Dear Sir:

Your letter of September 8, addressed to Mr. Skiff, has been received. Mr. Skiff is at present in Europe and will not return for several weeks. The University Alliance purchased the stereotypes of the report of the International Congress of Arts and Science held at St. Louis in 1904, and are now selling the reprints. The names appearing on the margin of the letterhead were the officers of the Congress held at St. Louis. I know that Mr. Skiff personally has no connection with this organization.

Yours very truly,

D. C. Davies.

Dear Sir:-

Your favor of the 18th inst. was duly received. The inquiry which I made received the enclosed answer from a representative of Mr. Skiff. Professor Small is not in the city, but I have no doubt whatever that the same thing is true of him, and that neither gentleman has any connection with the enterprise to which you refer. So far as I am concerned, I know nothing about it. I am writing, as my secretary is out of the city.

Very truly yours,

My dear Chief:-

Concerning the so-called "University Alliance", I have also received one or two letters evidently like that which was sent to Mr. Skiff. I replied that, so far as I could remember, I had never heard of the University Alliance, and certainly had no voluntary connection with it. Your note of the 15th, which I find on my desk, explains the matter. It is an outrage for those people to use our names, and some time ago, in connection with Newcomb and Muensterberg, I made an effort to put a stop to it; but the report was that we had no legal remedy.

Sincerely,

Albion W. Small.
