Scotch Shorthorn Cattle

Monday, June 2nd, 1947

THOS. E. WILSON, Owner
We Invite You To Our Annual Sale

The twenty-one annual sales held at Edelwyn Farms have been a lot of pleasure and satisfaction to me and I look forward eagerly each year, to the gathering here at the farm of all those that are interested in good Shorthorn Cattle.

It is with genuine pleasure that we again extend to you a very cordial invitation to Edelwyn Farms on the occasion of our 22nd annual auction which will feature our greatest bull offering to date and a group of females that for quality, uniformity of type and breeding are without equal in our history.

The record of our show herd at the major shows during the past year, and the performance of cattle that trace their ancestry to bulls and females that have been purchased at prior sales are ample evidence that buying at the fountain head of the Mercurys and the Royal Leaders is your surest and safest method to real accomplishment with Shorthorn Cattle.

We are indeed proud to present this offering to you, knowing full well that they will aid you in reaching your desired goal and most certainly hope that you will honor us with your presence on this occasion.

Thos. E. Wilson

CALROSSIE MERCURY—Perth champion 1939, was sired by the 1933 Perth champion. His son won the same championship in 1941, and in turn sired the 1945 winner, the greatest feat in all Shorthorn history and established the line as the most prepotent of the breed. The sons and daughters of Calrossie Mercury are demonstrating everywhere that this was no accident but a record of performance of a blood line that is so prepotent that its use is the surest road to real accomplishment with Shorthorns.

**Saltoun Squadron Leader**

—Purchased at Perth, 1946, where he stood third in the younger March class and bred to order for service at Edellyn. He represents no violent outburst but a further infusion of blood lines already well established in the herd thru the Mercureys and Royal Leaders. His sire won his class at Perth, 1944, and sold for 1700 gns to Capt. Fletcher. His dam is also the dam of Saltoun Air Marshall, first at Perth, 1945 and sold to Laidlaw Smith of Pittodrie for 2,000 gns. Aldie Conqueror, a grandson of Calrossie Royal Leader, recognized as one of the greatest sires of the breed today; and the dam is by a grandson of Naemoor Jasper, the combination of which has produced the world’s best bulls.

Will Johnson Says...

Another year has passed since the 1946 Edelwyn Farms sale. The record of Edelwyn Farms' Shorthorns continues to grow. An Edelwyn bred bull, Edelwyn Campeon Mercury, sired the grand and reserve grand champions, at the most recent International stock show. For the fourth time in succession the International Congress show was topped by a bull from the Edelwyn consignment. Throughout the length and breadth of North America, cattle of Edelwyn breeding have been preeminent.

It seems almost incredible that any herd that has reached the top in intrinsic excellence and in public estimation could continue to improve without interruption year after year. Yet Edelwyn Shorthorns have done just that and the sale offering this year is a reflection of that improvement. Never before were there eighteen as good bulls and twenty-three as admirable females sold in one sale as are these that are listed in this catalog.

Edelwyn Farms remains the source of the best Shorthorns that can be purchased. The best of Edelwyn productions will be sold in this sale.
