December 5, 1921.

My dear President Judson:

I have made investigation of the records with reference to the matter of cancellation of tuitions as discussed at the meeting of the Scholarship Committee last Friday. I find that on May 23, 1905, the following resolution was adopted by the Board of Trustees:

"Resolved - That authority be hereby granted to the President and the deans to remit, for the year 1905-6, either in part or altogether, tuition charges to not to exceed 200 of such persons as might otherwise be unable for financial reasons to become students of the University, provided however that investigation of the merits of each case shall precede such remission and provided further that the teaching forces can be so arranged that no additional expense for instruction be incurred on account of such students, it being understood --

1. That the Registrar will keep a separate account of fees remitted, and

2. That the President will make a semi-annual statement to the Board of Trustees of actions taken under this resolution."

On April 17, 1906, action was taken re-enacting for the year 1906-07 the legislation adopted at the meeting of the Board held on May 23, 1905.

There was no action taken with reference to the cancellation of tuitions during the year 1907-08.

On April 21, 1908, there was authorized for the year 1908-09 "cancellation of tuition at the discretion of the President to the amount of not to exceed 200 as heretofore".

You will note that the original action of the Board pro-
vides that a separate account of the fees remitted be kept by the Registrar, and that the President make a semi-annual statement to the Board of Trustees of actions taken under the resolution. The records of the Registrar for the years in question are not available, and the minutes do not disclose any reports on this subject to the Board. I am under the impression that no accounting was made for the tuitions canceled. The scholarship accounts for the years in question (to which accounts naturally the cancellations would be charged since remission of tuitions was included in those accounts during those years) do not indicate any considerable variation such as would be occasioned by the cancellation of the amount of tuition involved. At the full rate the annual amount would be $24,000., whereas the variations are comparatively slight.

For the years 1914-15 and 1915-16 during the Winter and Spring quarters each year, the President was authorized to "cancel" the tuition of 40 poor undergraduate students each quarter. The resolution further provided that the students were to give notes for the amount of the tuition, to be paid subsequently. Mr. Moulds informs me that practically all of these notes have been paid. The procedure in this connection you will observe, therefore, was not a cancellation but simply deferment of payment.

Yours very truly,

为了保持一个公正的和对等的贸易关系，我们提议在新的一年中，根据1931年的协议，双方贸易的总额，不超过1931年10月的10,000,000美元。我们希望这将是一个良好的开端，双方都能从中受益。

关于支付条件，我们建议保持1931年的协定，即在收到货物后立即支付。

此提议已由我们的代表在伦敦签署。

My dear President Judson:

With regard to the question referred to Dr. Small and myself at the meeting of the Scholarship Committee last Friday:

I have sent him a statement of the amounts paid in the form of service scholarships in the Department of Sociology during the year 1920-21. I find that an item of $40 represents a voucher issued in the Spring Quarter of 1920 which was not cashed in by the payee until after July 1, 1920; consequently it is included in the records for the year 1920-21. I have suggested to Dr. Small that he prepare for the Committee a statement indicating the particular type of service performed by each person mentioned on the inclosed list.

Yours very truly,

Dear Professor Johnson:

With regard to your question relative to the course and scope of the Agricultural Committee, I have seen the report of the Committee and am in full agreement with the conclusions and recommendations contained therein.

I am pleased to inform you that the Board of Governors has approved the recommendations of the Committee and has authorized the necessary steps to be taken to implement them.

Yours very truly,

President Harry Pratt Judson,
University of Chicago.

Dear Mr. President:

I have received from Miss Charlotte Merrill, Secretary of the Alumnae Club of the University of Chicago, the following conditions to govern the awarding of the scholarship, the funds of which have been contributed by the Club:

1. The scholarship is given by the Chicago Alumnae Club of the University of Chicago, for all four quarters of the year, to an undergraduate woman student, who shall take care of the loan library of the Alumnae Club and, in addition, shall render a small amount of clerical assistance to the Alumnae Club. As to whether the same student may have the benefit of the scholarship for more than four quarters, the Alumnae Club has no expressed opinion, being willing to abide by established precedent.

2. It is understood that the Dean shall make the formal award of the scholarship, suggestions to be made to him by the Club of possible students.

Very truly yours,

Secretary.
I have received your letter dated

University of California

Dear Mr. President:

I write to request your approval to grant the University of California a license to use the name "President of the University." This approval is necessary as part of our institutional branding and marketing efforts.

Enclosed is a copy of the letter sent to the University of California, Berkeley, granting them the same permission.

Sincerely,

CONFERENCE ON SCHOLARSHIPS

held in the President's Office on Wednesday, April 12, 1922, at 4:00 p.m.

There were present: President Judson, presiding, Messrs. Small, Salisbury, Robertson, Plimpton and Moulds.

The following matters were discussed and agreed upon:

I. (a) Service scholarships. It was agreed that graduate service scholarships are to be assigned only to graduate students with the exception that in rare and unusual cases where a department needs service and no suitable graduate students are available for this service, undergraduates may be appointed to do the work. In such exceptional cases, the routine shall be as follows:

The Graduate Dean will submit to the Dean of the Colleges the name of the particular undergraduate student recommended by the department concerned. If the Dean of the Colleges approves, the assignment can be made on a scholarship basis. If he disapproves, the appointment shall be made strictly on a service basis arranged for by the Graduate Dean with the Auditor, payment for services rendered to be charged to the Graduate Service Scholarship Fund.

(b) In unusual and exceptional cases where it would be extremely difficult for graduate students to render service, the Graduate Deans are authorized to cancel the service requirement. In such cases, the vouchers for the students are to be signed by the Dean and marked "Service Waived."

II In view of the reduced number of scholarships available in the Colleges because of increased tuition rates and commitments already made in the circular "Awards and Aids," it was agreed
COMMITTEE ON SCHOLARSHIP

May 17, 1935

The following problems were diagnosed and evaluated:

The following matters were given priority and elaborated:

1. Service Scholarship. It was stressed that graduate
service scholarship be to be conceived only to graduate students.
with the exception that in rare and unusual cases where a student
would need service and no suitable graduate assistant was available
for the service, in the judgment of the faculty, may be approved by the
Dean. Service scholarships should be limited to an average of
10% of the graduate classes. The Dean shall be responsible for
the evaluation of the classes.

The Graduate Dean will submit to the Dean of the College
the name of the particular graduate assistant recommended by
the department concerned. If the Dean of the College approves,
the recommendation can be made on a service scholarship basis. If
the recommendation is not approved, the appointment shall be made
subject to a service scholarship arrangement.

2. In the Graduate Dean with the Administration, the
recommendation to be approved by the Graduate Scholarship
Committee, it may be

3. In all cases, the Graduate Assistant, Robert Schraeder.
"The Dean and members "Service Scholarship".

In view of the above number of scholarships awarded,
the distribution seems to minimize the competition. I am asking
the Dean for the number of the assistant's work.
that entrance honor scholarships shall be reduced from forty-two in number to twenty-five, the eleven entrance prize scholarships to remain as heretofore. The amount saved by this arrangement shall be used by the Scholarship Committee for departmental honor scholarships in the Colleges.

III. It was agreed that library service appointments, since they are strictly on a service basis, henceforth need not be submitted to the deans for approval.

IV. It was agreed that since the full amount available for Noyes scholarships is not being needed by persons who were in war service, the excess scholarships may now be assigned to other persons recommended to the Committee on Noyes Scholarships by their deans.
III. It was expected that the faculty service appointments made for the college would be satisfactory. In fact, they were satisfactory on a service basis, and the college's needs were not far.

IV. It was expected that since the college's needs were met, the college's service would be satisfactory. In fact, the college's service was satisfactory, and the college was able to meet the needs of the Committee on Women Societies to some extent.

President Ernest D. Burton
The University of Chicago

My dear President Burton:

I am very much struck this morning by the very large number of scholarship applications received from students not now in the University of Chicago. I have received also a great number of applications from those who have established records with us. I desire, therefore, to raise at this time, the question of the scholarship budget for next year. You doubtless will remember that when we discussed the increase in tuition I made the point that it was desirable also to provide additional scholarships. As Secretary of the Scholarship Committee, I shall be glad to know what the budget for the coming year is to be. I have already requested the departments to nominate the honor scholars. Of course, if the number of scholarships must be cut down,

I shall have to make a drastic cut in the list of nominations. These nominations will be ready to present to you or to the Scholarship Committee next week.

The budget includes, of course, not only the honor scholarships but the endowed scholarships. I shall be glad to know the policy in regard to these. Am I to assign the income from the endowment in the case of the Smith Scholarships, and then reduce the number of scholarships available, or will there be an appropriation which will supplement the income from the several endowed funds so that the several scholarships available for endowed students will at least be kept up to what it has been?

Very truly yours,

[Signature]

Dean.

To: The President of the University of Chicago

I am very much interested in learning that your faculty have approved a proposal to establish a Department of Social Science which has been developed from the Social Science Office. I understand that this department will be placed under the direction of the President of the University, and that it will be devoted to the study of social problems.

I am interested in the work that is being done in this field, and I believe that it is essential for the advancement of knowledge. I would like to express my desire to continue to support this work in any way that I can.

Yours sincerely,

My dear Mr. Cohen:

I am glad to inform you that President Burton is appointing you to the Eisendrath Scholarship for $325 for 1924, and I am asking the Auditor to provide you with 1/3 of the amount at the beginning of the Winter, Spring, and Autumn Quarters. The President is glad to note the very favorable impression your work has made upon the Departments of Chemistry and Medicine.

My dear President Burton:

In October, 1919, the University received from Mr. Roy D. Keehn, $200, for a graduate scholarship in the Law School. No appointment has been made under this scholarship as yet. Possibly donors would feel a little better satisfied if reasonably prompt use were made of funds donated for special purposes.

Yours very truly,

For your consideration:

In October, 1938, the University received
a $200,000 gift from Mr. and Mrs. E. E. Smith. This gift was made
in appreciation of the University's support of Mr. Smith's
activities in the field of economics.

The proceeds of this gift will be used for the
Marcy Library in the Economics Department.

Thank you for your continued support.

Yours truly,

GRADUATE WORK

College graduates, who are also graduates of a law school whose professional standards are equivalent to those required for membership in the Association of American Law Schools, and who give promise of ability to make a creditable contribution to legal scholarship, will, upon application, in the discretion of the Law Faculty, be admitted as candidates for a graduate Doctor's degree, whose designation will be announced later.

One fellowship paying $200 and tuition fees for a year is available to candidates for this degree, and may be awarded to a suitable applicant in the discretion of the Law Faculty. Applications therefore should be made not later than June 15. Directions for making such applications will be sent upon request.

ROUTINE OF ENTRANCE

Applications and correspondence should be addressed to the University of Chicago Law School, Chicago, Ill. A student from another institution should present his diploma or certificate of graduation; or, if he does not hold a degree equivalent to three years of college work in the University, he should bring a detailed statement of his work. Blank forms for such statements will be sent upon application. All credentials should be presented at the office of the Dean. In cases of doubt, correspondence is invited upon these matters before the student presents himself for admission. Directions for matriculation and registration will be furnished in the Dean's office.

DEGREES

Academic degrees.—The University permits 9 majors (one year) of work in the Law School to be counted toward the degrees of A.B., Ph.B., or S.B. by candidates for the degree of J.D., who do not already hold degrees which would admit them to the Graduate Schools of the University, whether their preceding college work was taken here or elsewhere, provided only that the college work, if done elsewhere, be acceptable for advanced standing, and that the specific requirements as to courses and quality of work done here for the particular degree sought be satisfied in each case. Subject to these requirements a student admitted with a maximum of 27 majors (three years) of credit from other colleges may obtain a college degree after the completion of one year of law work, but meanwhile must also register with the Dean of the College in which he desires to take this degree, who will determine what steps must be taken to comply with requirements. A circular stating the specific requirements for college degrees will be sent upon application.

A minimum residence of three quarters in the University is required of candidates for academic degrees, and both an academic and a law degree will not be conferred for less than six quarters of residence.

Professional law degrees.—The degree of Doctor of Law (J.D.) is conferred upon candidates therefor who are college graduates and have completed the professional course with an average standing 10 per cent above the passing mark. Law credit obtained here or elsewhere by examinations taken before a student has taken 24 majors of college work will not be counted toward this degree.
PRIVILEGES

Students in the Law School are entitled to all the privileges of the University upon the same terms as other students, including the use of the Frank Dickinson Bartlett Gymnasium, the swimming-pool, and the tennis courts, medical examination and advice from the University physician, admission to other courses in the University, and membership in the Reynolds Club.

ADMISSION TO THE LAW SCHOOL

PROFESSIONAL WORK

a) To candidacy for the degree of J.D.—Admission is granted:
1. To college graduates whose degrees represent college work equivalent to 27 majors (three years) in the University.
2. To students who have completed in the University or elsewhere 27 majors (three years) of college work. Credit will be given for acceptable work done in other institutions of collegiate rank. Before receiving the degree of J.D. such students must obtain from the University or from some other approved institution an academic degree, and are permitted to count toward this one year of law. See the statement below, p. 8, under “Degrees.”

b) To candidacy for the degree of LL.B.—Admission is granted to students who have completed two years (18 majors) of college work and are twenty-one years old; or who have completed one year (9 majors) of college work and are twenty-two years old. Certain special rules apply to students from the Junior Colleges. Candidates for this degree must maintain an average standing in their law work 10 per cent above the passing mark.

c) Unclassified students.—In rare instances students over twenty-three years old who cannot meet the foregoing requirements will be admitted as unclassified students, if the Law Faculty is convinced that their previous training will enable them satisfactorily to pursue the work. Such students are not candidates for a degree.

ADVANCED STANDING IN PROFESSIONAL WORK

Non-graduates from other law schools of high grade, who are otherwise qualified to enter the School, may receive credit, not ordinarily exceeding five quarters and 15 majors in amount, for the satisfactory completion of work done there similar in character to that required here. Graduates of approved law schools may be given a maximum of six quarters and eighteen majors (two years) of credit. Such credit may not exceed three majors for each quarter of law-school residence elsewhere, and, in whole or in part, may be given conditionally or upon examination. Credit given may be withdrawn for poor work. (See “Regulations,” p. 9.)

Candidates for the degree of Bachelor of Laws must be one year older than the age required above to be admitted to second-year standing and two years older to be admitted to third-year standing.

No credit will be given for work not done in residence at a law school.

3 By special permission of the Dean admission may be granted to students who have credit for but 24 majors, but such students must make up the deficiency before obtaining an academic degree from the University. Such permission will ordinarily be granted only in the Autumn Quarter to enable students to take advantage of courses beginning then. (See “The Quarter System,” p. 5, above.)
examinations in first-year subjects only will be held the last week in September for admission to advanced standing and for the removal of conditions. Application for admission to these examinations should be made not later than September 16. Other conditions may be removed or advanced standing obtained at the regular examinations.

A student who has had but one examination in a course in which his grade is below the average required for a degree may take a second examination therein whenever it is regularly given, and his second grade shall replace the first. Two successive conditions in a course or a single grade more than 10 per cent below the passing mark is treated as a failure, and no re-examination in that course is allowed unless it is retaken in class.

Regular attendance at class exercises is required as a condition of receiving credit for work done, and the privilege of membership in the School may be withdrawn for unsatisfactory work or attendance.

PRACTICE, BRIEF-MAKING, AND PUBLIC SPEAKING

To familiarize students with the more generally prevailing rules of procedure in American courts, courses in practice are offered in the second and third years of the curriculum, which include a study of the processes of litigation and practical exercises in the preparation and trial of cases.

The former law clubs have been replaced by a moot court conducted by the School, in which every entering student is given opportunity to obtain some experience in brief-making and legal argument under competent supervision. Systematic instruction is also given in the use of digests and other legal-search books. All of this work is required of first-year students.

The University courses in public speaking and debate are open without extra charge to students of the Law School.

ORDER OF THE COIF

The Order of the Coif is a national law-school honor society, founded to encourage scholarship and to advance the ethical standards of the legal profession. Its members are selected during the Spring Quarter each year from the 10 per cent of the third-year class who rank highest in scholarship.

COURSES OF INSTRUCTION, 1923-24

PRELEGAL COURSES

Various studies especially valuable in the preliminary education of a lawyer have been designated as "prelegal courses" and are enumerated below. Though not required, prospective law students are strongly advised to elect at least a year of work (chiefly in the third college year) from this group, and to choose their Junior College electives with this view. Candidates for the degree of LL.B. are also urged to take at least a year of prelegal work before entering the Law School.
The degree of Bachelor of Laws (LL.B.) is conferred upon candidates therefor who have completed the professional course with an average standing 10 per cent above the passing mark. Law work done elsewhere by students while inadmissible here for this degree will be credited toward it only upon examinations taken after they become admissible.

To obtain either of the professional degrees it is necessary to complete 27 majors of law work, distributed over nine quarters of law-school residence, of which at least 12 majors of work and four quarters of residence (including the last quarter for which credit is given) must have been at this School and not counted toward a law degree elsewhere. Graduates of approved law schools may obtain a degree in three quarters for 9 majors of work.

Candidates for either of the professional degrees who complete the course with high distinction will receive the degree *cum laude*.

No professional degree will be conferred upon any student markedly deficient in English, and no student may receive both a first academic and a professional degree in the same quarter.

*Graduate law degree.*—A graduate Doctor’s degree, the designation of which will be announced later, will be conferred upon candidates therefor upon the fulfilment of the following requirements:

1. At least three quarters of residence at this School.
2. The investigation, under the direction of the Faculty, of an approved subject, and the submission of a printed dissertation thereon, which, in the judgment of the Faculty, constitutes a creditable contribution to legal scholarship.
3. The satisfactory completion of such other studies as the Faculty may in each case prescribe.

**REGULATIONS**

Law students who are candidates for an academic degree from the University must conform to the general rules and regulations governing Senior College students.

In any one quarter first-year students may not register for more than 3 majors, nor other students for more than 3½ majors, of work without the consent of the Dean.

Students may not take examinations (except to remove conditions or for advanced standing) in more than 10½ majors of resident work in any three consecutive quarters. Examinations upon the work of a former year are counted as of that year.

The work of the first year and the instruction in brief-making and legal argument are required. The second- and third-year courses are elective and need not be taken in any fixed order.

To obtain credit toward a law degree for any work done in the School, students must pass the regular examinations, which are by printed questions to be answered in writing. Examinations in courses continuing more than one quarter will usually be held only at the completion of the course, and credit for the first part of a course is always provisional until its completion. *No special examinations will be given,* nor will partial credit be allowed for any uncompleted course, or for one in which the student has not passed in the examination. Dear Mr. Butler:

Thank you for letting me see Mr. Plimpton's letter, enclosed with yours of December 4.

A few years ago the Law School, acting after consultation with a few other high-grade schools, decided to offer a graduate Doctor's degree for research work — primarily for law teachers — on the terms stated on pages eight and nine of the Announcement which I enclose (marked in blue). There has been great difficulty in selecting the name to be given this degree by the various law schools that have discussed it; but it is hoped that a substantial agreement will be reached at the coming meeting of the Association of American Law Schools. The requirements we make for our degree (see page nine of the Announcement) are more rigid than those of any other school, in that we require the dissertation to be actually printed, and in practice this means a fairly good-sized law book, and at present we refuse to permit summer quarter residence to be counted toward this degree, because so few members of our regular Faculty are then here. We have received and rejected a number of applications for candidacy, which came from men not of honor grade or graduates of high-grade schools. Several, who are now law teachers, have applications pending, and will come here for the degree as soon as they can get a year's leave of absence from teaching. The degree is not one that would be sought by a practitioner or indeed anyone except a present or intending law teacher, and we prefer not to admit to candidacy for it anyone whose previous record is not such that we feel sure he could do the work with distinction.

When Mr. Keahn heard of our project he offered to finance a fellowship, but he fully approved our resolution to admit only very high-grade students for this degree, and I am sure he is not unduly disappointed that up to the present time the fellowship has not been awarded. We have agreed that such a graduate degree as we have in mind should not be conferred merely upon men of fair ability who desire to have another title after their names, but should be reserved for legal scholarship of some real distinction.

I return herewith Mr. Plimpton's letter.

Very sincerely yours,

MARTHA F. GREEN first came to my notice a year ago when Mrs. Robertson happened to sit beside her at a meeting of the officers of the Young Women's Christian League of the University of Chicago. So much impressed was she by her apparent efficiency and social charm that she asked me on returning if I knew the young lady. Soon afterwards I began to get reports of an unusually able woman student who was of great assistance in forwarding the so-called "honor" sentiment among the women of the University. This movement, one of the finest manifestations of student character I can remember in the University, had for its purpose the establishment of such a fine sense of responsibility and honor among the women students that proctoring of examinations would ultimately become unnecessary. The progress of the movement under Miss Green and her associates last year and the promise of the same during the ensuing year when Miss Green is, I believe, to be at the head of the enterprise make me feel that she is one of the most valuable characters in the University. Her loyalty and efficiency have been tested also in the hall where she lived. Apparently the responsibility developed in her owing to the death of her father and mother has made her a wonderfully capable adviser for her associates in the dormitory and elsewhere. Other points might be made with respect to her promise. It is perhaps sufficient to say in regard to her scholarship that she was the highest woman appointed in June to the position of University Aide. The position of Aide or Marshal is the highest appointive student honor in the University. The records and characters of candidates are reviewed by all the Deans of the Colleges, the University Marshal, the Secretary to the President, the Dean of Women and ultimately by the President himself. Miss Green stood at the head of the list of those women nominated. She is
really an exceptionally fine person to be nominated for one of
the Henry Strong scholarships.

Dear Mr. Butler:

Referring again to the case of Charles W. Carnahan, concerning whom we have had some conversation, I would say that one of our alumni, Mr. Roy D. Keehn, has expressed his willingness to furnish $200 as a scholarship for Mr. Carnahan for the remainder of the college year --- $100 each Quarter. Mr. Keehn has sent me his check for this amount, and I have turned it over to the Cashier's Office. Mr. Carnahan tells me that before this sum can be appropriated for his benefit it should be approved by the President's Office, so I am writing to ask that you write the Cashier of your approval.

Very sincerely yours,

Dear Mr. President,

Re: Commencement Program

I am writing to express my concern about the proposed commencement program for the upcoming academic year. I understand that the university has plans to host a virtual commencement ceremony, which is necessary due to the ongoing pandemic. However, I am concerned about the lack of in-person participation and the impact it may have on the students.

I urge the university to consider alternative options, such as a hybrid model that allows for limited in-person attendance while ensuring the safety of all attendees. This would provide a sense of normalcy and a memorable experience for the students.

I would be happy to discuss this further and provide any additional information or suggestions you may need.

Thank you for your time and consideration.

Sincerely,

Dear Dr. Burton:

I have been the recipient of
the Mr. + Mrs. William N. Eisenbrath Scholarship
for the past two years 1924 (Winter Quarter) -
1925 (Spring Quarter) and herewith make application
for the 1925 Appointment.

It has been thru this generous
assignment, as you know, that I have been able
to continue my work in Medicine. This is so
since it is necessary for me to aid in the
support of my parents as well as to meet my
own expenses.

The scholarship has enabled me
to carry 2 ½ majors of school work and pay
room rent each quarter. And so I have
been working about 40 hours outside of
school to meet any other obligations.

With the closing of the Spring
Quarter 1925, the time when my appointment
expires I will have practically completed
my preclinical studies. The two majors I

will then need, it is my intention, to complete during the summer quarter. I will thus be qualified to enter the clinical studies in autumn.

As to my school work, I gladly refer you again to the records at the Bureau and as to my character and ideals to Dr. Ben Niclot, of the Department of Chemistry, with whom I have enjoyed friendship for the past four years.

Most respectfully yours,

As a student, I was working on a project related to renewable energy. I spent most of my time on a grid, exploring different sources of power. I wanted to see how we could use renewable energy to make our planet a better place.

I was surprised to find out how much we can achieve with renewable energy. It's not just about saving the planet; it's about creating a sustainable future for all of us.

I hope you find this information useful. Let's continue to explore and develop new ways to use renewable energy.

My dear Mr. Cohen:

Your application for the use of the Mr. and Mrs. William N. Eisendrath Scholarship which you have enjoyed for the past two years, was received in the President's Office in January. In his numerous and prolonged absences from the University and his absorption in other matters when here, the application has been lying unanswered.

I have conferred with Dean Harvey about the matter. Mr. Harvey speaks highly of the character of your work, and recognizes the fact that the award of this scholarship would be of very considerable benefit to you. However, Dr. Harvey says, and I think very properly, that there are a good many others in precisely the same position as yourself, and that many of these have thus far received no such aid; and the Dean therefore recommends that the scholarship be given for next year to one of those who has worked very hard to get along without aid during the last two years. The way, therefore, does not seem clear to grant your request for the continuation of this scholarship.

Dear Dr. Butler:

I inclose, herewith, the application of Mr. Maurice L. Cohen for a continuation of the Eisendrath Scholarship during 1925 (Summer, Autumn, Winter, Spring). I am sorry that I cannot recommend its continuation beyond this current quarter. Mr. Cohen has been a good and faithful student. He has done good work and he is not in a good financial position. But there are several others in exactly the same position, and I recommend that the scholarship be given for next year to one of those who have worked very hard to get along without it during the last two years. I shall send you a definite recommendation for its award sometime during the Spring Quarter.

On behalf of the Committee on the Competition of Athletics and the responsibilities of students with regard to their personal and athletic activities, I am pleased to convey to you the unanimous recommendation of the entire committee that you be extended the honor of membership in the University of Chicago team for the season of Twenty-five.

The recommendation was based on the reports of the Dean of Athletics and the members of the committee who have observed your performance. It is our feeling that the interests of the team would be best served by your participation.

I trust that you may have noticed my letter to your parents, expressing the feelings of the committee, and I have indicated that you will be informed of the number of students who are selected for the team.

Dean J. H. Tufts
Faculty Exchange

My dear Dean Tufts:

May I call to your attention the following facts bearing on the question of honor entrance scholarships:

1. There are in co-operation with the University of Chicago about 375 high schools. In accordance with the terms of co-operation, the principal of each of these schools is invited to nominate to the University an honor student from his school, and to a list of students selected from these nominees the University awards a limited number of scholarships covering tuition in the freshman year.

2. Prior to the school year 1922-23, the entrance scholarships were awarded as follows:

<table>
<thead>
<tr>
<th>Division</th>
<th>Number</th>
</tr>
</thead>
<tbody>
<tr>
<td>Honor entrance scholarships</td>
<td>42</td>
</tr>
<tr>
<td>Prize (competitive examination)</td>
<td>11</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>53</strong></td>
</tr>
</tbody>
</table>

Sometimes we have awarded a greater or less number in each of these divisions, but the total did not exceed 53.

3. At a meeting of the Scholarship Committee, held in the President’s office April 12, 1922, at which the University Examiner, through whom the entrance scholarships are administered, was not present, it was voted to reduce the number of honor entrance scholarships from 42 to 25, or the total number of entrance scholarships from 53 to 38. Beginning with that date the entrance scholarships have been awarded within the provisions embodied in this recommendation of the Scholarship Committee.

4. July 1, 1924, honor entrance scholarships on the basis of the previous provision for 25 were assigned, in addition to the prize scholarships awarded as the result of the competitive examinations held at the University in May.

5. There was recently handed to me a budgetary memorandum from the Auditor’s office which contained, under the heading, "Unendowed Honor Scholarships" the following items:

<table>
<thead>
<tr>
<th>Item</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>20 honor entrance scholarships</td>
<td>$4,500</td>
</tr>
<tr>
<td>11 prize</td>
<td>2,475</td>
</tr>

had been awarded in July, 1924, for the year 1924-25, on the basis of a total of 36 - 25 honor entrance and 11 prize.

These entrance scholarships have, as I understand it, been awarded for the double purpose of 1) more closely cementing our relations with the co-operating secondary schools; 2) bringing to the University students of exceptional qualifications. I am accordingly calling to your attention the serious way in which this purpose is affected by the reduction in number of scholarships, and to express an earnest hope that the budgetary provision for the year 1925-26 may be restored to the basis of the action of the Committee April 12, 1922, since which time there has been no action of the Committee.

I note that the budgetary memorandum referred to above includes the following item:

````Affiliation $500
(Has not been used for some time.)````

Since the University's affiliated relationship with secondary schools has been replaced by the co-operating relationship, would it not be appropriate to transfer this "affiliation" item of $500 to the honor entrance scholarship fund?

If additional information is desired concerning records of honor entrance scholarship students in the University of Chicago, or other items bearing on the question of the wisdom of the assignment of scholarships of this type, I shall be glad to supply it upon request.

My dear Miss Kerfoot:

Your favor of the 4th inst. is received. As we understand the matter (1) the annual payment by the Colonial Dames to the University on account of the scholarship is $300; (2) it was the desire of the Society that this sum should go to one scholar instead of two. If I am right about these two suppositions, Mr. Skiles' appointment will cover the current year and a new appointment will be made for the coming year. In other words, the period of the appointment would be one year unless the Society otherwise ordered. We had understood the change to include appointment for a year only. Of course if this arrangement is as I understand it, the Society would have the services each year of only one student instead of two. We are only anxious to do what the Society

Consequently, we are hereby notified that the university

for the coming year. In order to complete
the appointment for one year, the society
must make a new appointment for one
year.

We hope to receive the appointment

wishes, and if in any way we have misunderstood their desires, kindly inform me and we will at once readjust our arrangements. Perhaps it would be advisable for have a conference in which you and Mr. Shepardson could join me so that we might cover the whole ground and then we will embody the results in a memorandum so that there can be no misapprehension about it. If you will be kind enough to call up my secretary, Miss Cobb, at my office, she will be glad to arrange an appointment adapted to your convenience. Mr. Shepardson and I will very gladly conform to what you find practicable, and I will certainly endeavor next time not to keep you waiting such an unpardonable time.

I am greatly indebted for the dainty little book on the work of the Colonial Dames and assure you that I have read it from cover to cover with much interest. It is just the kind of work which in my opinion will tell materially under the plastic conditions of our present American citizenship.

Chicago, April 4, 1906.

My dear Mr. Judson:—

Your letter of April 3rd regarding the Colonial Dames Scholarship was received this morning. In response I would say that you quote quite correctly from Mrs. Kerfoot's letter of April last, that the Society will pay $300.—annually for one Colonial Dames Scholarship.

I note with interest your explanation that the full sum of $300.— was given to Mr. Skiles at one time, and that this is the reason there is only one student at the command of the Society for the University year of 1905-6. This enables me to illustrate the problem we are trying to solve. What becomes of the second year of an uncompleted Scholarship?

Should Mr. Skiles not return to the University in the autumn of 1906, which I understand is possible, how will the terms of the Scholarship be carried out by the University. What equivalent will the Society receive for the $150.— which should cover the tuition, etc., of the second year of the Scholarship of 1906.

In earlier times the sum was divided and the terms of the Scholarship complied with by the appointing of the student ranking second best to receive the benefit of the unused term, and $150.— was in the hands of the University to cover that point.

As you desired to have Professor Shepardson join us in our interview the other day but were unable to reach him, I should be most happy to consult with you and him together at the University

that you have been elected a member of the Colloidal Chemists' Society.

I note with interest your explanation that the full sum of
$300. was given to Mr. X as a fee at one time, and that this is the
reason there is only one student at the college of the Society.
This snarled me to inquire for the University of 1808.

My dear Miss Kerfoot:-

On examining the records I find that your mother wrote me under date of April 1905 in answer to a question of mine to the following effect: "I am therefore able to say authoritatively that the Society gives the $300. annually for one scholarship". In accordance with this interpretation of the matter we assigned the scholarship the current year to one student giving him the entire stipend of $300. It is for this reason that we have been able to find so successful a candidate. This explains why there have been two appointments. When the appointment is made this spring an official letter will go to the chairman of the committee, Mrs. Kerfoot, as requested. May I assume that my understanding of the matter is correct?

My dear Mr. Kerfoot:

I have examined the records of the town of April 1906 and find that your motion was under the name of Mr. Kerfoot. I am therefore able to say summarily that the Society gives the $300.00 sum and the department in accordance with the interpretation of the matter we are trying to find a satisfactory explanation of your statement giving me the opinion that we have been able to find so necessary a certificate. Therefore have received two appointments with appointment to make the change an official letter will go to the opinion of the committee, Mr. Kerfoot, as to the opinion of the matter. I assume that my negligence of the matter is correct.

My dear Sir:-

I desire to perpetuate the memory of my departed son, Walter D. Lowy, who attended the University of Chicago for some time, and whose work there was always a source of great pleasure to him.

With this end in view, I hereby offer to give to the University three 5% West Chicago Street Railway bonds of the denomination of $1,000.00, for the purpose of founding a scholarship, to be called "Walter D. Lowy Scholarship." The income from these bonds, or so much thereof as may be necessary, beginning January 1, 1905, shall be used annually for the payment of the tuition fees of some deserving student, preference being given to Jewish applicants.

The income from these bonds in excess of 4% shall be allowed to accumulate until the amount is sufficient for the time being to pay the tuition of a second student. Should the income from said bonds at any time within the next five years fall below $120.00 per year, I agree to make good the income to that extent, and within said period I reserve the privilege of substituting some other bonds, the assured income whereof shall not be less than $120.00 per year, in lieu of the bonds now given, such substitution
to be acceptable to the Board of Trustees of the University.

Upon the acceptance of this offer I am ready to hand the bonds first above mentioned to your Treasurer.

Very truly yours,
My dear Dr. Harper:

Mr. Lowy was in to-day and has signed the letter, a copy of which was furnished you, without any change. He has also deposited with me three $1,000 bonds of the West Chicago Street Railroad Company, in conformity with his offer. I await your instructions as to the disposition to be made of the letter and bonds.

Mr. Rosenwald was out of the city and I did not get the particulars of his offer. I would like very much to know these particulars.

You made no reply to that portion of my former letter which referred to Meyer Gaba. Is he a student during this quarter?

With expressions of my very highest regard, believe me,

Very sincerely yours,

Dr. William R. Harper,

President, University of Chicago,

Dear Mr. [Name],

I am writing to express my surprise and disappointment at the recent action of the Board of Directors. As a long-standing member, I was unaware of any significant changes or decisions that have taken place. The summary provided does not adequately address the gravity of the situation.

I am deeply concerned about the future of the organization and believe that it is essential to have a clear and transparent communication with all members. I urge you to reconsider the decision and to involve all stakeholders in the process.

Yours sincerely,

P.S. I would appreciate it if you could provide me with more detailed information about the decision-making process.

Mr. Henry C. Lytton,
Chicago.

My dear Mr. Lytton:

Your letter of February twenty-second, with the check for three thousand ($3000) dollars, in payment of your contribution to the University, has been received and placed to the account of the Henry C. Lytton Scholarship Fund.

In accordance with your request, I shall be glad to arrange that the scholarship be given to that student who has been found to be especially proficient in ancient and modern languages. To do this, it will be necessary to make the scholarship open to students in the last two years of college, rather than those in the first two years. I hope this may be pleasing to you.

I wish to say that I appreciate more than I can tell you the kind reception which you gave me Sunday night at your house, and your courtesy in this whole matter. The University is under great obligations. Our debt is one which we trust the good work
done for Chicago and the thousands of boys and girls entrusted to our care may in part repay.

Dear Sir:

I beg to enclose herewith check to your order for $3,000, being amount I agreed last year to give to the University, and regret that the same was not paid before, as I had supposed that you would have sent for it. I remember distinctly telling you last year to send to us when you were ready for it. However, I suppose it will come in as handy now as any other time.

I wish you to arrange for this as a special fund, or what you may term it, on the lines we were speaking about at my home, and I think I would prefer to have it for scholarships for foreign languages, or something of that character.

Dear Sirs:

On my return from California this morning my Secretary advises me that the $80 Scholarship was not paid at the time it was first broached, and I hasten to enclose my check for that amount. I have been pursued by a singular succession of fatalities in my immediate family and business connections, which has kept me traveling, with brief returns to Chicago, ever since the first of the year. This is one reason why I have failed to meet Mr. Willett when he called. I am very desirous of meeting him, and I should much appreciate it if he would call me on the telephone and make an appointment previous to his next call.
