UNIVERSITY OF CHICAGO.

FACULTIES.

DEPARTMENT OF PHILOSOPHY AND THE ARTS.

GALUSHA ANDERSON, D.D., President,
Professor of Intellectual and Moral Philosophy.

ALONZO J. HOWE, M.A.,
Professor of Mathematics.

C. GILBERT WHEELER, B.S.,
Professor of Analytical and Applied Chemistry.

RANSOM DEXTER, M.A., M.D.,
Professor of Zoology, Comparative and Human Anatomy and Physiology.

EDWARD OLSON, M.A., B.D.,
Professor of the Greek Language and Literature.

EDSON S. BASTIN, M.A.,
Professor of Geology and Botany.

HEMAN H. SANFORD, M.A., Ph.D.,
Charles Morley Hull Professor of Rhetoric, English Literature, and History.

LEWIS STUART, M.A.,
Professor of the Latin Language and Literature.

J. D. S. RIGGS, B.A.,
Principal of the Preparatory Department.

GEORGE W. HOUGH, M.A.,
Superintendent of the Dearborn Observatory and Instructor in Astronomy.

UNIVERSITY OF CHICAGO.

* HOYNE PROFESSOR OF CONSTITUTIONAL AND INTERNATIONAL LAW.

HAYDN K. SMITH, LL.D.,
Lecturer on Political Economy.

DEPARTMENT OF LAW.

HON. HENRY BOOTH, LL.D., Dean,
Dean of the Law School and Professor of the Law of Real Property.

HON. HARVEY B. HURT, Treasurer, Law Faculty,
And Professor of Constitutional and Statute Law Practice, Evidence and Pleasings.

HON. WM. W. FARWELL, A.M.,
Professor of Equity Jurisprudence, and Law and Equity Pleasings.

MARSHALL D. EWELL, LL.B.,
Professor of Common Law, Contracts, Criminal Law and Torts.

N. S. DAVIS, M.D.,
Lecturer on Medical Jurisprudence.

* Instruction in Constitutional Law is given by Prof. Heman H. Sanford, and in International Law by the President.
COURSES OF INSTRUCTION.

CLASSICAL COURSE.

REQUIREMENTS FOR ADMISSION.
(See Preparatory Courses.)

FRESHMAN CLASS.

FIRST TERM.
1. MATHEMATICS.—Loomis' Algebra completed, from Chap. XVIII.
3. GREEK.—Selections.—Boise and Freeman. Prose Composition.—Boise.

SECOND TERM.
1. MATHEMATICS.—Geometry completed, from Book VI. Plane Trigonometry.
3. GREEK.—Selections.—Boise and Freeman. Prose Composition.—Boise.

GREEK History.

THIRD TERM.
1. MATHEMATICS.—Plane Trigonometry completed. Surveying.
3. GREEK.—Selections from Greek Authors.—Boise and Freeman.

SOPHOMORE CLASS.

FIRST TERM.
1. MATHEMATICS.—Mechanics.—Snel's Olmated.
2. GREEK.—Homer's Iliad.—Boise.

SECOND TERM.
1. MATHEMATICS.—Snel's Olmated completed. Spherical Trigonometry, —Otney.

UNIVERSITY OF CHICAGO.

THIRD TERM.
1. MATHEMATICS.—Analytical Geometry. [Optional.]
3. GERMAN.—A Select Drama.

JUNIOR CLASS.

FIRST TERM.
1. ENGLISH.—The English Language.—Lounsbury. Anglo-Saxon.
3. SCIENCE.—Chemistry.—Barker.

SECOND TERM.
1. ENGLISH.—Rhetoric.—Bain.
2. GREEK.—Demosthenes de Corona. Essays on Oratory.

THIRD TERM.
1. METAPHYSICS.—Porter.
3. FRENCH.—Grammar. Reader. Voltaire's Charles XII.

SENIOR CLASS.

FIRST TERM.
1. METAPHYSICS.—Porter completed.
2. SCIENCE.—Logic and Thompson.
3. ENGLISH.—English Literature.
4. SCIENCE.—Geology and Mineralogy.

SECOND TERM.
1. MORAL PHILOSOPHY.—Hugo.
2. HISTORY.—Guizot's History of Civilization.
3. ASTRONOMY.—Loomis.

THIRD TERM.
1. POLITICAL ECONOMY.
2. INTERNATIONAL LAW.
3. CONSTITUTIONAL LAW.
UNIVERSITY OF CHICAGO.

SCIENTIFIC COURSE.

REQUIREMENTS FOR ADMISSION.

(Sec Preparatory Course.)

FRESHMAN CLASS.

FIRST TERM.
1. Mathematics.—Loomis' Algebra completed from Chapter XVIII.
3. Science.—Elements of Geology and Mineralogy.

SECOND TERM.
1. Mathematics.—Geometry completed from Book VI. Plane Trigonometry.

THIRD TERM.

SOPHOMORE CLASS.

FIRST TERM.
1. Mathematics.—Mechanics.—Snel's Ohmsted.
2. English.—History.

SECOND TERM.

THIRD TERM.
3. German.—A Select Drama.

UNIVERSITY OF CHICAGO.

JUNIOR CLASS.

FIRST TERM.

SECOND TERM.
1. English.—Rhetoric.—Bain.
2. Science.—Zoology.
3. French.—Grammar.—Languelier and Messant. Reader,—Magill.

THIRD TERM.
1. Metaphysics.—Porter.

SENIOR CLASS.

FIRST TERM.
1. Metaphysics.—Porter completed.
2. Logic.—Jenyns and Thompson.
3. English.—English Literature.
3. Science.—Geology and Mineralogy.

SECOND TERM.
1. Moral Philosophy.—Hopkins.
2. History.—Guizot's History of Civilization.
3. Astronomy.—Loomis.

THIRD TERM.
1. Political Economy.
2. International Law.
3. Constitutional Law.
COURSE IN PRACTICAL CHEMISTRY.

In this course provision is made for the thorough and comprehensive study of Chemistry as an art, in the belief that, aside from the practical relations of the science, the educational effect of Laboratory practice is of great value. By such practice the senses are trained to observe with accuracy, and the judgment to rely with confidence on the proof of actual experiment.

In the Laboratory of this Department, under the direction of Professor Wheeler, aided by competent assistants, the students of applied chemistry will have ample opportunity of becoming practically familiar with the materials, apparatus and processes of the most important chemical arts and manufactures.

A systematic course in Qualitative and Quantitative Analysis will be followed by practical studies with regard to the application of chemistry to agriculture, mining, metallurgy, assaying, medicine, pharmacy, toxieology, preservation of timber, meats, etc., warming, illumination, ventilation, photography and other useful purposes. Certificates will be granted to students who do not graduate, stating the time they have been present, the studies pursued, and the progress made.

The Laboratory is well equipped with modern apparatus. The student will have ample opportunity of visiting the numerous manufacturing establishments of Chicago and vicinity, and witnessing important industrial applications of the science, the study of which he is pursuing.

The Laboratory Fee for special students in chemistry is $35 per term; for the regular course, $1.00.

TEXT BOOKS FOR READING AND REFERENCE.
Craft's Qualitative Analysis.
Bowman's Practical Chemistry.
Fresenius' Qualitative and Quantitative Analysis.
Miller's Chemistry, Vols. II. and III.
Richardson and Watt's Chemical Technology.
Wheeler's Determinative Mineralogy.

PREPARATORY COURSES.

The Trustees of the University have deemed it advisable to include among its fundamental and permanent arrangements a Preparatory Department. It will be their aim to make this department a first-class school of preparation for College.

The Professors of the University have charge of the instruction in the studies belonging to their several departments.

The requirements for admission are Reading, Writing, Spelling, Intellectual Arithmetic, Practical Arithmetic, English Grammar, and Geography.

The requisite studies have been arranged in a course of three years for classical and the same for scientific students, as appears by the following schedules:

CLASSICAL COURSE.

FIRST YEAR.

1. Mathematics.—Elementary Algebra.—Robinson.
2. Latin.—Grammar and Reader.
3. Science.—Elements of Physiology and Hygiene.

SECOND YEAR.

1. Mathematics.—Elementary Algebra.—Robinson.
2. Latin.—Grammar and Reader.
3. Science.—Elements of Natural Philosophy.

THIRD YEAR.

1. Mathematics.—Algebra to Chap. IX.—Looms.
2. Latin.—Grammar and Reader.
3. English.—Grammar and Analysis.

SECOND YEAR.

2. Latin.—Grammar and Cesar.
4. Greek.—Grammar. First Greek Book completed.
5. Xenophon's Anabasis commenced.
7. English.—Rhetoric and Composition.

THIRD YEAR.

1. Greek.—Hadley's Grammar. Xenophon's Anabasis.—Boise.
3. History.—Roman History. Classical Geography.

THIRD YEAR.

1. Mathematics.—Algebra to Chap. XVIII.—Looms.
2. Latin.—Cicero. Prose Composition.—Jones.
4. Prose Composition.—Jones.
SCIENTIFIC COURSE.

FIRST YEAR.

| FIRST TERM | 1. Mathematics.—Elementary Algebra.—Robinson. |
| 2. Latin.—Grammar and Reader. |
| 3. Science.—Elements of Physiology and Hygiene. |

| SECOND TERM | 1. Mathematics.—Elementary Algebra.—Robinson. |
| 2. Latin.—Grammar and Reader. |
| 3. Science.—Elements of Natural Philosophy. |

| THIRD TERM | 1. Mathematics.—Algebra to Chap. IX.—Loomis. |
| 2. Latin.—Grammar and Reader. |
| 3. English.—Grammar and Analysis. |

SECOND YEAR.

| FIRST TERM | 1. Mathematics.—Higher Arithmetic.—Robinson. |
| 2. Latin.—Grammar and Caesar. |

| SECOND TERM | 1. Science.—Physical Geography.—Ogden. |
| 2. Latin.—Grammar and Caesar. |
| 3. English.—Rhetoric and Composition. |

| THIRD TERM | 1. Science.—Elementary Botany.—Gray. |
| 2. Latin.—Cesar, Cicero. |
| 3. History.—Roman History. Classical Geography. |
The First Prize was given to Lee Walton Terry, the Second to Robins Storer Mott; and Henry Cruger Van Schaack received honorable mention.

The judges were Henry Strong, LL.D., Rev. Edward F. Williams and William F. Poole.

**SENIOR PRIZE ESSAY.**

Two Prizes of Twenty-five and Fifty Dollars are offered to the Senior Class, for the best English essay, on some subject designated by the President of the University. The Subject for the present year is “Magna Charta.”

---

**GENERAL INFORMATION.**

**YOUNG WOMEN**

Are admitted to the classes, Collegiate and Preparatory, on the same terms and conditions as young men.

A committee of ladies interested in the extension of the privileges of our Colleges to young women is appointed by the Trustees, whose duty it is to hold monthly meetings at the parlors of the University, for the consideration of questions connected with this subject, and by their advice and co-operation to aid in securing the highest efficiency of this department; also to provide for such special courses of lectures or other instruction as may from year to year be deemed advisable. The rooms assigned to the young women have been pleasantly furnished by this committee.

The College buildings at present contain no dormitories for young women, but suitable accommodations can be obtained when desired in private families, in the neighborhood.

**COMMITTEE.**

Mrs. Alonzo J. Howe.
Mrs. E. Nelson Blake.
Mrs. H. W. Fuller.
Mrs. M. A. Shorey.
Mrs. A. B. Meeker.
Mrs. C. S. Mixer.
Mrs. H. A. Rust.

Mrs. H. O. Stone.
Mrs. C. H. Reed.
Mrs. C. B. Waite.
Mrs. J. N. Crouse.
Mrs. G. F. Harding.
Mrs. Samuel Willard.
Mrs. J. S. Dickerson.

Mrs. N. T. Gassette.

**TERMS AND VACATIONS.**

The year is divided into three terms and three vacations. The first term consists of fifteen weeks; the second and third of twelve weeks each. The Christmas vacation is two weeks, the Spring vacation one week, and the Summer vacation ten weeks. Calendar on page 2.

**ELECTIVE STUDIES.**

Students may reside at the University and pursue studies, for
a longer or shorter time, in any of the classes, at their own
election; subject, however, to the regulations of the Faculty.
Certificates of proficiency will be given, when desired, to
students who have pursued, electively, any of the studies in the
preceding courses, and have passed satisfactory examinations in
them.

EXAMINATIONS.
Examinations of all the classes are held at the close of each
term, and the public are cordially invited to attend them and to
judge for themselves of the character of the work done. At
any time, also, in the course of the term, all persons who are
interested in the studies here taught are invited to visit any of
the classes.

DEGREES.
The degree of Bachelor of Arts is conferred upon all students
who have completed the prescribed Classical Course of study,
and passed a satisfactory examination therein; and the degree
of Bachelor of Science on such as have completed the Scientific
Course.

Bachelors of Arts of three years' standing may receive the
degree of Master of Arts, and Bachelors of Science that of
Masters of Science, provided that since graduation they have
sustained a good moral character and pursued some literary or
scientific calling. Candidates for these degrees will be expected
to make application for them through the President, and to
furnish evidence of their qualifications.

SOCIETIES.
There are three societies in the University, conducted by the
students—two literary and one religious.

RELIGIOUS EXERCISES.
The duties of each day are opened with religious services in
the Chapel of the University, at which all the students are
required to be present.

On the Sabbath they are required to attend public worship in
the forenoon, with some congregation in the city, selected by
themselves, or by their parents. The students also sustain a
weekly prayer meeting.

LIBRARIES.
The University Library has been increased recently by
valuable acquisitions. The London publishing houses of Sampson,
Low & Co., Trübner & Co., and Longman & Co., have
generously furnished copies of their recent publications. Messrs.
Sheldon & Co., of New York, have donated a complete set of
their publications.

The Thompson Library, the gift of Hon. H. M. Thompson,
contains a very valuable collection of books on horticulture, a
complete set of the Bohn Libraries and many finely illustrated
works.

The Tucker Library, presented by the family of the late
Rev. Elisha Tucker, D.D., contains upwards of five hundred
volumes, mostly theological.

The Public Library of the City of Chicago, which under
the judicious and efficient management of the librarian, Mr.
Poole, is rapidly becoming one of the best city libraries of the
country, is accessible to the students of the University free of
charge, and is much used by them.

DEARBORN OBSERVATORY.
The Dearborn Observatory forms the Astronomical department
of the University. Its objects are to make original researches in
Astronomical Science, to assist in the application of Astronomy
to Geography, in communicating exact time, and other useful
objects, and to furnish instruction in Astronomy to the students
of the University, both those in the regular course and those
who wish to give especial attention to the study.

The principal instruments of the Observatory are:
1. The great Equatorial refracting telescope, made by Alvan
Clark & Sons, of Cambridge, Mass., in 1861, and mounted in the
Dearborn Tower, which was built by the munificence of the Hon.
J. Young Scammon, LL.D. This instrument was the largest
refractor in the world until a few years ago; and now has only
one superior in the United States. It has recently been refitted
and much improved, and the upper part of the Tower has been
reconstructed, by the Chicago Astronomical Society. The tele-
scope is fitted with driving-clock, micrometer, and other appli-
cances necessary for first-class work. The dimensions of the
Equatorial are:—
Diameter of Declination Circle, 20 inches; reading by vernier to 5 minutes, and by two microscopes to 10 seconds of arc.
Diameter of Hour Circle, 22 inches; reading by vernier to single minutes, and by microscopes to single seconds of time.
Focal length of Object Glass, 29 feet.
Aperture " 18½ inches.
2. A Meridian Circle, of the first class, constructed in 1867, by Messrs. A. Repsold & Sons, of Hamburg. This instrument has a telescope of six French inches aperture, and a divided circle of forty inches diameter, reading by four microscopes. In plan of construction it is like Bessel's celebrated Königsburg circle, by the same makers; but has some recent improvements in the mode of illuminating the field of view and the wires and apparatus for registering declinations. A chronograph has been added for making an electrical record of the times of star transits.

The Observatory has a chronometer (Wm. Bond & Son, No. 279), two mercurial pendulum clocks, and an astronomical library containing nearly one thousand three hundred volumes and pamphlets.

Instruction in Astronomy to the Undergraduates is at present given by the Director. (See Courses of Study.)

The Observatory is now supplying time signals each day in the year, by telegraph, to several different points in the City of Chicago, and its time is the standard for many other points in the West.

Several of the graduates have already taken high rank as astronomical observers and surveyors. One is director of the Cincinnati Observatory; another professor of astronomy at the U. S. Observatory at Washington; and others have done good work in surveying boundary lines in the Territories.

MUSEUM.

The Museum Collection is contained in a large and well lighted room on the second floor of the University building.

The Department of Human Anatomy and Physiology is well supplied with specimens and apparatus, such as charts, skeletons, a full set of Bock Steiger anatomical models, etc., suitable for the illustration of these subjects.

The Department of Zoology and Comparative Anatomy can be well illustrated from specimens, charts, and mounted skeletons. The vertebrates especially are well represented. There are about four hundred specimens illustrative of the Molinsons, and upwards of three thousand illustrative of Insects, Crustaceans, Echinoderms, Star Fishes, and Corals.

The Geological Department contains several thousand specimens well adapted to illustrate the different kinds of rocks and the successive stages of Geological History. The Paleontology of the Silurian and Carboniferous ages is especially well represented, and a well arranged series of Minerals, many of them rare specimens from the Rocky Mountains and Andes, serve to illustrate the Department of Mineralogy.

The interest of Geological study is also enhanced by frequent class excursions under the direction of the professor, for the purpose of collecting fossils and examining rock strata.

A Numismatic Collection, made by the late Charles D. Sanford, and containing 3,500 coins, has been presented to the University by the late Rev. Miles Sanford, D.D.

The Museum is under the charge of Prof. Ransom Dexter, who has already done much toward systematizing the work of collecting and arranging, and it is hoped that considerable additions will be made to the collections during the coming year.

HERBARIUM.

The Herbarium Collection, which was begun only two years ago, already contains about fifteen hundred well arranged specimens, representing nearly twelve hundred species of flowering plants. It consists largely of plants which have been gathered from localities in the northern portion of this State; the aim being to make the collection represent as completely as possible, first, the indigenous flora of our own locality, and then that of the whole State and of adjacent States. To this end, and for the purpose of giving the classes in Botany that experience in field work so important to the thorough understanding and enjoyment of the science, frequent class excursions will be organized during the Summer term, under the direction of the Professor of Botany, to visit localities of especial botanical interest.

CHEMICAL AND PHILOSOPHICAL APPARATUS.

The lectures on Chemistry and Natural Philosophy are illustrated by modern apparatus. Important additions have been
made, chiefly donations from George Hazeltine, LL.D., of Lon-
don, and Messrs. B. O. & H. W. Chamberlain, of Boston, Massa-
chusetts; among them a Rumkordf Induction Coil, one of the
largest ever imported; a full set of the famous Geissler Tubes,
of Hoffman's Apparatus, and a powerful Grove Battery, together
with apparatus useful in the assay of ores.

LOCATION, BUILDINGS, ETC.
The Location of the University is in the south part of Chicago,
directly on the Cottage Grove line of the Chicago City Railway.
The site was the gift of the late Senator Douglas, and is univers-
ally admired for its beauty and healthfulness. The building is
unsurpassed for the completeness of its arrangements, especially
the students' rooms, which are in suites of study and two bed-
rooms, of good size and height, and well ventilated.

THEOLOGY.
The University has no theological department; yet the facili-
ties for theological education in the city are scarcely second to
those of any other place in the country. There are within easy
access from the University three theological seminaries repre-
senting as many of the leading denominations.

The Baptist Union Theological Seminary is located at Morgan
Park.
Rev. G. W. Norther, D.D., President.

The Chicago Theological Seminary (Congregational) is at
Union Park, in the West Division.
Rev. George N. Boardman, D.D., President.

The Presbyterian Theological Seminary of the Northwest is
located in the North Division, at the corner of Halsted Street
and Fullerton Avenue.
Rev. Francis L. Patton, D.D., President.

BOARD AND ROOMS.
Board may be obtained in the Club Room of the University,
where many of the students board, at cost, which has been dur-
ing the past year $2.50 per week.
Students who may prefer it, can obtain board in families on
reasonable terms, or they may form clubs and provide for them-
seves.

UNIVERSITY OF CHICAGO.

EXPENSES PER ANNUM.
Board (in the club) $2.50 per week.................. $ 97 50
Tuition............................................. 70 00
Room rent (not including vacations)................ 20 00
Incidentals...................................... 8 00
Library fee, fifty cents per term.................. 1 50
Total.............................................. $197 00

Students provide their own furniture, except bedsteads, a single
bedstead being placed by the University in each dormitory. The
students, also, provide their own fuel and lights. The use of soft
coal is prohibited in the University building. Gas costs about
fifty cents per week for each room, and fuel from $10 to $20 per
annum for each student. Washing is cheaper than the usual
laundry rates.

The rule of the Trustees requires all bills to be paid at the
beginning of each term, before the students enter their several
classes; and by failure to comply with these terms, the student
forfeits the privileges of the University.

Parents will take notice that the whole necessary expense for
one year, including wood, lights and washing, varies but little
from $300. This has been proved by the actual experience of
students who practice economy. Any material variation from
this amount may be regarded as unnecessary. Sons and daughters
of clergymen will be admitted at half tuition.
COLLEGE OF LAW.

JOINT BOARD OF MANAGEMENT.

Hon. Thomas Hoyne, LL.D., President.
James Frake, A.M., LL.B., Secretary.
Hon. Harvey B. Hurd, Treasurer.

In Behalf of the University of Chicago.

Hon. Thomas Hoyne, LL.D.
Galusha Anderson, D.D.
Hon. Henry Strong.
Frederick A. Smith, A.M.

In Behalf of the Northwestern University.

James Frake, A.M., LL.B.
Orrington Lunt.
Oliver H. Horton, LL.B.
Oliver Marcy, LL.D.

FACULTY.

Hon. Henry Booth, LL.D.
Hon. William W. Farwell, A.M.
Hon. Marshall D. Ewell, LL.D.
Hon. Harvey B. Hurd.
Nathan S. Davis, M.D., LL.D.

UNIVERSITY OF CHICAGO.

CONDITIONS OF ADMISSION.

Students entering the Junior Class are expected to have at least a good common school education. A knowledge of Latin is desirable, but is not required.

ADVANCED STANDING.

Students who have attended another law college one year, or spent one year in the study of law in the office of an attorney, may apply for standing in the Senior Class at the opening of the school year, or during the first half of the first term, and may enter it if found competent, on examination by the Faculty.

METHOD OF INSTRUCTION.

The method of instruction consists, (1) of Oral Expositions (with illustrations), and Examinations from approved text-books read in course; (2) Lectures by members of the Faculty and eminent members of the bar, upon legal topics; (3) The drawing of the various legal papers requisite in the ordinary practice of the law; and (4) Moot Courts.

JUNIOR YEAR.

FIRST TERM—FIVE DAYS IN A WEEK.

1st hour, 9 to 10 A.M.—Kent’s Commentaries. Prof. Hurd.
2d hour, 4 to 5 P.M.—Blackstone’s Commentaries, and Washburn’s Criminal Law. Prof. Ewell.

SECOND TERM.

1st hour, 9 to 10 A.M.—Kent’s Commentaries, and Gould on Pleading. Prof. Hurd.
2d hour, 4 to 5 P.M.—Cooley on Torts, and Cooley’s Constitutional Limitations. Prof. Ewell.

THIRD TERM.

1st hour, 9 to 10 A.M.—Greenleaf on Evidence. Prof. Hurd.
2d hour, 4 to 5 P.M.—Parsons on Contracts. Prof. Ewell.

SENIOR YEAR.

FIRST TERM—FIVE DAYS IN A WEEK.

1st hour, 8 to 9 A.M.—Chitty on Pleading. Judge Booth.
2d hour, 5 to 6 P.M. (except Thursdays) Bispham’s Equity. Judge Farwell.
3d hour, 5 to 6 P.M. (every Thursday) Lecture on Medical Jurisprudence. Dr. Davis.
SECOND TERM.
1st hour, 8 to 9 A. M.—Washburn on Real Property, ... Judge Booth
2d hour, 9 to 10 A. M.—Story's Equity Pleadings,
... Judge Farwell.
3d hour, 10 to 12 A. M.—Every Thursday Lecture on Medical Jurisprudence,
... Dr. Davis.

THIRD TERM.
1st hour, 8 to 9 A. M.—Washburn on Real Property, ... Judge Booth
2d hour, 9 to 10 A. M.—Cooley's Constitutional Limitations,
... Judge Farwell.
Saturdays, 8 to 10 A. M.—Senior Moot Court, ... Judge Booth.
Fridays, 10 to 12 A. M.—Junior Moot Court, ... Prof. Ewell.

MOOT COURTS.
That students may be versed in the practice of law, two Moot Courts are held every Saturday— one by the Senior, and the other by the Junior Class. During some years a Union Moot Court has also been sustained by the students of both classes. In these they are taught to apply legal remedies, according to the common law and chancery system of practice, to bring suits, draw papers, pleadings, briefs, etc., and take the various steps incident to bringing a cause to trial, then to try it according to the rules of evidence, including the arguments, charge, verdict, motion in arrest of judgment, writ of error, etc. Actual cases are selected, and the forms and dignity of a trial in Court preserved. The trial takes place in the presence of the classes, whose members act respectively as counsel, jurors, witnesses, and officers of the Court, and before a Professor, who sits as Judge, with the double aim of illustrating the legal principles involved, and explaining the rules of practice. The grammatical accuracy, rhetoric, elocution, and courtesy of deportment of the students, receive such attention as is deemed adapted to correct faults of style, without suppressing individuality. A high tone of professional ethics and conduct is required in these moot court exercises.

SOCIETIES.
The students also organize societies, holding their sessions weekly, for the discussion of questions of law, political policy and economy, and for becoming acquainted with parliamentary rules. During the past year this Lyceum has proceeded according to the forms of the U. S. Senate, with standing committees, bills, etc., and all the usual machinery of a legislative body.

UNIVERSITY OF CHICAGO.

BOOKS.
Students will find their own books. Arrangements have been made with the publishing house of Callaghan & Co., by which they will be supplied at the lowest trade prices. Many students obtain the use of books from the numerous law offices in the city on favorable terms.

EXAMINATIONS.
In addition to the daily examinations, the students will be examined during the year in graded competitive examinations, whereby they may test their relative progress in time to prepare for the examination for degrees, at the close of the year, in the presence of the Faculties and Trustees of both Universities.

Juniors who show a satisfactory acquaintance with the subjects required, will after one year's study be advanced to the Senior Class. Seniors found qualified, will after a like period, be recommended for graduation.

DEGREE.
The degree of Bachelor of Laws is conferred on those who complete the course of studies herein prescribed.

ADVANTAGES.
The location of the Law College, in Parker Block, 95 and 97 Washington street, in the heart of the great Metropolis of the Northwest, and in the vicinity of all the law offices and of the Courts, State and Federal, which are almost constantly in session, affords unsurpassed advantages to students who wish to obtain employment during office hours, and to become acquainted with every phase and variety of business. The hours of class exercises are so arranged that students can employ the business hours of the day as clerks in attorney's offices without interfering with their studies.

LIBRARY.
The students are admitted free to the Law Library of the Chicago Law Institute, located in the Court House, a library of over nine thousand volumes, a privilege for initiation to which lawyers in practice pay $100, besides annual assessments of $15.00.

DIPLOMA.
Our Diploma admits to the bar of Illinois, if the student has taken the full course of two years in this school. Attendance
for a shorter period is credited to the applicant for admission to
the bar on examination before the Appellate Court. There is
no other mode of admission in the State than on such diploma,
or an examination in open Court, or on a foreign license.

PRIZES.
The Horton Annual Prize of Fifty Dollars will be awarded to
such student of the graduating class as shall be adjudged by
an impartial committee to have prepared the best thesis or brief
on some legal topic or question. The Callaghan Annual Prize
of One Hundred Dollars will be awarded for the best examina-
tion in the Senior Class. An Annual Prize of Twenty-five
Dollars will be awarded by the Faculty for the best examina-
tion in the Junior Class.

ATTENDANCE.
1. Students at the Union College of Law shall hereafter be
classified as "regular" attendants, or "casual."
2. No casual attendant shall graduate or receive the Diploma
of this school.
3. Students absent from more than one recitation of their
class per week, and not furnishing a satisfactory excuse in writing,
at the next recitation of the same class, shall be deemed casual
for that week, and checked on the roll as such.
4. Students neglecting to comply with any exercise required
of them in the Moot Courts for more than two weeks, will be
deemed casual for the said two weeks.
5. Students marked as "casual" for half of the weeks of the
term, will be deemed casual for the term; and students casual
for two terms will be deemed casual for the year.

The roll of the respective classes will be called by the several
professors at the hours of 8, 9, 4, and 5.

EXPENSES.
Tuition and incidental are payable in advance, as follows:
For one term, $30; two terms, $55; per year, $75. Graduating
fee, $10. Board may be obtained at from $4 to $6 per week.
No fees paid will be refunded on account of the student's being
unable to attend; but, if a whole term is so lost, a free ticket
to the corresponding term of the ensuing year will be given.
Tickets of admission to classes are not assignable.
