Descriptive Summary

Identifier	ICU.SPCL.ZOOLOGYDEPT
Title	University of Chicago. Department of Zoology. Records
Date	1922-1938
Size	2 linear ft. (4 boxes)
Repository	Special Collections Research Center University of Chicago Library 1100 East 57th Street Chicago, Illinois 60637 U.S.A.
Abstract	Established in 1892 as the Department of Zoology and Paleontology and reorganized as the Department of Zoology in 1893. The Records contain correspondence, financial and budgetary records, reports, minutes, course announcements, and examinations. Includes correspondence of department chairman, C.M. Child (1931-1934). Material relates to the administration of the department, curriculum, appointments, scholarships, and fellowships.

Information on Use

Access

No restrictions.

Citation

When quoting material from this collection, the preferred citation is: University of Chicago. Department of Zoology. Records, [Box #, Folder #], Special Collections Research Center, University of Chicago Library

Historical Note

The Department of Biology was founded in 1892. Before the end of the University's first year of operation, this department was subdivided into the departments of Zoology, Anatomy and Histology, Physiology, Neurology, and Paleontology.

Scope Note

This collection consists of four boxes of material, which originated in the Zoology Department during the years 1922-1938. As of this date the collection is somewhat fragmentary.

The first box contains correspondence. The majority of these letters pertain to the period, 1931-1934, when Dr. C. M. Child was chairman of the department. Especially interesting are Child's letters to his Japanese associates regarding his trip to Japan in 1930.

Departmental, financial and budgetary records, 1923-1937, fill the second box. Correspondence of a perfunctory nature concerning appointments, scholarships, fellowships, and assistantships, 1922-1938, is contained in Box 3. Box 4 holds miscellaneous reports and records of meetings and examinations.

This material was deposited in the library by the Zoology Department in January 1966.
