[Address]

Dear Mr. General [illegible]

With reference to your letter of August 16, 1939, relative to the matter of rental of the former B'nai Emunah, I trust you will accept this as the first step toward the inauguration of a new synagogue. I am pleased to announce that by the next Shabbos all will be complete.

Sincerely yours,

Very sincerely yours,

Dr. Frederic Woodward,
Acting President,
University of Chicago,
Chicago, Illinois.

My dear Dr. Woodward:

With reference to my letter of June 6th, 1929, and your reply thereto, under date of June 20th, in the matter of the detail of Colonel John L. Shepard to duty at the University of Chicago, I have to advise that the War Department contemplates another important detail for that officer and seeks to learn whether Major Paul S. Wagner, U.S. Army, Retired (formerly of the Medical Corps) would prove acceptable as a substitute for Colonel Shepard at your institution.

Major Wagner was recently retired on account of physical disability (high blood pressure) but is now on active duty in the Recruiting Service in Chicago.

May I ask whether the proposed substitution will be acceptable to the University?

With best personal regards, I am,

Very sincerely,

Frank Parker,
Major General, U.S. Army, Commanding.

My dear Dr. Woodward:

Under the provisions of paragraph 3, Letter War Department, dated February 1, 1929, subject: Inspection, Senior Division Units, R.O.T.C. you are advised that the R.O.T.C. Unit at the University of Chicago has been found excellent at the recent Corps Area inspection, and that the University is authorized to designate as honor graduates not to exceed 5% of the total number of students who on March 1, 1929, were enrolled in the second year of the advanced course of the unit.

May I be informed as to whether any such designations (as honor graduates) will be announced by you and be supplied with a nominal list thereof for transmission to the War Department?

Very sincerely,

FRANK PARKER,
Major General, U. S. Army,

My dear General Parker:

The events of Convocation Week have kept me so busy that I have had to neglect my correspondence. This is my excuse for the delay in answering your letter of June 6.

The detail of Colonel John L. Shepard to duty at the University of Chicago as replacement for Lieutenant Colonel J. C. Gregory will be entirely acceptable to the University, and we shall be particularly glad to have an active officer of the Medical Corps in charge of our Medical Unit.

With warm regards and many thanks for your courtesy, I am

My dear Dr. Woodward:

The War Department has recommended for detail to duty at the University of Chicago, Colonel John L. Shepard, Medical Corps, as replacement for Lieutenant Colonel J. C. Gregory, U.S.A. Retired, who has requested relief from active duty.

Colonel Shepard is a graduate of the University of Wisconsin and the Rush Medical School. He is regarded by the War Department as a Medical officer of the highest type and exceptionally well suited for the detail.

Will you kindly advise me whether the suggested detail will prove acceptable?

With best personal regards and expression of continued interest, I am,

To

Mr. and Mrs. Woodward:

May I express to you my appreciation of your hospitality during the visit to the University on May 29th, at which time we had the opportunity of viewing the ROTC and also your hospitality at the luncheon.

Very cordially yours,

Pearl A. Duncan,
Department President.

Acting President
of the University of
Chicago.
June 6, 1929

My dear Major Beals:

Your letter of May 31 is deeply appreciated. We are very happy to have contributed in some measure to the success of the Annual Military Tournament, and I am sure we all hope that it will be held on Stagg Field again next year.

The Tournament was nothing less than a revelation to me and notwithstanding the trying heat of the day, I thoroughly enjoyed every minute of the program. You are certainly to be congratulated upon the splendid appearance made by the high school units and the excellence of their performance.

Yours cordially,

FREDERIC WOODWARD

FWK

Acting President

Mr. President:

Your letter of May 25 to the board of directors, expressing a desire to have the organization a part of the next major tournament, and inviting the board to consider the possibility of accommodating the same at the site of your proposed tournament, is now before the board. As a result of the discussion, it has been decided that the board of directors will entertain the question of the proposed tournament on the following conditions:

1. The proposed tournament must be of a high caliber and of national importance.
2. The tournament must be conducted in a manner that will enhance the reputation of the organization.
3. The location of the tournament must be such that it will attract a sufficient number of players to ensure a successful event.

Your understanding of these conditions is requested.

Yours sincerely,

Dr. Frederick Woodward,
Acting President,
University of Chicago,
City.

My dear Dr. Woodward:

Our Annual Military Tournament, which you were kind enough to permit us to hold at Stagg Field on the 29th was the most successful one that we have yet held, largely due to the contribution which Major Christian, Lieutenant Gildart and your Corps of Cadets made toward it. The friendly courtesy which your young men extended to all on every possible occasion will go far to cement the already friendly relations between the University and our school system.

Your own active interest and presence on the field added greatly to the spirit of the occasion and the handsome cup given by you went far to stimulate the spirit of competition.

I can but express my own most sincere thanks for all that you and those associated with you did for us. I hope that your own impression was sufficiently favorable so that you will see fit to invite us again next year.

Very truly yours,

F. L. BEALS

Mr. E.A. F. Roos.

Chairman, Chicago Athletic Association.

Dear Mr. Roos:

I am writing to express my appreciation for the work of the Board of Education in the field of athletics. I have been closely associated with the Chicago Athletic Association for many years, and I believe that your organization has been of great value to the city and the state. The Chicago Athletic Association has been a leader in promoting athletic activities, and I believe that it has played a vital role in the development of young people.

I am particularly impressed by the work of the Board of Education in the area of athletics management. I believe that the Board has been able to provide a framework for the development of athletic programs that are both competitive and fair. I have seen firsthand the benefits that can be derived from strong athletic programs, and I believe that the Board of Education has been instrumental in achieving those benefits.

I look forward to seeing the Chicago Athletic Association continue to grow and to provide opportunities for young people to develop their skills and to have fun. I believe that the Board of Education has been able to provide a strong foundation for this organization, and I hope that the Chicago Athletic Association will continue to build on that foundation.

Sincerely,

My dear Major:

We wish to thank you very kindly for the use of your horses on Decoration Day.

Heretofore it has always been a difficult task to hire proper draft horses for our Decoration Day Parade, and the Battery Commander who used your horses had little or no trouble with them.

Trusting the horses and equipment were returned in the same condition as received, I am,

Sincerely yours,

Signed: T. S. Hammond,

My dear Mr. Kotter:

We wish to thank you very kindly for the note our presence on Decoration Day.

Perhaps it has always been a difficult task to make sure that no one was forgotten, but the proper staff presence for our Decoration Day parade and the presentation ceremony who need your presence pay little or no tribute with their presence. It is my hope that the parade and ceremony may be attended by the same attendance as recent years. I am

Sincerely yours,

My dear Major Christian:

The 29th was a day which all of us connected with the R. O. T. C. Tournament will long remember as the most successful of its kind. Your kindly hospitality, and that of the University authorities, made the day a pleasant one indeed.

The services which your R. O. T. C. students, under the direction of Lieutenant Gildart, rendered made everything go off smoothly and without hitch. We are all most deeply appreciative of their contribution to our successful day.

The whole affair will go for toward cementing the friendly relations between the University and our public school system, especially that part of it connected with the R. O. T. C.

Please accept my most sincere thanks. If it can be arranged and you think well of the idea we should like to repeat the performance next year, probably a little earlier in the season.

Cordially,

Signed: F. L. Beals

My Dear Miss Noble,

Please accept for yourself and Mr. Haynes, my thanks for the cordialities extended to myself and my group of J. A. R. members, all representatives of National Defense Committees.

Every woman there had a lovely day and told me about her enjoyment and I am passing it on, as you did so much more than I did to make it enjoyable.

I have written a short note to Miss Smith, I understand she had charge of having the luncheon prepared, but I did not meet her so was unable personally to compliment her upon the luncheon.

With kind regards I am,

Most sincerely,

TO THE GENERAL PERMIT

Thank you for your consideration.

I am greatly interested in the fragment of the R.D.T.C. of the University of Chicago and the opportunity to do new work and new research in that area.

I should like to have the opportunity of presenting my ideas to you and others and, in turn, to present yours to the general public.

Sincerely yours,

Frank Woodward

Dear Mr. Stevens:

Regarding the visit of the Chicago High Schools to Stagg Field on May 29th, I have just learned through Major Beals that Mr. Wm. J. Bogan, Supt. of Schools is extending an invitation to Major General Frank Parker, Commanding the Sixth Corps Area to attend the marching and band competition at the University.

The University's Military Unit is also holding exercises that day, and plans to have a number of visitors to witness this Military Day demonstrations. May I suggest that an invitation extended by Mr. Woodward to General Parker to be the guest of the University on that day would be much appreciated. I wish to invite Mr. Woodward yourself, General Parker, Major Beals and a few others to be my guests at the Quadrangle Club for luncheon that day.

The Military Department is working with Mr. Haynes, also with the Alumni and Publicity Offices to arrange all the details for this day, which we expect will furnish valuable contacts and publicity for the University.

Cordially yours,

Frank Parker

My dear Mr. Bogan:

Your letter in reply to Dr. Woodward's invitation to hold your competitive drills and marching contests at Stagg Field, University of Chicago, has been referred to me by the President's office. Dr. Woodward is at present out of the city, and I have made the necessary arrangements for the date you suggested.

Stagg Field will be available the whole day May 29th, and I assure you that the University of Chicago looks forward with pleasure to entertaining the high schools of Chicago. Please be assured that the President's office, Mr. Stagg and the Military Department will lend yourself and Major Beals every cooperation for this occasion.

I have talked to Major Beals and our band director, Mr. Clark, and I shall be glad to be at your service to arrange such details as you and Major Beals may desire.

Sincerely yours,

Dear Mr. Woodward:

The date of the annual inspection of the Military Department to include the Field Artillery and Medical Units has been fixed by the War Department as May 9th and 10th. The inspecting officers will be Colonel Nelson E. Margetts, Inspector General's Department and Colonel Lee W. Hart, Medical Corps. I am drawing up a program for these two (2) days, and will submit copies of same to you. I would like to bring the inspecting officers on the morning of May 9th to your office for a conference and have them to luncheon on that date with you at the Quadrangle Club, if convenient. The inspection will be somewhat similar to those of last year.

For your information I am enclosing a copy of a proposed program of instruction for the academic year 1929-30, which differs in several respects from our past programs of instruction. I have lately had several conferences with Dean Boucher, Dean Gale, Dr. Reed and Mr. Stagg in connection with this revised program, and they agreed to its contents. In order to meet the new War Department requirements, to minimize conflict with University courses and to provide for the exigencies of one less regular instructor next year, I have proposed cutting down the 2½ majors in the Basic Course to 1½ majors, making the first year Basic three quarters of Military Physical Culture. Also I have reduced the present four majors of the Advanced Course to three and one-half (3½) majors, making more one-half major courses. I believe that the new program will be more flexible and can be more readily adjusted to the student's regular course, and should also increase our enrollment. It is a new venture, but I believe it is worth trying.

The present year, which is the tenth anniversary of R. O. T. C. at the University, has been noted worthy in the following respects:

a/ Largest commissioned output--35 graduates, which passes the hundredth mark for our alumni for the first time.
b/ By far the largest advanced course enrollment in the history of the department.
c/ The largest percentage of basic students entering the advanced course.
d/ The largest number of men at the Summer Training Camp (more than the F. A. Unit of the University of Illinois, and we are also graduating almost as many commissioned officers as the University of Illinois).
e/ Tailor made uniforms for the advanced course, a few new horses and prospects of new quarters in the armory next year.

Prospects for next year appear to be better than this year, as the spirit of the department is excellent and I think it now enjoys a good footing on the campus. I hope you will not think I am lauding my department, but I wish to
acquaint you with some of the interesting features this year before the arrival of the inspectors.

I would like to suggest, that if you deem it consistent, that the graduates of the department receive their commissions in uniform at graduation exercises in June.

With cordial regards, I remain,

Sincerely yours,

DB (AA)-000.6-11 Programs

My dear General Malone:

I acknowledge receipt of your letter of March 26, enclosing a new War Department Program of Instruction for Field Artillery Units, and a copy of the letter of transmittal, dated March 22, 1929.

A comparison of the new program with the one now in force at this University reveals a close similarity and the new program is entirely agreeable to us in principle. We feel, however, that certain minor variations are of importance in the best interests of our unit. For example, Mounted Instruction which is a second year course in the new program should be given in the first year in this unit, in order to stimulate enrollment. Again, the number of hours for Dismounted Drill are considered excessive for this unit for the reason that many students have completed a great deal of this in Junior units and our courses would, therefore, become irksome, with attendant loss in enrollment.

I understand that the new program is intended to permit a certain amount of elasticity and our local program for 1929-30 will conform quite closely with the instructions, without any violent changes.

Yours very truly,
FREDERIC WOODWARD

Memorandum

to the President, University of Chicago:

The following recommendations with reference new War Department Program of instruction are submitted for suggested reply:

1. Attached hereto copy of present program Military Department and comparison of which with new War Department program reveals a very close similarity.

2. The new program is agreed with in principle, however, due to the many and varying local conditions at the several units, it is felt impracticable to superimpose a fixed common program for each.

3. To illustrate the above, a variation in proposed schedule in two respects is necessary at this unit, namely: Mounted instruction contemplated in the 2nd Year Basic should be given the first year at this unit in order to stimulate enrollment.

4. The number of hours for dismounted drill are considered excessive for this particular unit, for the reason that many students have completed a great deal of this in Junior units, and our courses would, therefore, become irksome, with attendant loss in enrollment.

4. It is thought that the new program permits of certain amount of elasticity. Program of Instruction for this Unit 1929-30 will fairly closely conform without any violent changes, but as a common sense proposition local conditions must be considered.

My dear Dr. Woodward:

Herewith a new War Department Program of Instruction, Field Artillery R.O.T.C. Units, and copy of letter of transmittal dated March 22, 1929.

May I invite your particular attention to paragraph 3 of the letter of transmittal?

Very truly yours,

MAJOR GENERAL, U.S. ARMY, Commanding.
In reply refer to A.O. 353-R.O.T.C.
(3-1-29) C Misc.

Subject: Program of Instruction, Field Artillery R.O.T.C. Units.

To: Commanding General, Sixth Corps Area.

March 22, 1929.

1. Reference is made to par. 3 of the letter of this office dated May 24, 1928, subject: Program of Instruction, Senior Division, R.O.T.C. at Institutions (A.O. 353-R.O.T.C. 5-9-28).

2. The Field Artillery Section (Section IV) of the program has been revised in light of the comments of institutional authorities and corps area commanders on the tentative program. Nine copies of the revised program are being transmitted to your headquarters for your information and use and distribution to institutions maintaining Field Artillery R.O.T.C. units (2 copies per institution).

3. In introducing the new program at the several institutions of your corps area, it is desired that special consideration be given to the fact that at the present time, considerable variations exist in the courses of instruction of Field Artillery units at different institutions and that in many cases conformity to the new program will call for important changes in their R.O.T.C. courses. In some cases, the changes called for may involve institutional readjustments which cannot be immediately effected. It is therefore desired that due allowance be made for local conditions in fixing the time for making effective the changes in the courses of the several years. The changes from the program now in effect should be made in such a way as to avoid violent readjustments or repetition of courses already covered.

It is desired that, where practicable, the revised program be adopted by institutions effective with the beginning of the school year 1929-30. The adoption of the program may be deferred until a later date in those cases where it appears that the institution will encounter difficulty in effecting the changes involved at the beginning of the next school year.

In transmitting the Field Artillery program to institutions, you will inform them as to the conditions under which it is contemplated that the changes in courses of instruction will be made as outlined in the foregoing portions of this paragraph.
Subject: Program of Instruction, Field Affiliation R.O.T.C. Units

TO: Commanding General, Sixth Corps Area

Re: Reference is made to par. 8 of the letter of this office.

In lieu of instruction previously issued from the Office of the Adjutant General's Office, R.O.T.C.

Attached to this letter isColeper instruction.

This program of instruction for Field Affiliation R.O.T.C. units is designed to provide a comprehensive course of study for the cadets in these units. It includes a variety of subjects such as military history, tactics, and leadership. The program is intended to prepare cadets for their future roles as officers in the military.

In transmitting the Field Affiliation Program to you, I wish to emphasize the importance of this course of instruction for the cadets. It is essential that the cadets gain a thorough understanding of the principles and practices of military leadership.

I hope that you will find this program to be beneficial to the cadets in your area. Please feel free to contact me with any questions or concerns you may have regarding the implementation of this program.

Sincerely,

1. Special Instruction

(a) The program hereinafter outlined is drawn to meet a definite standard and to establish a course of instruction, which in respect to content and progression is deemed best adapted to the objective of training in Field Artillery P.O.T.C. units under conditions generally prevailing at colleges and universities. The program assumes favorable facilities for the several classes of instruction prescribed: The necessary personnel, animals, material, adequate instructional plant (Armory, riding hall, drill ground) and institutional arrangements which will permit of favorable adjustments in respect to size of classes and periods of instruction. Where the conditions assumed do not exist, corps area commanders will authorize the modifications necessary to adapt the program to local limitations in such manner as best to attain the objectives prescribed, without reducing the number of hours required by the provisions of Section 40, National Defense Act.

(b) The program is based upon a progression and sequence of field artillery instruction in the several years of the course as follows:

- **First Year Basic:** Subjects pertaining to battery equipment and matériel and covering in general the duties of cannoners.
- **Second Year Basic:** Subjects pertaining to battery transport (motor or animal) and covering in general the duties of drivers, in addition, instruction in communications, fire-control instruments, and the general duties of members of the Battery Detail.
- **First Year Advanced:** Artillery technique - gunnery, preparation of fire, conduct of fire, and the use of the Battery Detail in the reconnaissance, selection and occupation of a position. The course of this year will prepare the student to conduct the fire of a battery at service practice during the Advanced Camp.
- **Second Year Advanced:** The tactical employment of field artillery and training in leadership and command.

My dear General Malone:

I must apologize for my tardiness in answering your letter of February 28, relating to the 1929 summer training camps.

The presence of only one regular army officer and of a part of the enlisted detachment is necessary during the summer, in order to repair and renovate the Government property and to care for the horses. With the understanding that provision will be made for this purpose, the University has no objection to the employment of some of the regular army personnel in the summer training camps.

With best wishes

Yours cordially,

FREDERIC WOODWARD

Memorandum

The Secretary to the President

Mr. F. B. Stolberg

The purpose of this memorandum is to bring to your attention the fact that the 1932 budget for the National Park Service has been increased to $10,000,000. This increase is necessary to meet the growing demand for services and facilities in the National Parks. The Secretary of the Interior has directed that the appropriation for the National Parks be increased in order to provide for the construction of new facilities and the improvement of existing ones.

I am therefore recommending that the appropriation for the National Parks be increased from $9,000,000 to $10,000,000.

Yours very truly,

Frederick Woodbridge
Acting President

Memorandum to the President

November 30, 1932

Acting President:

The Secretary of the Interior has directed that the appropriation for the National Parks be increased from $9,000,000 to $10,000,000. This increase is necessary to meet the growing demand for services and facilities in the National Parks. The Secretary has instructed me to recommend this increase to the President.

MEMORANDUM:

To Frederic C. Woodward:

Subject: Letter to General Malone re Army Personnel for Summer Camp.

1. University of Chicago has no objection to the employment of the services during the summer of the regular army personnel, which can be properly spared for this detached duty. The University is confident that only such details would be made as in past years, which would not adversely effect this ROTC Unit.

2. The presence of one regular army officer is considered necessary during the summer. The Military Department utilizes the summer period to repair and renovation of Government property on hand, so that in connection with this duty and the care of the horses, it is felt that the services of but few of the enlisted detachment can be spared.

J.G. Christian,
Major, F. A. (DEA)
To the Director of Research:

Professor, please give me a list of the instruments you have on hand. I am interested in making an analysis of the apparatus. I would like to have a copy of the manuals and any other information you might have on them. Also, if you have any additional apparatus that you do not want to sell, please let me know.

My dear Dr. Woodward:

To enable me to conduct the 1929 summer training camps, it will be essential to employ the services of some of the Regular Army personnel on R. O. T. C. duty in this Corps Area, as in past years.

Prior to making my selections, I would appreciate expression of your acquiescence in so far as your institution is concerned.

Very sincerely,

Dear Mr. Woodward:

The Military Department is holding a ceremony at 12 noon, Tuesday, the 19th, in front of the armory on University Avenue. At this formation commissions will be presented to several students of the advanced course, who graduate at the end of this term. We are also awarding gunners' badges to the successful candidates of our basic course.

I know how busy you are and that next Tuesday is Convocation Day, however, if you can spare us a few minutes to confer these awards for the Military Department, it will be greatly appreciated. This Military formation will last not more than from five to ten minutes.

Dear Mr. Stevens:

I enclose some correspondence with Major Beals, Head of the Chicago High Schools R. O. T. C. Units, with reference to holding the High Schools' drill competition and band drill on Stagg Field this spring. It appears at the present writing that they will have to hold same down town as a part of the Boys' Week Program, though the response to our invitation offering Stagg Field was most cordial. I will still keep after them, and if they cannot come out here, we will arrange a booth down town to gain the necessary contact.

Our campaign is organized and under way at present to gain contact with the various High Schools. Next week our speakers, including Ken Rouse, have arranged to visit Morgan Park, Hyde Park and several others. We will be able to create good will and get a line on the best graduates. When the new booklet for freshmen is finished, we can use same to good advantage.

If there is anything else I can do, or if you have any other ideas for us to follow, please let me know.

Sincerely,

My dear Major Christian:

It is all right for you to retain the rifles until the end of April as suggested in your letter of March 7th.

I think that our annual competitive events will have to be held as a part of the Boys' Week Program, probably somewhere downtown, which will eliminate the Stagg Field from our consideration.

I am glad that your cadet officers are getting into the high schools and hope that they will have some good results.

The ten rifles you so kindly loaned us are still in use, and we have need for same to include April. I had not intended keeping them so long and can return same at once if you need them, as I can probably draw some others. Hope I am not imposing on your generosity.

Let me know the date of your drill competition this spring, and also that of the combined band competition. I hope very much that you will use Stagg Field for these events. Will you please let me know if you desire Stagg Field, as I can arrange same through the University and Mr. Stagg.

My dear Sir:

Under the general orders of the War Department relieving retired officers now on duty at R.O.T.C. institutions, and filling their places by detailing officers on the active list, some satisfactory and highly efficient officers will have to be transferred to other posts.

If you would be interested in retaining the officer now on duty at your institution for further service, will you please join with President A. G. Crane, University of Wyoming, and myself in requesting General Charles P. Summerall, Chief of Staff, War Department, Washington, D. C., to base his action on individual merit after investigation of each case, before final action is taken, and not on general classification.

Thanking you, I am, with great respect

Yours very truly,

Dear Mr. Woodward:

In connection with letter from General Malone, dated Feb. 8th, with reference to formal annual inspection of the ROTC Unit, of which I have just received a copy, I am handing you my suggestions for reply.

The procedure of the inspection outlined by General Malone, in accordance with existing regulations, is entirely satisfactory to this unit. The month of May is considered a desirable time of the training year to hold such inspection. It is recommended that further details of proposed inspection be accomplished, as suggested in basic letter, between the inspecting officer designated and myself.

Sincerely yours,

[Signature]

N. B. The inspection will not call for any interruption of the academic routine, and will probably be identical with that of last year.
Dear Professor,

I am writing to express my concern regarding the recent changes in the course syllabus for this semester. As you are aware, the syllabus was originally presented to the faculty for approval at the last meeting of the department. However, I have received feedback from several colleagues who are concerned about the inclusion of the new topics and the rearrangement of the course content.

Specifically, the inclusion of the new topics appears to be at the expense of other important areas that were originally planned for the course. This change has led to confusion among the students and has caused some to express concerns about the course's comprehensive nature.

I urge you to reconsider these changes and to engage in further consultation with the faculty to ensure that the course content is balanced and meets the educational needs of the students. I am available to discuss this matter further at your convenience.

Sincerely,

Dr. Frederic Woodward,

My dear Dr. Woodward:

In compliance with instructions of the War Department, I have to advise that the formal annual inspection of senior units of the R.O.T.C. in this Corps Area are, this year, to be made by officers acting under my direction. I am writing now to make inquiry as to the time that will, from your viewpoint, be most suitable for the purpose. The month of May would be entirely convenient to these Headquarters.

It is my intention to detail one field officer to inspect the units at the Universities of Illinois, Chicago, Wisconsin and Michigan, at Knox, Ripon and Michigan State College and Northwestern University (including the Dental School). At institutions where branches, other than that to which this officer belongs, are represented, he will be accompanied by officers of the appropriate branches. The Michigan College of Mining and Technology will be inspected by a staff officer of these Headquarters.

The inspection will not call for any interruption of the normal academic schedule of any student, unless desired by the institutional authorities. (See par. 7, Section I Report of Inspection)

It is prescribed by the War Department that the instructions contained in Section I of the Report of Inspection will, for this year, supersede Section XI, Army Regulations 148-90 and I am forwarding, under separate cover, a set of the inspection forms pertaining to the unit represented at your institution.

I am informed that the following instruction will govern the designation of honor graduates for the current school year:

"Each institution may designate at the close of the academic year as honor graduates 5 per cent of the total number of students enrolled in each unit rated as excellent or satisfactory, who on March 1, 1929, were enrolled in the second year of the advanced course of such units; in the case of units which failed to attain satisfactory rating, the number of honor graduates is limited to three per cent of the above defined enrollment."
When you communicate your views as to the proposed inspection, will you kindly grant permission for the inspecting officer to communicate as to the details directly with your Professor of Military Science and Tactics?

With best personal regards, I am,

Very sincerely,

My dear Mr. Woodward:

Thank you for your letter regarding the action of the War Department in relieving Lt. Gildart at the end of the current year without replacement. I am familiar with the matter, as I have been making vigorous protests to the Corps Area and Washington for the past several months.

Under the circumstances there is nothing we can do but carry on next year with one less instructor, which we will manage to do. I am sorry to lose Lt. Gildart, but his tour of duty would expire in any event next June.

I am in receipt of a letter from General Malone advising me of the action of the War Department, relieving First Lieutenant Charles R. Gildart from his present detail without replacement. General Malone says that he made an urgent plea for replacement without success and he encloses the reply of the War Department. If you are not already familiar with the matter, I shall be glad to send you a copy of the War Department's reply to General Malone.

Needless to say, I am very sorry that we are to have the number of officers reduced and especially to lose Lieutenant Gildart. I suppose, however, that there is nothing I can do about it.

AG 210.64 R.O.T.C. (10-5-33) Off--nns-ths-451

War Department, A.G.C., December 7, 1938 - To the Commanding General, Sixth Corps Area.

1. The results being accomplished by the R.O.T.C. units at the Northwestern University, the University of Chicago and the University of Illinois are appreciated and in every instance where the Department can not meet in full the wishes of the school authorities it is not due to the lack of desire to cooperate and be of the greatest possible assistance. Similar instructions have been sent to all Corps Area Commanders and no Corps Area or institution has been singled out for individual action. The simple fact is that the total number of active officers available for R.O.T.C. duty is not sufficient to permit any school to retain more than its proportionate share of these officers and at the same time furnish other schools the quotas necessary to carry out their missions.

The readjustment to be made next summer is occasioned by the fact that many institutions have been operating with less than their proportionate number of officers. The increase in the enrollment in some of the units in these schools demands that more officers be furnished.

This question has been the subject of profound study and most mature deliberation by the Personnel and the Training Sections of the War Department General Staff, The Adjutant General and the Chiefs of Branches. Representatives from these activities have from time to time visited the schools and universities throughout the United States wherein R.O.T.C. units have been established. The decisions reached are not hasty or ill advised but are known to be necessary and are for the good of the R.O.T.C. as a whole. The War Department is vitally interested in the welfare of the R.O.T.C. and will continue to meet the wishes of the school authorities in every possible manner. It must be understood, however, that the annual Army appropriations, the number of officers and enlisted men authorized and many other questions are fixed by law. Consequently it is readily understood why it is impossible for the War Department to meet all demands all of the time.

2. The number of officers assigned to the various R.O.T.C. units is based on a ratio of officers to students enrolled in the R.O.T.C. So long as officers were available without manifest injustice to other schools a surplus number of officers has been permitted in certain instances. In a spirit of cooperation and in an earnest endeavor to be of assistance to the schools named above they have been furnished in the past few years officers in excess of the number contemplated for the size unit maintained. Northwestern University has one Infantry officer, the University of Chicago, two Field Artillery officers
and the University of Illinois, two Infantry officers more than the enrollments in those units warrant. That the policy controlling the allotment of officers is a liberal one is evidenced by the fact that ninety-two senior units throughout the United States are carrying on with the number of officers contemplated and forty-five are operating satisfactorily with from one to three officers less than the number authorized by the policy.

3. 1st Lieutenant Leroy C. Wilson, Infantry, Northwestern University, 1st Lieutenant Charles R. Gildart, Field Artillery, University of Chicago; and 1st Lieutenant Joseph A. Holly, Infantry, University of Illinois, will be relieved at the close of the present school year without replacement. It is felt that these schools can operate their R.O.T.C. affairs under these conditions as satisfactorily as the other one hundred and thirty-seven senior units are doing with a much smaller percentage of officers. It is desired that the school authorities be informed of this proposed action.

By order of the Secretary of War:

Enrollment of R.O.T.C. units and Ofrc. on duty
The Office of the Secretary of State is responsible for the maintenance of the official register of corporations and limited liability companies. The Secretary of State shall cause the records of such corporations and limited liability companies to be maintained in such manner as the Secretary of State shall determine. The Secretary of State shall keep a record of all corporations and limited liability companies formed, qualified, or dissolved in the State of Wyoming. The Secretary of State shall issue a certificate of formation or qualification to each corporation or limited liability company formed or qualified in the State of Wyoming. Said certificate shall be delivered to the corporation or limited liability company which formed or qualified in the State of Wyoming.

I, the undersigned, do hereby certify that the foregoing is a true and correct copy of the application for incorporation or qualification, as the case may be, filed with the Secretary of State of the State of Wyoming.

My dear Major Christian:

Would you favor having the May 1929 Competitive Drill of Chicago High School R.O.T.C. Units in the University stadium? The drill is held the afternoon of the high school band competition. If we invite one group we probably should invite both.

Cordially yours,

DAVID R. STEVENS

Assistant to the President
