Dear Mr. Judson,

My dear Mr. Judson,

I had hoped that during your stay in England you would find time to run over to France and that it might, perhaps, seeing you. Now that you are again at duty I am sure that all is well and that the outlook is always brilliant.

Here, things are expanding. My ideas educationally are attracting attention so much so that I am taking steps to get the government to recognize my

May I use your name a reference sometimes? Again, could you permit me to use: "under the patronage of the University of Chicago," that, naturally, carrying no official recognition.

Respectfully yours,

Dear Mr. Williamson: de Vienne,

Your favor of the 2d inst. is received. We spent our summer in the island of Great Britain, not crossing the Channel at all. Of course there were many things we should have enjoyed seeing in France, but we really did not have time at our disposal to see all the things we wanted to see in England. I am glad to know that your School is moving on prosperously. The statement which you request is enclosed herewith. I wish I could help you in the ways which you indicate, but it would not be under our rules possible for you to use the phrase "Under the patronage of the University of Chicago", or anything analogous to that. In other words, any institution not holding any official relationship with the University would not be warranted in using the name of the
University in its advertising. Of course you may refer to me unofficially whenever you wish.

With best regards, in which Mrs. Judson joins, I am,

Very truly yours, 1916

Dear Sirs,

This is to certify that you were a member of the faculty of the University of Chicago from 1910 to 1915. During the last six years of this period you held the rank of assistant professor of French. I may say that your services to the University were entirely satisfactory.

Very truly yours,

Dear [Name],

I am writing to you to express my concern and seek your advice on a matter of great importance. I understand that you are currently in a position of influence and responsibility, and I believe that you may be able to assist me in a situation that requires your expertise and guidance.

Recently, I have been facing a difficult situation at work. I have been experiencing a significant amount of stress and pressure, and I am finding it increasingly difficult to manage my workload and maintain a healthy work-life balance. I have discussed this issue with my supervisor, but I am not satisfied with the response or the level of support I have received.

I am concerned that this situation may have a negative impact on my performance and my career prospects. I am also worried about the potential consequences for my mental health and well-being. I am seeking your advice on how to address this issue and how to navigate the challenges I am facing.

I would be grateful if you could provide me with any insights, guidance, or support that you can offer. I understand that you may be busy, but any assistance you can give me would be greatly appreciated.

Thank you for taking the time to read my letter. I look forward to hearing from you.

Sincerely,

[Your Name]
