Biographical Note

The Rev. William Eleazar Barton (1861-1930) was one of the early twentieth century's most prominent writers and lecturers on the life of Abraham Lincoln. Born in Sublette, Illinois, in the same year Lincoln assumed the presidency, Barton grew up in an environment heavily influenced by reverence for Lincoln. After pursuing undergraduate studies at Berea College in Kentucky, Barton earned his divinity degree from the Oberlin Theological Seminary in 1890. He served parishes in Tennessee, Ohio, and Massachusetts before becoming the pastor of the First Congregational Church of Oak Park, Illinois, a position he held until his retirement in 1924. Four years later, Barton accepted an appointment as lecturer at Vanderbilt University, Nashville, Tennessee, where he also organized and served as pastor of the Collegese Congregational Church.

Barton's work as a writer produced a number of denominational manuals for church organization and a series of books presenting the wisdom and parables of a character he named Safed in Sage. For the last ten years of his life, however, Barton was best known to the public as a prolific author and lecturer on Abraham Lincoln. His publications about Lincoln included *The Soul of Abraham Lincoln* (1920), *The Paternity of Abraham Lincoln* (1920), *The Life of Abraham Lincoln* (1925), *The Great and Good Man* (1927), *The Women Lincoln Loved* (1927), and *The Lincoln of the Biographers* (1930).

In the course of compiling material for his writings and talks, Barton visited Lincoln sites in Kentucky, Indiana, and Illinois; interviewed surviving Lincoln relatives and acquaintances; and traveled as far as California and England to collect information and conduct genealogical research on the ancestry of the Lincoln family. While acquiring a large collection of books, periodicals, pamphlets, manuscripts, and ephemera related to Lincoln and the Civil War era, Barton also purchased privately or at auction historical materials amassed by other Lincoln collectors such as John E. Burton and Osborn H. Oldroyd.
