PRESIDENT'S OFFICE.

COLORADO SPRINGS, COLO., Mar. 24, 1905.

President Chicago University,  
Chicago, Ill.

Dear Sir:-

A short time ago President Slocum wrote to President Harper asking if your University would find it convenient to send a representative to a science conference to be held at Colorado College April 27, 28 and 29. The conference will be participated in by Colorado State University, the State School of Mines, Denver University, Colorado College, the Colorado State Agricultural College and the scientific section of the Colorado State Teachers Association; it is hope to have also representatives of several Universities in the east. It is expected that the conference will help to increase the interest in advanced research work and post graduate studies.

We should be very greatly pleased if you could arrange to send Dr. Coulter to represent Chicago University. We have had some correspondence with Professor Coulter and infer that he would be willing to come if the University could make arrangements for him to do so. The committee is very anxious to have Professor Coulter come, and believe that it may be of some interest to Chicago University to have a representative here.

Yours truly,

*John C. Shedd*

JOHN G. SHEDD  
PRESIDENT

Dr. Harry P. Judson,  
1146 East 59th Street.

My dear Dr. Judson:

It was with sincere pleasure that last Christmas Day we published, as an advertisement, a poem written by one of our employes, a man who has been in our service for many years.

Because to me it seemed that the thoughts expressed in this poem represented in crystallized form the ideals typifying the spirit of our organization, we have had "The Cathedral of All the Stores" prepared in the form of little brochures, one of which I send to you with my best wishes.

Cordially yours,

*John G. Shedd*
