sir:—

Your letter of Aug. 5th was received. I am sure if you could have read my first letter to the Registrar, you would not have dealt so severely with me. At that time I proceeded on the theory that a statement of facts which would enable the Registrar or his assistants to find out that I had paid the debt, would be sufficient. I relied on that sympathy and spirit of helpfulness, which had always been displayed toward me by my Alma Mater. I believe however that my letter was never shown to Dr. Goodspeed or I should have received, as a matter of courtesy, a reply.

Three or four months later, when the demand for payment was repeated, I did not think of being discourteous. I wished only to make my letter sufficiently impressive to avoid a repetition of my explanation being ignored. If in my attempt to do this, I have said anything which ought to subject me to expulsion from the university, I hereby make apology for the same. I shall be frank with you: I went to my country home a short time ago and on making strict search I was unable to find my receipt. I have moved several times since I received it and have either misplaced or destroyed it. The enclosed letter, however, from Dr. Garner, will I hope settle the matter and satisfy all concerned. In connection with his statement allow me to assure you once more that I paid my tuition in full with arduous services. Hoping that you will kindly adjust the matter for me at the Registrar's Office, I am

Very truly yours,

H. J. Jokisch.
Dear Sirs,

Your letter of the 6th of this month, I have received, and in reply thereto I am at a loss to know how to proceed. The letter reads:

"I have received your letter of the 6th of this month, and I am at a loss to know how to proceed. The letter reads:

At the time I received it, I was not prepared for the information it contained. I had not been informed of the circumstances under which it was written, and I was therefore unable to give a proper answer to the questions it contained."

I am therefore unable to give a proper answer to the questions it contained. I have thought it best to write to you, as I am unable to give you any satisfactory answer to your letter.

Dear Dr. Harper,-

They tell me at the registrar's Office that it is not customary to admit students to their rooms in the dormitories until a day or two before the opening of the quarter.

I write to ask whether it would be possible to modify this rule a little in the case of Mr. Garlick. He would like very much to get settled, and begin his work at the place where he is to wait on table for his board, in order that he may be acquainted with his duties there before the quarter opens, and the Club fills up.

Mr. Merton Miller tells me that the assignment of rooms is made about September 20. If he can be admitted very soon after that it would be a considerable accommodation.

Yours truly,

Mr. Geo. E Roberson,
Dear Sir:

Ever since I saw Mr. H. Cooper about the
Rice house, I have been trying for an interview
with Mr. R., but did not find him in his office until
yesterday. He claims to have had lots of experience with stable
men and says that they invariably make it all to pieces, and
that the present occupant wants to lease the barn before Oct. 21,
and the place and he declines to let him have it. He therefore
meets that the party must leave it.

As to unfurnished work in the house, he says he has directed
his man to go there and not to leave the place until he
gets a lease from Mr. H., to him that it is all done
satisfactorily.

As to the plumbing bill, he says he don't intend to be
small about such matters. If it belongs to him, he will
He is willing to do it. Therefore suggest that you send him the bill with a statement of what Larson says about it, or what would be better still an endorsement on it by Larson.

I have handed up some Building Association literature which I send to you. If Commonwealth is honestly and ably managed.

You can communicate to Dr. A. such portions of this message as necessary.

Yours very truly,

Dear Sir:

In answer to your letter of yesterday, I would say the reason I ask for a low rate of interest is that I think $4000 is rather high prize.

Please give me the size of the lot once more, you wrote me it was only 70 feet deep & the rest of the lots on that street are all 150 feet.

Most Respectfully,

A. O. Novander
Mr. Geo. E. Robertson,

Dear Sir,

Acknowledging your favor under this date in reference to bill of mines against Prof. Harper for $24. 70 I have the following to submit in regard to the circumstances surrounding the work of repairing stove which it would you think should be charged to Mr. Rice.

Mrs. Harper came to this office and directed the repair made and bill for same tendered to the owner— which I declined to do—whereupon she agreed to pay for the work. We cannot hold an owner responsible for bills of this character done at the instance and for the benefit of a tenant—hence it is the rule of our business to have a thorough understanding beforehand and an agreement in the part of the person ordering the work that he or she will pay the expense incurred before we risk the cost of material, labor etc.

This is business—and our reasonable dues, you must admit.

We cannot undertake to state in writing to Mr. Rice that it was no fault of Prof. Harper’s family that this work had to be done, and is therefore chargeable to the owner—as upon request. That is a matter known only to the inmates of the house, and a statement of that kind should be made by them and not by us. This I hope will explain the situation satisfactorily, and
bring a prompt settlement of the bill, which has now stood two
months

Very respectfully,

G. A. Carson

The Purpose of the Council is (1) to associate more closely those who desire to promote the study of the Bible from the historical standpoint, and of other sacred literatures as related to it; (2) to induce properly qualified persons to undertake this work either independently or in connection with another calling; (3) to extend through the American Institute of Sacred Literature a wider acquaintance with the right methods of Bible Study and their results; (4) to direct the affairs of said Institute.

The Platform of the Council. The Council does not stand for any theory of interpretation or school of criticism or denomination; but for a lifetime endeavor to promote the knowledge of the Word of God as interpreted in the best light of today. From this point of view also the contributions of other religious literatures are sought by the Council, that through the study of these literatures the teachings of the Scriptures may be more clearly understood. The Council is organized on the belief that the Bible is a unique revelation from God, and strives in a constructive spirit to investigate its teachings and to extend its influence among the people. While, therefore, a large liberty is allowed to the individual teacher, the position occupied by the Council is altogether evangelical.

The Work of the Council includes all the work conducted by the American Institute of Sacred Literature, viz.:  
2. Reading Courses including (1) The Outline Bible Club Course for Christian Organizations, (2) The Bible Students’ Reading Guild.  
3. Summer Schools held in connection with Institutions, Assemblies, and Independently.  
4. Lectures in Extension courses, at Colleges and Local “Institutes,” at conventions, and under independent auspices.  
5. Examinations (1) in Hebrew, New Testament Greek, and the English Bible, open to College Students, (2) upon the International Sunday School Lessons, open to everyone.

* A body of representative biblical teachers which controls and directs the work of the American Institute of Sacred Literature. The direct management of the Institute is entrusted to a Senate composed of the general and special officers of the Council. The list is incomplete, as the enrollment of Councilors is still in progress.

Dear Mr. Mallory:

I enclose you herewith voucher for $40.00 paying my tuition for current quarter and $2.50 in cash paying Laboratory fee as per bill. This is the first intimation I have had that I had not completed the payment of these fees and Mr. Goodspeed is in error in saying I have had several warnings in regard to the matter. Quite recently you sent me a bill for $45.00 viz. tuition $40.00 and late registration $5.00. Your books will probably show this as well as the fact that no other statement has been sent me nor any indication whatever that my fees were not paid. I have only one lab. course in Botany and it is down as a major. Since we began the course however Dr. Chamberlain informed me we would be given credit for a double major but also there would be only a $2.50 fee. However I have no desire to evade a just fee and if the rest of the class are paying it I shall be glad to do so. I only cite this to show you that I have not had any notification of my indebtedness. Kindly let me know if this is satisfactory and if it is not, I will pay the late registration fee.

Yours truly,

I am not sure how Mr. Soule can be excused from the late registration fee as after several warnings he has not yet completed the payment of his fees.

Assistant Registrar
Chautauqua

Dear Mr. Robertson,

I have but one word to say in extenuation of my course: I have encountered a dozen difficulties these during the past 8 weeks—any one of which would have been sufficient to upset my financial plans. Yesterday I received a cheque due me dated Febraury 1st and I enclosed $50.00 on a 30-day note. Had I been able to send the money before I left home that day, as it is I send it the moment I get it. What more can I do?

Before Chautauqua closes I shall draw the balance, perhaps sooner.

Please render receipt.

Sincerely,

S. H. Clark
Dr. Harper:--

A number of new men have matriculated in the Divinity School the past week. This office has not yet received any official notice that these men have registered, and are at work.

To whom shall I look for such notice,

Yours truly,

Dear Mr. Robertson:

I am in bed with an acute attack of spinal neuralgia, induced by all night-chair-reading. I hope to get in tomorrow.

Mr. Bright will probably be present to assist. Let him balance the cash, and keep you in any way possible. I am sorry to break you in so suddenly, but know you will have no difficulty.

The Bratton schedule is in my desk also the graduate dormitory in case any room in the latter is surrendered. J. W. Valentine is the first applicant. I'll tell Ellis we must have assistant janitors, for graduate and dormitory dormitories at once and to
see if he can find some good men today, for one to see to-morrow.  I feel him Mr. Hutchinson does not like colored men, he might put Sorenson in graduate dormitory, for the present — Compare Beatrice test with Miss Talbot.

Arrange with the lawyer Harry Smith to call this afternoon before he leaves for home so that you can send me message and private mail of the letters bill come send these for the Academy by him.

If Mr. Bisat has time, get the Examination book and let him write the grade of each student in the Matriculation book which I send here.

Memorandum of Statement by Mr. Arnett of his Early Training Made by Him in Conversation with W.J.M. and L.H.L. at his Home August 10 as recalled by W.J.M.

I came from England as a boy of sixteen and took a position in New Jersey with Dr. Carmen caring for his furnace and lawn. Shortly after Dr. Carmen went to Minneapolis and I accompanied him. There I went through high school working in the afternoons for a Jewish merchant, Mr. Austrian, taking care of his accounts and writing letters for him. He would dictate to me and I would write in long hand. He would even dictate letters to some of his wife's friends in the name of Mrs. Austrian.

The summer I finished high school I secured a position in the offices of the Great Western Railway in Minneapolis and after working there for a few months I told the manager that I expected to give up my work and enter the University of Minnesota. He did not want me to leave and offered me the managership of one section of the office if I would remain. I was determined to enter the University, however, and left the offices of the railroad.
