Sir,

I have the honor to acknowledge your last two letters including that of the 26th ult., with the draft enclosed. These and other contributions will be duly acknowledged in the proceedings of the annual meeting of Board of Trustees of which I am the Acting President. The Government having appropriated three thousand dollars toward repairing the College buildings, and advices having come to hand of the contribution of one thousand dollars in the United States besides sums raised in Europe, we hope to begin the work of restoring the edifice early next year. Your draft will be forwarded for collection and placed to the credit of the fund in your name with thanks for the same.

The absence of President Gardner from Nevada for the last three weeks, and a pressure of engagements prevent me from replying to your valuable despatches by the mail. I hope to do so fully

Yours truly,

Sir,

I have the honor to acknowledge your favor of__ and to inform you that the National Legislature closed its session on the 17th of_ and copies of the Acts of which I hope to send by this mail.

The Khediven's Order proposed by you some time ago was not acted upon this session. After deliberation on the subject the President deemed it prudent not to create another Order until the one already constituted shall have had a few years experience, especially since there is a probability its working well after a while.

I have ordered a bag of Coffee to be sent you through the Consulate at Liverpool, which I hope will be shipped within a few days.

I ordered some (two) copies of a map of_ to be sent you from Constantinople which I hope you received. Please accept me for your officer and present these others to the French Government.

Sir,

I have the honor to acknowledge the receipt of your dispatch of January 31, with enclosures. While regretting the occurrence of the circumstances to which you refer, it is gratifying to know that the new recognition of the order by the French Government does not arise from any unfriendly feeling on the part of that Government toward Liberia.

Could the result have been foreseen, no doubt the Senate would have used every means to have prevented it. However, I hope to visit Europe soon when we shall be able to clear up any point of misunderstanding that may have grown out of this matter.

Knowing your devotedness to the interest of Liberia, I shall hope to have your counsel and cooperation on my arrival here in the enterprises looking to the welfare of the Republic.

I have the honor to be,

Your obedient servant,

Dear Sir,

I have the honor to acknowledge the receipt of your dispatch of January 25.

While regretting the occurrence of the circumstances which it may be proper to mention, I feel that the investigation of the action of the Federal Government and any action to be taken in the event of the Government having been

served, the report has been of great importance in determining the necessity for further investigation of the matter.

I am, however, unable to advise of any action of the Government until such time as I shall have been advised by the Government that such action shall be taken.

Yours truly,
