Scope Note

The Jazz Subject Files Collection is divided into three series: Series I, Musicians and People; Series II, Events and Venues; Series III, General.

Series I, Musicians and People, contains press kits, photographs, postcards, fliers, announcements, articles, calendars, obituaries, and other ephemera about members of the jazz community. The people documented in these files are primarily musicians and bands, but also

include photographers, artists, club owners, conductors, writers, historians, collectors, producers, record company owners, and composers. Most of the musicians and groups represented are from or play in Chicago.

Series II, Events and Venues, series contains fliers, posters, announcements, articles, postcards, calendars, programs, buttons, and other ephemera related to jazz events, festivals, concerts, exhibits, performances, clubs, cafes, restaurants, museums, universities, libraries, parks, and other venues hosting jazz events. Subseries I, Chicago, contains ephemera for events and venues in the Chicago metropolitan area. Subseries II, Non-Chicago, contains ephemera for events and venues mostly in the United States but also Europe and South America.

Series III, General, contains articles, correspondence, brochures, announcements, record catalogs, calendars, newsletters, and other ephemera related to jazz record companies, radio stations, jazz studies programs, and organizations. There are articles on Chicago jazz, clubs, neighborhoods, history, and other stories related to Chicago and its place in jazz. There are also articles on general jazz history, as well as jazz books, films, and television.

This collection is open and the Chicago Jazz Archive continually adds material.
