The INVITATION

Once again it is our pleasure to extend a cordial invitation to all interested in Shorthorn cattle to be present at our Seventh Annual Sale.

We feel confident that you will find this lot of cattle will in every way compare with the standards set in public auctions from the Edellyn herd. We believe it to be as desirable a lot of breeding stock as we have yet produced. They are of the type which we are endeavoring to produce which are in line with the present day demands of the market.

We point with pride to the achievements of the Browndales in the seasons' shows in our own as well as other herds. These results show that the Browndales breed on. We are particularly delighted with the winnings of steers of Browndale breeding at the Iowa, Nebraska and Michigan State Fairs which bears out the point that the Browndale type conforms to the requirements of the commercial markets.

THOS. E. WILSON.
Terms and Conditions

1. Proper care should be given by purchaser to protect breeding qualities and health of animals.

2. All bulls guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with herd when under twenty months of age.

3. Cows sold with calves by side are considered proven breeders. All other cows and heifers sold as a single lot are guaranteed breeders, except calves sold by side of dam as one lot, and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled, must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale shall be promptly reported.

4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for retrial for a period not to exceed six months. The expense of return freight in such case is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the purchaser shall be given the option of having purchase price refunded without interest or of accepting a substitute as stipulated above. Salvage to go to the seller. No charge for feed or maintenance shall be made by either buyer or seller. Edellyn herd has been accredited for 5 years.

5. All animals are sold subject to a sixty-day retest for tuberculosis, or to comply with laws of state into which they may be shipped. Animals shall be segregated from buyer’s herd until retest is made, except herd be a Federal accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State veterinarian or veterinarian deputized by State veterinarian, who is cooperating with Federal veterinarian and qualified to do accredited herd testing. Purchase price is to be promptly refunded upon proof of reaction and return of animal, except purchaser shall agree to accept a substitute.

6. Certificate of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after close of sale and without trouble to the purchasers, but at their risk of loss or injury.

7. TERMS: Cash, unless other arrangements are made before sale.
There Will Be Bargains in This Sale

SINCE the 1929 Edellyn auction which resulted in an average of $666.00 there have been many prospective buyers who failed to attend because they assumed that prices would go beyond that which they might be willing to pay. There have been bargains in every Edellyn auction. There will undoubtedly be many in this one and the writer would urge everyone who desires to secure Browndale breeding material to not fail to take advantage of the opportunity to secure a bull or a few females now while prices are so much in favor of the buyer. If it is not convenient for you to be present in person arrange with someone in whom you have confidence to buy for you. Such an opportunity to secure breeding stock of sterling and proven worth at present prices does not often come. Take advantage of it.

This monument marks the last resting place of Browndale Count, one of the greatest Shorthorn breeding bulls known to the breed in America.
BROWNDALE COUNT 1156438
The History Making Sire

Rated as the Greatest Breeding Bull of all time. His sons won the International Live Stock Grand Championship for 1928 and 1929 and other sons will battle for the same honor in 1930. In the Western Circuit a grandson has not met a defeat in two seasons. Premier honors in the leading shows of Canada have gone to a son for the past two seasons. Browndale Count’s sons breed on and win on. In the Get of Sire class for a number of years, no stock bull in America has made a record comparable to the record made by the Browndales.

BROWNDALE STANDARD 1518814

Is a bull that is fast gaining in popularity. His offspring stamp him as a great sire. He is one of the greatest breeding sons of Browndale Count. Some of the most attractive bulls in this sale are by him.

John Dickson, Manager Edellyn Farms Says:

"The cream of the seasons productions at Edellyn were chosen for this sale. Knowing as I do their dams and these heifers from their birth, I know they are a better lot of heifers than we have ever taken from this herd for our auctions. I unhesitatingly recommend them to anyone who can use some genuinely good richly bred females. They are certain to make good."
